BOB ODELL ALWAYS "GETS THERE"

Says Jordan Valley Express—Has Carried Successful Campaign Against Horse Thieves

Robert Odell, our present efficient sheriff, was in Jordan Valley during the first of the week, attending to business matters, and incidentally looking over the political situation. That Mr. Odell has made a good sheriff cannot be denied, and as he has made an active and successful campaign against cattle and horse thieves, the stock men over the country are his strong supporters, irrespective of party. His recent successful chase after the thieves who drove off a large bunch of horses from the range, has shown that he not only means business, but that he "gets there." That Mr. Odell will be elected by a large majority is a fore-gone conclusion.—Jordan Valley Express.

JOHNSON, A FRIEND OF THE PEOPLE

There are three candidates in the field for Representative from Malheur and Harney counties—W. H. Brooke, machine man, endorsed by bosses of the assembly movement, which is fighting all the interests of the people, the direct primary, and all laws benefitting the people; Thos. E. McKnight, democratic nominee favoring direct primary, initiative and referendum; and J. Edwin Johnson, socialist nominee standing on a progressive platform, advocating progressive laws, the direct primary, initiative and referendum, recall and corrupt practices act.

J. Edwin Johnson's announcement in this issue shows clearly where he stands. He is a direct primary advocate, a man well known and respected in Malheur and Harney counties and thoroughly acquainted with the wants and conditions of the people. Johnson is a young man who has grown up in this district, he understands the needs of the stockmen, having been a stockman himself; he understands the special wants of the ranchers and as an engineer has given the great question of irrigation a thorough study; he is especially qualified to represent a farming district. When such a man is up for a representative office, parties are not to be considered by progressive electors.

Thos. E. McKnight

Candidate For Representative,
Announces Platform of Principles

Vale, Ore., Nov. 1910.

TO THE VOTERS OF THE 27TH LEGISLATIVE DISTRICTS:

Having submitted my Candidacy to the Direct Primary on Sept. 24, and as a result of that election having received the Democratic Nomination for Representative to the Legislature from this District, I cannot but deem it proper to acquaint you with some of the reasons which justify my appeal for your support at this time.

In my judgement the reciprocal obligations between the People and their Representative renders it essential on the one hand that they know him, and on the other that he knows them; but you will appreciate that in a District so large as this (being the largest in the State) it would be impossible for me or any other Candidate who seeks your suffrage to meet all in person, as I should so much like to. Therefore I will here briefly submit for your consideration the principles upon which I ask the support of the people of this District at the ensuing election as follows:

My Platform

To maintain as a part of our system of state government, the Direct Primary law, including Statement No. 1, the Initiative and Referendum, Recall and Corrupt Practice act.

I will at all times stand for such progressive laws as are necessary to safeguard the interests of the people, and the up-building and prosperity of the state of Oregon. My actions will be governed by the expressed will of the people and their desire will be final in determining what action I may take upon public questions.

I shall advocate such laws as will tend to raise the standard of our public schools, the foundation of our educational system. 96 per cent of all our children receive their entire education in the public schools, and this branch of government is too important to be neglected as it usually is.

I will favor laws for better roads, and believe that the state should aid in their construction and improvement. The interests of my district will receive my special attention, and my motto will be, "To Serve All the People All the Time."

First and foremost, I believe in the Sovereignty of the People and if elected it will be my aim at all times and in all places to respond with every energy, and with my best judgment to the care of the interests of the people, whose Representative for a time I shall be.

Having full confidence in the good judgment and integrity of the Voters of this District, to them I submit my Candidacy.

Respectfully Submitted,
Thos. E. McKnight.

THOS. JONES THE POPULAR MAN

The name of Thos. Jones for County Treasurer, is heard on every hand among the voters of Malheur County. Thos. Jones was given a big vote on the Democratic ticket at the primary election showing that he is the man wanted for the office of county treasurer. Since then his republican friends have jumped into line and are talking Jones all the time. Politics and parties have nothing to do with this office, it is only man against man and Thos. Jones is qualified to fill the place—being an expert office man who need not hire some one else to look after the clerical duties of that office, but always give it his personal attention.

Thos. Jones is not connected with any bank and so will place the county funds to the best interest of Malheur county taxpayers. His record in other offices is a clean and an envious one—always attending to duties, always making good.

That his name was placed on the primary ballot by an overwhelming vote is a stronger indication that Malheur county wants Thos. Jones in the Treasurer's office.

CIVIC CLUB ELECTS NEW OFFICERS

At the meeting of the Civic Improvement Club held in the Chamber of Commerce on Wednesday of last week Mrs. E. R. Hamilton was elected president; Mrs. R. C. Wheeler, vice-president; Mrs. C. G. Mueller, secretary; and Mrs. Erbie Hayes, treasurer.

The club is planning to carry out some good work toward the beautifying of the city the coming year among which will be the improving of the city park.

ought to be BEATEN

Nothing in the last session of the state legislature equalled for impudence the bill introduced by Representatives Bean and Brooke, making it a prison offense to elect a U. S. senator by a vote of the people under the system that prevails. Both of these men are again running. Brooke being opposed by a former Linn county young man of splendid attainments, Thos. E. McKnight, over in Eastern Oregon, and Mr. Bean is running for joint senator in Linn and Lane counties. They ought to be defeated by such emphatic majorities as to make them look like Hooligan's hat.—Albany Democrat.
