TAXPAYERS MUST VOTE IT

Ontario Speculators Talk at Random in Attempt to Whip Voters in

In the circular sent out by the Ontario Commercial Club, great stress is laid on what VALE will do later. They are claiming that VALE will build a \$200,000 building unless the court house is removed to Ontario.

It is presuming on the intelligence of the people of Malheur county to suppose any one of them will listen seriously to so absurd an argument. The county commissioners cannot incur any indebtedness without the CONSENT of the people.

The county commissioners could not buy the fair grounds without a \$2,500 special election. The county commissioners could not build the Harper bridge without putting the appropriation into the budget in December. The county commissioners were successfully enjoined from the payment of \$6,500 to the fair association because it was illegal for them to DONATE the money of the public. If the large town of Ontario could not obtain \$6,500, how can Vale get the much greater sum of \$200,000?

IN THE FACE OF THESE INCONTROVERTIBLE FACTS, J. A. Lackey, President, has the colossal effrontery to tell the people that VALE will have a \$200,000 building constructed BY THE COUNTY. Ontario is a portion of the county, so they claim, therefore THEIR VOTE would be absolutely necessary in order to build a court house of any kind.

Will Mr. Lackey explain, over his own signature, what method VALE could pursue to get votes enough from Ontario to build anything, let alone a \$200,000 court house?

The fact that Mr. Lackey makes so absurd a statement and that the Ontario papers head-line their front page with so palpable an impossibility indicates the dire straits in which Lees and his speculating followers have found themselves. NO CITIZEN OF THE COUNTY CAN REALLY BELIEVE SO RIDICULOUS A FABRICATION.

SUCH STATEMENTS INDICATE THAT THESE PEOPLE HAVE A POOR OPINION OF THE REASONING POWER OF THE VOTERS.

Another statement that we make is this: No discussion, no talk of any kind, no attempt in any way, shape or manner, has been made by the board of county commissioners, nor any Vale citizens to the board, to build any building of any kind, at any point.

CITIZEN.

ONTARIO FEARS THE LOSS OF IDAHO TRADE

Seeks to Cover the Loss by Tearing Down Vale.

It is certain that the good people of Ontario are assured of the unfairness of the removal of the county seat from Vale to Ontario and in casting about for some reason for their great anxiety to accomplish this purpose it has come to light that there is immediate and great danger of the bench trade of Idaho going to its proper place shortly after election.

In the face of the fact that the good people of that city refused to permit the Moore Grotto to be run on wide open principles which is permitted the rest of the town, it seems that the leading lights of the association of grabbers known as the Commercial Club are fighting tooth and nail for anti-prohibition.

When one of the bench citizens feels a slight thirst which he desires to quench in a modest and quiet way, he hies him to the city where such thirst can be properly adjusted; meanwhile purchasing some fifty or more dollars worth of provisions or dry goods. This money by rights should go to their own town, Payette, and so should the state of Oregon go dry, there would be no inducement for this individual to visit the beautiful town of Ontario and he would consequently deal with his own city.

Casting about for some offset to supply this almost certain loss they concluded that they could secure enough votes through colonizing and the liberal use of fast worked autos to put Vale on the run and thus repossess themselves for some of the loss.

The slight boom that would come through success at the polls would enable some of the ringsters to clear themselves of cost with some cash to the good and WHO CARES FOR THE TAXPAYER ANYWAY? FAIR PLAY.

It will be of interest to learn which paper will print the ballots for the coming election. The Democrat bid \$100, and the Argus \$130 and the Enterprise \$135. The Ontario Club therefore got the job. Wonder what they wanted of it?

Referring to "Sympathy" a poem (so-called) which appeared in the Argus of Oct. 8, we desire to remark that while it has mentioned a number of citizens who perhaps need sympathy, and has included Vale collectively as asking for sympathy, the poem, or song, or doggerel, is not near long enough to include all who WILL NEED SYMPATHY if the Ontario speculators can get a 60 per cent vote under present conditions. THE ENTIRE COUNTY WILL NEED SYMPATHY WITH NO ONE TO GIVE IT TO THEM. IT WILL BE "DO AS WE TELL YOU," FROM THE ONTARIO RINGSTERS.

We note that the poetical writers of the Ontario Club Annex to the Argus (value for taxpaying purposes \$500, real value 0) have apologized to "Shakespeare and the Enterprise." An apology is due all right, to those who are compelled to read the effusion.

Some of the poetical effusions coming forth in the Argus (same remarks) bring to mind the advice to the poets, or would be poets: "Let your literary composition be kept from the public eye for nine years." (Better make it 99.)

We are pleased to note that some of the other printers in the county can be embarrassed. From our experience at the meeting with the board of equalization we never would have dreamed that any ordinary matter would embarrass them.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., TOLEDO, O. Sold by Druggists. EMPIRE LUMBER CO., VALE ORE. The truth is that in Shakespeare the evil passions of men are shown in proper colors and the absurdity of some of the arguments we read in the Ontario papers are well represented thus: Bass: "Gratiano speaks an infinite deal of nothing, more than any man in all Venice. His reasons are as two grains of wheat hid in two bushels of chaff; you shall seek all day ere you find them; and when you have them they are not worth the search."

While we have not yet used the Biblical quotation "What God hath joined together let no man put asunder," the Argus has called it to our attention and we ask our readers to review what we have put before them regarding assessments and see if the Ontario evaders of society's burdens have not regarded this quotation affectionately in connection with their money. If God joined them and their money they seem determined that no man (tax collector at least) shall sunder them.

The Ontario Argus seems not to be enthused with J. E. Combs' letter in the Enterprise of Oct. 10. If anyone has missed that letter they should send to the Enterprise for it. It shows what happens to a county when a ring gets a strangle hold on it. Mr. Combs has been in places dominated by just such men.

As we ponder over the willful attempt at spoliation of a few of the most avaricious of the fair town of Ontario there comes to us a reason for their abuse of numbers—the words of the poet: "Low ambition and the thirst for praise."

We are pleased to note that some of the other printers in the county can be embarrassed. From our experience at the meeting with the board of equalization we never would have dreamed that any ordinary matter would embarrass them.
