

**OWYHEE**

Mrs. Ruth Klinefelter of Wilder was a business visitor in the community last week, having accepted the Owyhee school or the coming term.

Don't forget the school election June 19th. Two board members and a clerk are to be elected, and every patron of the school should feel it his or her duty to be present, instead of "letting George do it," as is too often the case.

Cherald Green of Nyssa, is a guest at the Fenn home this week.

Warren Fenn plastered a room for C. C. Cotton of the Kolony last week.

Fred Klingback and Louis De Bord motored to Ontario Friday where they attended the alfalfa weevil meeting. Kenneth McDonald went as far as Nyssa with them, where he spent the day at the Benton home.

Alice and Johnny Glascock are up from Ontario for a week's visit with their father.

Word has been received that Mr. and Mrs. W. M. Brown of Chico, Calif., are the parents of a daughter born April 27. Mrs. Brown will be remembered as Maudie Clark, daughter of Isaiah Clark and granddaughter of Mrs. A. C. Bradley.

Violet Whipple of Nyssa, is helping at the Rippey home during hay-ing.

Mr. and Mrs. Orville Smith, who has been visiting at the DeWitt home, left Monday for their home at Nampa. Mrs. Smith will leave soon for southern California where she will practice her profession of Chiropractic doctor, near Los Angeles.

Mrs. Merle Boswell of Vale, is spending the week at the McGinnis

home. Miss Marian Lowe, who is leaving soon for New Jersey where she goes as a delegate for Whitman college to the National convention of Delta Gamma, has arranged her schedule so that she will be able to visit her parents, Mr. and Mrs. T. M. Lowe, for one day enroute.

Victor Kennedy of Cairo, spent last week as guest of his aunt, Mrs. G. W. Kaylor and family.

E. F. Pratt of Jamieson, made a visit to the DeBord ranch Thursday. He stated that Mrs. Pratt is teaching a summer term of school at Ironside, and that he and his son, Louis are ranching near Jamieson, for the summer, after which they will all go to Ironside to live, as Mrs. Pratt's school is a nine month term.

Miss Bernice MacLafferty, who is a student at the Adventist college at College Palace, Wash., returned home Friday to spend her vacation with her parents.

Mrs. Chas. Schweizer conducted the second final examination for Owyhee and Warren Friday, given for the benefit of pupils who did not pass all the subjects in the first examination.

The bridge over the Skinner waste-way, which has been unfinished for nearly two months was recently completed.

Geo. Kaylor sold a bunch of steers to the Payette butchers Wednesday.

Fred Klingback and family went to Ontario Thursday on business. They were accompanied by Miss Mildred DeBord, who spent the night at the F. A. Everett home, after which she left overland on a trip to the O. A. C., in company with Mr. and Mrs. H. R. Wellman.

Misses Bernice Fenn and Cherald Green visited Thursday at the home

of Mr. and Mrs. Allen Green. Clyde Benton of Nyssa, who spent the past week visiting with relatives and friends on the Owyhee, returned home Thursday.

**CLUB NOTES**

**Pig Clubs Take Up Judging Work**  
Three of the Pig clubs have started on their judging work. The county club agent met with them last week and preliminary work was taken up.

The Malheur Pig club met at Mr. Warsham's at 10:30 a. m., on Monday. Three dairy calves were inspected and the difference between the dairy and beef breeds considered. At noon a picnic lunch was served, the main feature of which was the ice cream and cake. In the afternoon the club visited Mr. Woodcock's ranch and spent considerable time in looking over the Poland China pigs. The members present were Arthur Bronson, Leslie Wallace and Harlin Robinson and Mr. Warsham, local leader.

**Brogan Pig Club Meets**  
Nine members of the Brogan Pig club were present at their meeting on Wednesday. In the morning a class of brood sows and a class of fat hogs were judged. In the afternoon a class of dairy cows were placed. In each class one animal was selected and the various points of strength or weakness carefully considered. The boys then placed the animals as they thought best and have their reasons for the decision. The correct placing was then given. The following people were present: Harold Grabner, Elwin Smith, Dick Davxis, Jack Engalnd, Charlie Smith, Joe Davis, Neil England, Charles Rettig, J. A. Smith, local leader, and Mr. Wellman.

**Kolony Club Scores Cows**  
A special meeting of the Kingman Kolony Pig club was held on Thursday. The first stop was at Mr. Elliot's. There are four Pig club members in this family, and they are raising two pure Poland China gilts and four Chester Whites. The club then went on to Mr. Martin's and took up in detail the judging of dairy cows by means of score cards. Those present were: Eddie Powell, Cora, Floyd and Bill Elliot, Dorothy Parsons, Merritt Greeling, Robert Overstreet, local leader, and H. R. Wellman.

Members of the poultry club at Ontario, Vale and Valley View met at A. B. Cain's poultry farm on Friday. Mr. Cain took the club members over his plant, explaining the brooder, housing, care of baby chicks, feeding, etc.

