

KINGMAN KOLONY

Summary of weather conditions for the month of May, 1922 from the U. S. Station at Kingman Kolony on the Snake river: Maximum temperature 88, minimum 25 degrees. Precipitation 52 hundredths of an inch.

The Kolony Canning club will meet at the Elliot home Thursday, June 15th.

The Pig club spent last Thursday stock judging. The members of the club are showing a lively interest in the work.

The club ball team played a mixed nine last Friday. The score was 21 to 19 in favor of the club boys.

Misses Elsie Elliot and Ruby Moses will entertain Tuesday evening, June 6th, at the Moses home in honor of the 17th birthday anniversary of Miss Zena Moses.

Messrs. A. G. Kingman, F. T. Morgan and H. R. Otis attended the alfalfa spraying demonstration near Ontario last week.

The Children's day program will be given at the Sunday school at 10:30, June 11th.

At the regular P. T. A. meeting, June 2nd, the president appointed chairmen of the several committees as follows: Program committee, Mrs. C. Martin; membership committee, Mrs. W. Nichols; social committee, Mrs. H. Johnston; press committee, Mrs. T. Morgan; legislative committee, Mrs. R. Overstreet.

On Saturday evening, June 3rd, occurred one of the most delightful evenings of the summer, when the Conrad Martin home for a reception for Mr. and Mrs. C. M. Beaumont. Music was enjoyed during the evening and the lawn illuminated by gay lanterns, was the scene of games by young and young old people. Delicious refreshments were served late in the evening.

Beaumont-Nebelsieck
Mr. C. M. Beaumont, of Kingman Kolony and Miss Emma Elyna Nebelsieck of Moscow, Idaho, were married at the home of the bride's sister, Mrs. Conrad Martin, at noon on Wednesday, June 31. Rev. Welch of Roswell officiating.

Miss Nebelsieck is not a stranger in the Kolony, having made many friends here during visits at the home of her sister.

Mr. Beaumont is one of Malheur county's most prominent and highly esteemed ranchers.

After a short trip, Mr. and Mrs. Beaumont will be at home on their Kolony ranch.

FOR RENT—Section of good pasture—horses \$2.00 per month for short time. If left for entire season \$1.75. Yearlings \$1.50. 3 1/2 miles straight west of Ontario. No stock removed until settled for. C. W. Garrett.

Green Olive Relish
The recipes of dietitians who can compose novel foods are in great demand, for every hostess delights in placing an unusual dish before her guests. Here is one of the most tasteful relishes of the 1922 compositions. The saltiness of the green olives blends with the cabbage, celery and beets in a manner that can be appreciated only by sampling.

One cup stoned Spanish green olives (chopped), one cup chopped young cabbage, one-half cup celery cut in rings, one-half cup finely diced cold boiled beets, one-half cup French dressing, one-quarter cup sugar, one tablespoonful mixed salt, pepper and paprika. Mix these ingredients, chill, and serve with meat course. This relish may be prepared in twenty minutes and will serve seven or eight.

BOYS' AND GIRLS' CLUBS WILL BE BUSY IN SPITE OF VACATION

Summer Activities Numerous—New Clubs Forming While Older Members are Completing Projects

Report of County Club Agent for May, by H. R. Wellman

During the month of May, nearly every stage of club work from organization to achievement day was being carried on, according to the monthly report of H. R. Wellman, county club leader. May completes the organization work with the possible exception of a canning club.

Four girls at Bonita have organized a Sewing club. Violet Lees, who will also take up Division II work, will be the local leader. This club will enjoy the singular advantage of having a state winner in sewing for local leader. Miss Lees, it will be remembered, won first prize at the state fair in Division I, sewing in 1920.

There has been a great deal of favorable discussion regarding the organization of a Canning club at Riverdale, but no definite steps have yet been taken. It seems to be the opinion of several mothers, since reading about the poisoned family that all canned vegetables are poisonous or at least dangerous.

