### JUDGE GRANT B. DIMICK OREGON CITY, OREGON

#### DIRECT PRIMARY CANDIDATE FOR REPUBLICAN NOMINATION FOR GOVERNOR

Judge Dimick was born in Marion county, Or., March 4, 1869; elected mayor of Oregon City in 1899 and re-elected for four successive terms; elected presidential elector on the republican ticket in 1904; elected county judge of Clackamas county on the republican ticket in 1906.

I stand as a firm defender of the direct primary law and Statement No. 1, as enacted by the people of the state of Oregon by one of the largest majorities ever given an initiative measure, and also the initiative and referendum, for the reason that it is a safeguard to the rights of our people and has been the means of giving to the people of our state valuable legislation.

I have pledged myself to the people of the state of Oregon that if elected, I will, during my term of office, fearlessly and honestly, and see that all laws are strictly enforced.

That I will oppose any attempt by the legislature to destroy the primary nomination law or the initiative and referendum.

That I will oppose all extravagant appropriations of public funds, and also the creation of additional salaried offices, boards and commissions.

I am in favor of constantly improving our public school system so that it will be the pride of our state, and give to the children in the rural districts longer terms of school each year without too great a financial burden upon the parent.

We are now compelled to raise by direct taxation seven dollars per pupil for every child between the age of four and twenty years, and in addition thereto we get nearly two dollars per pupil from interest derived from the irreducible state school fund, but we find that those sums are wholly insufficient to properly conduct our public schools and we are compelled to raise additional amounts by special tax in the several districts.

Now to overcome that difficulty, I am in favor of amending our present inheritance tax law so as to have a good strong, equitable inheritance tax and the amount of revenue derived therefrom to go into the public school fund of the county in which the property of the deceased is located.

In order to further assist our public schools I am in favor of changing the law so that all corporation license fees, corporation organization fees and all fees now collected by the secretary of state and state treasurer be set aside as an additional school fund and distributed annually to the public schools of the state in the same manner as the interest derived from our irreducible state school fund.

I believe that the whole expense of state government should be raised by direct taxation in the several counties of the state, so that if the legislature becomes extravagant in making excessive appropriations and in the creation of unnecessary berths of salaried officers, boards and commissions, that the extravagance of the legislature will be immediately felt by the taxpayers in the several counties, and economy in public affairs will then become a live issue in state and county politics.

I am a firm believer in the improvement of our public highways and believe that we can accomplish more along those lines by placing that work under the supervision of good, competent road engineers, as under our present system a large part of our road fund is squandered.

Improved roads should first be built from the shipping points and market centers into the interior of the counties so that the farmers and taxpayers will reap substantial benefits from the funds expended thereof.

Counties should have rock crushing plants enclosed by stockades so that county and state prisoners can be used and guarded at small expense and the product of those plants used in the improvement of our public roads.

I am opposed to hiring out our state prisoners to private parties to manufacture commercial products that are sold in the open market in direct competition to commercial products made by honest labor—(Paid Adv.)

#### ORDINANCE NO. 65

An Ordinance regulating the storing of combustibles and explosives, and providing a penalty for violation of the same.

The City of Vale does ordain as follows:

Section 1. That it shall be unlawful to keep in any ware house, store house, out house, basement or cellar, any Dynamite, or Giant powder of any make or brand; within the corporate limits of the City of Vale, and it shall be unlawful to keep in either of the places or buildings mentioned any coal oil or gasoline or any other explosives in any greater quantity than ten gallons provided, that any merchant, dealer or other person may keep on hand at one time blasting powder, (black powder) a quantity not exceeding fifty pounds.

Sec. 2. It shall be the duty of the City Marshal to immediately inform any and all persons who keep, own, store or deal in any of the explosives or combustibles mentioned in section 1, of this Ordinance, to remove the same beyond the corporate limits of the City of Vale, within two weeks, after the passage of this Ordinance.

Section 3. Any person who violates any of the provisions of this Ordinance shall be punished by a fine of not less than \$10.00, nor more than \$50.00, for the first offence, and for each succeeding offence shall be fined not less than \$100.00 nor more than \$200.00.

Sec. 4. In as much as there is great danger of the City being destroyed by fire, by reason of storing of the combustibles, and explosives mentioned in Section 1 of this ordinance, and the peace, health and happiness of the City demands, an emergency is hereby declared to exist, and this Ordinance shall be in full force and effect on and after its passage by the Common Council, and approval by the Mayor.
