YOUNG ORCHARDS OF WILLOW RIVER VALLEY WILL BEAR GOOD CROP

Willis to Ship Carload of Peaches---Pear and Apple Trees Show Fine Growth This Spring---Others Will Ship---Alfalfa Fields Look Beautiful

Judge George E. Davis, John Rigby and Colonel R.G. Wheeler, who made a trip to Brogan in the Davis automobile, report that they have never seen the Willow valley look as fine as it does at present. On every side the young trees in the numerous orchards are growing fine and the vast acreage of alfalfa look beautiful. They also report that the Willis peach orchard will ship at least a carload of fine peaches this year. Among others who will also ship

fruit are Arnold Tschirgi, Schlottman, and Emil Lanoir. Considering the short time the trees have been planted, the showing is wonderful. Hugh O'Donnell has a two-year old orchard which is a wonder. Pear trees show a growth of 5 inches already this spring and look good for a crop this season. There is now 80 feet of water in the big reservoir of the Willow River irrigation project, the late rains having made quite a rush of water into the big dan.

NEW DREWSEY CANAL WILL PLACE 2400 ACRES OF FINE LAND UNDER WATER

Contract For Construction Work to be Let at Once---Data for State Engineer's Office is Compiled by Vale Engineers---Eighteen Miles of Canal to be Constructed

That contracts are to be let at once for the construction of between 17 and 18 miles of canal for the irrigation of 2400 acres of fine land near Drewsey is the information brought to town the fore part of the week by Civil Engineers John E. Johnson and Percy Johnson who have just completed the survey of the canals as well as data on the Drewsey Canal for the State Engineer's office.

According to Percy Johnson the project is being put in by Messrs. Williams, and Davis and the Pacific Live Stock Company, owners of vast tracts of land in that section of the country. Bids are to be called at once and it is estimated that the job will keep 60 men at work during the 6 or 7 months. The main canal will be 12 miles in length and the branch canals will include about 5 miles, the water being taken right out of the Malheur river and requires no dam work. The Johnsons made the trip in an automobile and stated that the roads were rather bad in places. Percy Johnson was driving the car and while running over a grade on the Bendier Mountain a big rock slid from the upper side of the grade against the car and broke a casting. It had to be taken off and carried four miles to the nearest place where it was fixed and the trip resumed. Over the mountain the road is rough and big boulders make traveling for autos almost impossible.

SEVEN GOVERNORS CALL DEVELOPMENT CONGRESS

Portland, Or., May 7 (Special) Seven Governors of Northwest states have joined in issuing a proclamation calling a Northwestern Development Congress to meet at Seattle June 5 to 8. The states of Oregon, Washington, Minnesota, North Dakota, South Dakota, Montana and Idaho are represented in the call and these will all have representatives at the Congress. The chief purpose of the conference is to plan a campaign for the more rapid development of the states interested and suggest ways and means to stem the tide of emigration from the American Northwest to Canada. An elaborate program for the gathering has been prepared and in addition to Governor West, C. C. Chapman, Secretary of the Oregon Development League, Carl R. Gray, president of the Spokane, Portland Seattle Railroad, and 'Bill' Hasley are Oregonians who will deliver addresses.

It Only Takes Two of These for a Year, or One for Six Months

FOUR ARE SENTENCED TO STATE PRISON

Thebaud Files Appeal for New Trial--Given 1 to 10-Year Sentence

THREE TAKEN TO SALEM

Jury Returns Verdict of "Not Guilty" in Case of Thomas McCann -- Mink and Kulp are Held Over, as Juries Failed to Agree--Other Cases

(Continued from Page 1)

"Not guilty" was the verdict returned on Monday by the jury in the case of the State of Oregon against Thomas McCann, indicted on the charge of larceny of a store.

The Mink and Kulp case, in which the juries failed to agree, were carried over to the September term of court.

Beulah I. B. East against C. D. East, divorce; findings and degree for plaintiff.

POTATO KING OF BROGAN JOINS THE BENEDICTS

Joseph H. Wagner Wedded to Miss Constance Shoup, Formerly of Brogan, in Boise

A pretty home wedding was solemnized Wednesday afternoon May 1st, at the home of the bride's parents, Mr. and Mrs. James H. Shoup in Boise, when Miss Constance Shoup became the bride of Joseph H. Wagner of Brogan. The ceremony was performed by Dean E. P. Smith in the presence of the immediate family. The Shoup home was beautifully decorated with apple blossoms for the occasion. The bride is the niece of the late Senator George L. Shoup and the bridegroom is a young business man, orchardist and potato grower of Brogan. The young people left for Portland on the afternoon train where they will spend their honeymoon before returning to make their home at Brogan.

J. S. Edwards, president of the First National bank of this city, went to Boise to see his daughter, Miss Irma, who has been having some trouble with her eyes. She recently underwent an operation and is getting along fine now.
