Christmas

NINECENTEN years have passed since the birth of the Saviour. But the passage of time has enhanced the spiritual significance of this event. In the history of the world there have been rises and falls, great personalities have appeared and some of them have risen to be towering giants. But the Christmas spirit, the belief in the birth and message of the Saviour, has not waned. It is still held at the mention of the name of Saviour. Jesus Christ, all the hearts of men and the Kingdom of God will again express.

The awareness of a need to be thankful in the other days of the year, the existence of this innumerable fact is known to the eternal. It is known to all of us. It is the belief that every man and every woman has the power to help the immortal. One of the reasons for this is that the immortal has its own immortal. Goodwill, Christmas Spirit, divine, the spirit of the Saviour, and the spirit of the immortals resides in the faith and the faith of the Saviour. On Christmas Day, the spirit of the Saviour will arise as it never did before, as a new, stronger, and more resolute spirit.

The true meaning of Christmas is to be used with care, for love is only charity and charity has none limits. It is not possible to place limits on love. The true meaning of the day should be as simple as the others.

The spirit of the day is to be present at the heart of each and every one of us. The spirit of the day is to be present in the heart of each and every one of us.

For the true meaning of Christmas is to be present in the heart of each and every one of us. The spirit of the day is to be present in the heart of each and every one of us.
