THE ONTARIO ARGUS, ONTARIO, OREGON, THURSDAY, NOV. 2, 1922

In these days of high prices and advanced living costs you have a double incentive to save. The savings bank account of today represents the foundation of many a fortune of tomorrow. Building up a reserve is not difficult after you have begun it, but the important thing is the start.

We invite you to make that start with us.

Governments cannot rightfully take them away

MERICA has always stood for the protection of natural and inalien-able rights, among which none is so sacred as that of parents over their children.

ABRAHAM LINCOLN said: "The Family is the corner-stone of social order and the guarantee of public safety. No Government can take the place of the Parent, and should never be permitted to usurp it." (Speech at Quincy, Ills., 1859.) The results of the campaign against the so-called Compulsory Edu-cation Bill, which is in fact a Bill to Establish State Monopoly of Education, may be grouped under two heads:

Facts demonstrated

The FACTS DEMONSTRATED, no longer seriously disputed by anybody, are these

That the Bill was given a False Title, to mis-lead the public and deceive the voters

That it in no respect pretends to improve the existing law as to the Public Schools, but simply destroys the Private Schools.

That not one cent of public money goes to the support of any private or parochial school in this State, or ever has, or ever can, under the plain prohibition of the Constitution and laws

That it will increase taxation at least \$1,000,000 each year, and require from \$3,000,000 to \$4,000, 900 investment in new public school buildings. That it vests in the County Superintendents ar

That it will prevent parents from educating their children in private schools both inside and outside of the State, as they cannot even send their children elsewhere to be educated. That so far from being united in support of the Bill, the Masonic Fraternity in the State is di-vided, many of the leading Masons are openly opposed to it, and the Grand Master of the State Grand Lodge has publicly denied that the Grand Lodge indorsed it.

Vote 315 X NO against School Monopoly Bill

Named on the ballot, Compulsory Education Bill

Paid Advertis

State Monopoly of Schools would cost-

In taxes— Over \$1,000,000 a year for operation Over \$3,000,000 for buildings and grounds

THE first cost of state monopoly of schools would be something over three million dollars for new buildings and grounds. We would have to pay a yearly tax of over one million dollars for operation in addition to what we are paying now.

They propose that Oregonians pay this bill for "Real Americanism." But it is not Americanism to take away the right of the parent to control the education of the child.

They propose that we pay this bill to have "Computsory School." But we actually have compulsory school right now under the present law.

Be not deceived. What this burden of added taxes will go for is an experiment in education along communistic lines-the substitution of state monopoly in education for parental guidance. Russia is trying this experiment. Let us profit by her failure. Let us maintain our democsacy and save millions of dollars.