Merritt Greeling purchased a registered Duroc Jersey boar of Mr. Turner.

Dorothy Parsons sold a registered Poland China Gilt to Neil England.

**SUGGESTIONS ON WEEVIL CONTROL TO LESSEN DAMAGE**

The damage to the second crop alfalfa may be lessened to a great extent if the field is dusted thoroly after the first crop is out. Many of the hay growers are cutting the crop early in the hopes of heading the weevil off. The effect of this will be to start the worms eating on the second crop buds unless they are destroyed, and the second crop will be delayed for several weeks. If the land is already dry and reasonably loose it can be dragged with a spiketooth harrow the teeth tilted back and several thicknesses of wire fencing placed underneath, the rig being rode by the driver standing on a plank laid crosswise on top of the harrow. If the land is soddy and hard, it should be loosened with a springtooth harrow and then dusted. The worms are killed by being rolled in hot dust. This method has been practiced for 20 years in Utah. The objections to it is the practical loss of the first crop which should be the largest and most valuable of all, really making up about 50% of the feeding value of a normal yield.

Many fields have been reduced in stand through the work of the weevil until it would seem desirable to sow something in to increase the yield of hay in the second crop. In such cases Sudan grass is probably about the best thing to use as it matures quicker than any other high yielding plant. About 8 pounds of seed per acre is considered a full seeding. This amount could be cut down in accordance with the amount of alfalfa. By seeding ahead of the harrowing operations and following up with irrigation no trouble should be experienced in getting a stand. Cutting might need to be delayed slightly until the Sudan grass had formed seeds in order to get the most value out of it as the plant, like others of the sorghum and corn family forms the valuable

sugars and carbohydrates during the latter stages of growth.

L. R. BRIETHAUP  
County Agricultural Agent.

**BUREAU TO AID EX-SOLDIERS**

For the purpose of having every ex-service man in Ontario protected by Government insurance, an intensive drive to secure applications for veterans' insurance amounting to at least \$50,000 is being held there 12 to 17 inclusive, according to Kenneth L. Cooper, manager of the United States Veterans' Bureau here. This amount if secured, will swell the state's insurance total, the goal to be striven for being \$2,000,000, he stated. The campaign is limited to the Pacific Northwest District of the Veteran's Bureau and it is expected that more than \$5,000,000 in War Risk insurance will be reinstated or converted by veterans during this period.

American Legion posts throughout the entire district are planning to cooperate actively in making the drive a success. Norman W. Engle of Seattle, northwest representative of the National organization of the Legion, has sent communications to many of the posts urging them to form drive committees to help carry

on the campaign. He stated that service men of Ontario may make application for the Government insurance, either through the local post and the State Department of the Legion, or the U. S. Veterans' bureau in Portland, Ore.

**CENTRAL COMMITTEE MEETING**

To the Committees of the several Precincts of Malheur County: There will be a meeting of the County Republican Central Committee held in Vale, on the 17th day of June, (Saturday) 1922, at the hour of 2 o'clock p. m. at which time there will be elected a Chairman, Secretary-treasurer of said Committee, and also to take any action the meeting may desire in regard to the present Direct Primary Law, and such other business as may come before the meeting.

Geo. W. Hayes,  
County Chairman.

Time to Re-tire?  
(Buy Fisk)  
Trade Mark Reg. U. S. Pat. Off.

**RED-TOP 30 x 3 1/2**

Extra Ply of Fabric—Heavy Tread

Price \$17.85

FOR poor roads, for heavy loads, for hard use anywhere the Fisk Red-Top cannot be equaled for small cars. An extra ply of fabric and a heavy tread of extra tough red rubber make a strong tire built to meet exacting conditions.

Time after time one Red-Top has outworn three ordinary tires. Its distinctive looks indicate your selection of a high-grade tire while its extra mileage more than justifies your choice.

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon

**Banking Service**

We have three officers who have lived in this county for at least FORTY years. Our other officers have lived here several years, and we think our experience can be of value to citizens of this community. We are to be of service wherever possible, and will be glad to talk over any business or any financial problems with you.

**Ontario National Bank**

Oldest Bank in Southeastern Oregon

When you look at a  
**30 x 3 1/2 USCO**  
at \$ 10.90

**Y**OUR tire dealer is naturally enthusiastic when he shows you the 30x3 1/2 USCO at \$10.90.

To him USCO has always represented a tire value that he felt more than justified in offering his customers.

At the \$10.90 price he can hardly be blamed for putting it to the front as the value he would most like to be remembered by.

This much to keep in mind—

United States Tires are Good Tires

Copyright J. S. Tire Co.

USCO has always sold as a quality tire of known standards and performance.

Today at \$10.90 it fixes the worth of your tire dollar at a new maximum by reason of its own distinguished values.
