OFFICIAL VOTE OF STATE GIVES T. R. 28,878

Plurality of Roosevelt Over La Follete Now Stands at 6605

LEADS TAFT BY

Selling's Official Plurality Over ator is 6651-Bourne and Taft

Theodore Roosevelt carried Oregon 8364 votes over William H. Taft. These are the figures as compiled from official returns from every county in the state.

The official count has now been completed in every county for president, United States senator and dairy and food commissioner on the Republican ticket. The official returns PATIENT LAVISH compiled later by the secretary of state may differ slightly in a few instances, owing to errors to transmission, but they will be substantially the same, and in no case will the final status of the candidates be affect-

Analysis of the presidential vote shows that Roosevelt carried 27 of the 84 counties in the state, ran second in six, and was last in only one. That one was Yamhill, where Taft sentiment was strong. Taft was first in five counties, second in 15, and last in 14. LaFollette carried only two counties, but they were Multnomah and Jackson, which gave him 10,467 7444 and 431 for Taft.

The counties carried by Roosevelt were Baker, Benton, Clakamas, Clat-Douglas, Gilliam, Grant, Harney, of all the Eastern Oregon country. Hood River, Josephine, Klamath, Lake, Lane, Lincoln, Linn, Malheur,
