**MURDER IN FIRST DEGREE—VERDICT FOR FLOYD ALLEN**  
Wyethville, Va., May 27.—After deliberating 21 hours, the jury today returned a verdict that Floyd Allen of the notorious Allen gang of bandits whose members in March held a shooting bee in the Hillsville County court house, which resulted in the death of Judge Thornton Massey and several others, is guilty of first degree murder. This means that Allen must die. The jury first reported a verdict of guilty without signifying the degree. Judge Staples then ordered the jury to return a more complete verdict. Judge Staples announced that he would not sentence Allen till the other members of the gang were tried.

When in Vale sat at the Arlington hotel.

**LOCAL BUILDERS MAKE GOOD ON BURNS HIGH SCHOOL**  
Contractor Bayles Has Received Photograph of Partially Completed Building

Contractor Bayles, of this city, received a picture on last Monday from his partner, Alex McDonald, showing the progress that had already been made upon the \$30,000 high school building being erected by the firm of Bayles & McDonald in Burns. The photograph showed the rock work of the high basement all completed and part of the brick work of the first story underway. The basement is built of the native stone, a pink colored rock, which is said to make up a beautiful effect, and eight or nine feet of this work is above ground. The building will be eight class rooms besides other small rooms for offices, etc.

The basement of the new Burns school will contain a gymnasium, play rooms for boys and girls, domestic science room, lavatories, shower baths, fuel room, furnace, etc. A deep pit has been excavated from the west to the center where the air chamber is built of brick which is a part of the plan for proper ventilation. The pure air is carried to the various rooms on the floors above through large pipes in the walls. The septic tanks are provided for off from the building and a sanitary drinking fountain is to be installed in the basement.

The building will probably be completed about the first of August.  
The Harney County News of Burns, in last week's issue contained a special write-up of the progress on the new school building, and further said:—The contractors, Messrs. Bayles & McDonald, are surely giving the district faithful, honest work, and it is doubtful if there has ever been as good a building put up for the money in eastern Oregon as this will be. They are also agreeable gentlemen to meet and are always pleased to show visitors over the structure and explain all its details.
