

**SCHOOL NOTES**

Last Friday the faculty of Ontario High School gave a comical imitation of the Whitman College Glee Club for the entertainment of the students during assembly period. The quartet consisted of S. M. Boucher, L. L. Culbertson, Carl Lathrop and J. M. McDonald. Mr. Boucher opened the entertainment by a humorous introduction of what he called the "Whit-man quart-et." The "quart-et" then sang several songs among which was the well known song entitled "Three Blind Mice." They were accompanied by Miss Dantson on the piano. Mr. Boucher and Mr. Thomas then demonstrated their

musical ability on the peckhorn and cornet. Next followed a cornet duet by Mr. Lathrop and Mr. Thomas. The entertainment was brought to a close when Mr. Boucher announced that the next number on the program would be to adjourn for lunch. Mr. Lathrop and several students from the Ontario High School attended the track meet held at Payette last Saturday, but because of insufficient practice none of the boys were entered from Ontario. The only schools represented beside Payette were Vale and the Intermountain Institute. Payette won the silver cup, having 54 points, the Intermountain Institute, 55 and Vale 11. The Cadets were given preliminary exercises and instructions for target practice Monday. It is expected that spring target practice will begin Wednesday. A medal will be given

for the best marksman, and another will be given to the best drilled cadet. Mr. J. J. Handsacker, director of the Near East Relief spoke at the High School Tuesday forenoon. He delivered a very impressive speech on the condition of the homeless and starving children in the Near East. He told of his experiences at Alexanderopol and other places and of the thousands of children dying for want of food. He stated that America was doing more than any other nation at the present time to relieve the sufferers but not all that she could do. Friday the ladies of the faculty will entertain the students during assembly. The Senior class is now at work upon the class day program. The various numbers will be announced later.

**Something New in Battery Service**

**"WESTINGHOUSE ATTENTION"**

Thousands of new car owners are having their "eyes opened" to what real Battery Service is. "Westinghouse attention" is the latest thing in the way of Service to them. It is unlike anything ever offered to you before. It is designed to make your battery, regardless of its make, to give a maximum service and its features include many things other than the mere adding of distilled water to your battery.

Nearly two thousand of the leading battery stations in the United States are giving "Westinghouse Attention" today. Half a million car owners are profiting thereby—and are realizing what this service means to them.

You can have "Westinghouse Attention" in your town. Your battery man can place himself in a position to not only give it to you but to build a splendid business for himself. Ask him about it and, for full particulars, suggest that he write us.
