Tell The Enterprise

At the Malheur Enterprise, in order to be the newspaper of the people of the Town and Country in every respect, it behooves us constantly in every issue to try to make use of its space for the expression of the views of the people in the shape of letters.

As a proposition we feel the quality of such communication the names of the writers must accompany many more printed or published. It is also

The Malheur Enterprise, leading medium in the area, and the Malheur Enterprise not liable for the opinions expressed therein.

EASTERN OIL, OIL AND GAS COMPANY

Malheur's Finest Oil Producing Region

Malheur's finest oil producing region. When the President of the Company, Mr. O. C. N. Taylor, who has been a pioneer in this industry for many years, has been to the first thousand barrels, the effort to limit production will be discontinued. At this time the company has no intention of limiting production.

If we were to stand today in one of the richest Malheur oil fields, and if we were to scratch the earth and see what lies beneath, we might throw a box with oil in it. This would be an indication of the richness of the oil. We would like to have this box filled with oil, and that is what we are trying to do.

The money earned by the oil field is not lost, but is used for the benefit of the company and the community. This is the reason why the oil is not used for the benefit of the company. But there is another reason why the oil is not used for the benefit of the company.

The company is trying to follow the law and the law is the law. The company is not trying to break the law, but it is trying to follow the law.
