### ATTORNEY GENERAL ON HOME RULE

Attorney Crawford Says Bill Will Not Annul Criminal Laws of This State

The following is the written opinion of the attorney general which was in the form of a letter to H. C. McAllister, general manager of the Greater Oregon Home Rule Association: "Replying to yours of the 24th inst. requesting the opinion of this office as to whether the proposed constitutional amendment to Section 2 of Article XI of the constitution of the state of Oregon should become a law, would have the effect of exempting cities and towns from the operation of the constitutional and criminal laws of the state of Oregon, I beg to say that such amendment would not have that effect.

"It provides that the legal voters of every city and town are hereby granted power to enact and amend their municipal charters, subject to the constitution and criminal laws of the state and the exclusive power to license, regulate, control, or to suppress or prohibit the sale of intoxicating liquors therein vested in such municipality, but such municipality shall within its limits be subject to the provisions of the local option law of the state of Oregon.

"That amendment vests the legal voters of every city and town with authority to amend their charters in any manner which does not violate the provisions of the constitution of the state or the criminal laws of the state. Then it vests in the city council, or in the people through the city council, the exclusive power to control or regulate, or prohibit the sale of intoxicating liquors within the corporate limits, but at the same time it gives the people of the municipality the right to vote local option within the municipality at any time they may choose, and when the legal voters of the incorporation shall vote local option, then the power of the city council to grant licenses is suspended during the time that prohibition is in force within the city."

### POSTAL DEPARTMENT FIGURES INCREASE

Receipts for Last Year Show Gain of 10 Per Cent Over Previous Year

Washington, Nov. 11.—Postal receipts for the fiscal year ended June 30 were \$224,128,657.62, an increase of 10 per cent over last year. The New York postoffice 10 per cent of all the receipts and Chicago came next with 8. The expenses for the year showed an increase of 4 per cent. It cost \$229,977,224.50 to deliver the mail.

More than \$647,000,000 in money orders was issued during the year. More than 15 per cent of the all were paid in Chicago and 9 per cent were paid in New York.

More than \$98,000,000 went abroad in the form of money orders last year, while less than \$10,000,000 came in the same way. Of the money thus sent abroad Italy got more than \$22,000,000.

### CHILD BITTEN BY COYOTE AT FLORA

That a boy had been bitten by a coyote in Flora, Ore., was the information contained in a telegram received by Dr. Calvin S. White, secretary of the state board of health, yesterday, from a physician of Flora, asking for instructions as to treatment, says the Oregonian.

The health board immediately telegraphed back, requesting that the head of the coyote which did the biting be immediately sent to Portland, in order that it may be ascertained whether or not the animal was affected with rabies. If the head of that coyote cannot be obtained, it was requested that one be sent of any coyote in that neighborhood.

As it takes this disease from 10 to 30 days to develop, no special treatment can be administered to the child until it is known that it was a rabid animal that inflicted the wound. When this fact is known beyond a doubt, then something can be given the child to endeavor to counteract the trouble. Instructions were given to treat the injury with all possible care.

### OREGON CLAIM IS REJECTED

The auditor for War Department, to whom was referred Oregon's Civil War claim, amounting to over \$193,000, has rendered an opinion to the effect that this is not a valid claim against the Federal Government and of Claims, which two years ago held should not be paid. This holding is contrary to the findings of the Court of Claims, which two years ago held that the state was entitled to reimbursement to this extent on account of moneys advanced during the Civil War for equipment, clothing and subsistence of volunteer troops for Govern-

### Cross Walks in Town

Vale, Ore., Nov. 8, 1910  
To the Editor:—  
Now that election is over and the minds of the citizens are now once more at ease, I wish to bring up the side-walk question in Vale. I know that I will voice the sentiment of the people when I say that side-walks are badly needed in this city, and also that cross-walks are still more badly needed. Look at the whole length of Main street—there are two cross-walks for a distance of five blocks. Is it fair to the people of North Vale that those two cross-walks should be located near together. Business men and residents along North Main street in order to get to the depot or places along North Main must go from one to three blocks out of their way. And still they pay as much taxes as the rest of the people. Was not one of the issues upon which the council was elected—side-walks, more much needed side-walks as well as other improvements. Then when are we going to get them?  
Think how a Main street in the busiest town in Eastern Oregon with practically no cross-walks appears to visitors. Does it look progressive? Will it break the city to put in a few more?  
TAXPAYER.

The newspaper man is blamed for a whole lot of things he can't help, such as using partiality in mentioning visitors, giving news about some folks and leaving others out, etc. He simply puts in all the news he can find. Some people inform him about such things and others do not. An editor should not be expected to know the names and residences of all your uncles, aunts and cousins, even if he should see them get on or off the train. Tell us about it. It's news that makes the newspaper, and every man, woman and child can

be associate editors of them will. Never apologize when you give this bit of information to an editor, for if there lives one so dead that he has lost his appreciation of favors he is dead, indeed, to every virtue that imparts value to the paper.  
Lame back is one of the most common forms of muscular rheumatism. A few applications of Chamberlain's Liniment will give relief. For sale by Vale Drug Store.