Six Dairy Herd Record keeping clubs have completed their work and 32 of the members have filed their final report at the office. The clubs which have filed their final reports are as follows: Jefferson, 3 members, 100%; Oregon Slope 5 members, 60%; Vale 13 members, 93%; Big Bend 7 members 100%; Upper Big Bend 4 members 100%. The White Settlement have not yet sent in their final reports, but it is expected that 5 members will finish the work.

The Sewing club at Nyssa, under Mrs. Cecille Reynolds, have sent in 35 final reports. This club was started in January and met every Friday afternoon until school was out. The Sewing clubs at Malheur, Ontario and Upper Big Bend are nearly thru, but have not sent in their final reports.

A good many of the Cooking club members at Riverdale, Oregon Slope and Big Bend have completed their project and it is expected that each of the clubs will finish 100%.

Pig Clubs
All the members of Pig clubs at Riverdale, Jefferson, Brogan and Kingman Kolony have secured their pigs. Several of the club members at Oregon Slope and Malheur are still looking around but will probably have their pigs within a few days. Over half of the members got registered animals. The Poland China seems to be the favorite, but there are several Duroc Jerseys and Chester Whites.

Several days were spent with the various clubs in judging work. Preliminary work with the score card was emphasized.

Poultry Clubs
Four days were spent with the Poultry clubs at Moores Hollow, Valley View, Ontario and Vale. The Moores Hollow club visited the Larson poultry farm in Idaho. Meetings were held with each of the other clubs, and 18 personal visits to poultry club members were made.

Corn Clubs
One meeting was held with each of the Corn clubs at Big Bend and Upper Big Bend. The Big Bend Corn club reports a membership of 16. They are all getting well started with their work. Mr. Vern Eeachus is local leader. Mr. Ed. Wilson, local leader of the Upper Big Bend club reports that three additional members wish to join the club, making a total of 11.

OREGON'S HOG SITUATION SHOWS DEMAND FOR SOWS

Efforts Being Made to Conserve Hog Breeding Stock—Live Hogs Being Brought to the State From Middle Western States

The following statement concerning the hog situation in Oregon by C. M. McAllister, field man for the Union Stock Yards of Portland will interest Malheur county hog raisers for there are many ranchers raising hogs this year who did have a rogn on their ranch last year. Mr. McAllister says:

"We are all familiar with the fact that there is a serious shortage of hogs in Oregon as well as other states of the Pacific Northwest. We have been aware of the fact that large shipments of live hogs have been brought into the Oregon market centers from as far east as the Dakotas and Kansas. It has been apparent for some time, especially since the price of wheat has come down that the farmers of Oregon can profitably go into the raising of hogs for market. It may be interesting to review at this time what has been accomplished in the way of increasing hog production in Oregon in the past two or three months."

"Around the first of the year it was comparatively easy to assemble a carload of breeding sows for sale; in fact several such sales were held, and wherever good breeding sows were offered in a sale, they brot prices satisfactory to the seller as well as the buyer. It is apparent now that brood sows have been scattering out over the farms of Oregon, not only through carload sales, but in sales of one, two and three head, with the result that at the present time it seems next to impossible to find a brood sow that is for sale. Apparently so far as the supply of brood sows in Oregon is concerned, they are all being put to maximum use. In the past two or three months quite a large number of good quality brood sows have gone through the Portland Union Livestock market to the killers. Steps have been taken now by the Livestock Exchange and the Portland Union Stock Yards Company whereby no good piggle brood sows are allowed to be killed, but whenever offered they are picked up and put in a special division in the stock yards where they are immunized and held for sale to the farmers of the Pacific Northwest at practically pork prices. Quite a business is being done in these brood sows at the stock yards at the present time. On account of so many hogs arriving at the market, it will be

probably possible to assemble as many as a carload of these brood sows on fairly short notice. This indicates that every effort is being made to conserve the hog breeding stock of Oregon at this time. It is possible that the point may be reached where it will be necessary to bring in brood sows from outside points because the demand is so strong. Here is an opportunity for farmers living within a radius of fifty miles or so of the stock yards at North Portland, and who want one or two piggle sows, to get what they want at a reasonable price."
