The Newest Fall Millinery \$9.98 to \$12.75

At \$9.98 to \$12.75—Stylish head wear that cannot be judged by the price. In our millinery markings we consider how little we can sell our hats for, rather than how much we can get for them. This, in spite of how much style and chicness the hat may have. So at these prices you find hats that have a world of style—have that little "touch" that makes a "hat" out of a "covering for the head." Why speak of materials and trimmings when they're all so entirely different from one another?

An assortment of good looking, inexpensive hats of Duvetyns, Lyons and Panne Velvets made up with roll, straight and drooping brims in sport effects. Trimmings consist of metallic braid and ornaments, also yarn embroidery and self bows. **\$5.98 to \$7.95** In this are to be found hats of excellent quality of workmanship and material. Materials include Lyons and Panne Velvets, Duvetyns and Felts. These hats are cleverly and artistically trimmed with elaborate metal ornaments, chenille embroidery, ostrich pompoms, and tinsel braid.

Envelope Chemise Special \$1.29

Made of extra fine batiste, daintily trimmed with lace, ribbon and hand embroidery. Made with bodice tops. A special purchase and an extra special value. These garments would ordinarily sell for much more money. Our price **\$1.29**
