Beware of Ointments for Catarrh that Contain Mercury as mercury will surely destroy the senses of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. DEAD OX.
DEAD OX FLAT, Oregon, May 4, 1915—Wind, snow, hail and sleet was the weather record the latter half of last week. A fierce wind with occasional dashes of rain sprung up on Thursday noon and by evening snow set in and a regular blizzard raged from then till Saturday morning. I tell you it was so cold it made old timers sit up and take notice. Since Saturday morning it has rained considerably and dry farmers are wearing a brand new smile.

Levi Crull returned home from the Ayers place and has spent the past week raking sage brush preparatory to plowing a large new tract of ground for fall seeding of rye.

TWENTY-FOUR LIONS TO BE PRESENTED IN ONE ACT.
Thrilling Sight to Be Presented by the Barnes Wild Animal Circus to be Shown in Vale on May 21st.

Twenty-four, full grown, jungle-bred wild African lions—every one a born man-eater, is one of the many thrilling spectacles presented by the A. G. Barnes Big 3-Ring Wild Animal Circus. These animals are shown at one time in a steel-barred arena in the center of the show's mammoth tent by Herr Louie Roth. This is the largest group of trained lions ever successfully shown and the daring of the trainer fairly makes one shiver.

Many other dangerous and highly sensational wild animal acts are presented by this show. Maj. Thornton works with a herd of grizzly cinnamons, Siberian, sloth, black and polar bears, Big Bill, a giant wrestling grizzly being among the lot. Mlle. Florine, a petite little woman, mingles with a large number of Persian leopards, jaguars and pumas and her ability to control the snarling beasts is very amazing. Miss Mabel Stark presents an act with Royal Bengal and Siberian tigers, the most treacherous animals known, the trainer's life being in peril every moment.

Other features of a sensational character are those in which Tom, Jerry, Brutus, horse-riding African lions appear; Sampson, another lion, rides to the top of the tent surrounded by grizzled hooting skyrockets. A leopard, grizzly bear, goat and monkey ride galloping ponies around the arena in the same group. A large herd of elephants do some wondrous things in acrobatics and posing. A clever farce comedy is a part of their act.

High school riding and dancing horses have a prominent part on the program. Bob Chocolate, directed by Miss Mame Saunders, does the tango in approved fashion. No other collection of horses in the entire world will rank with those carried by the Barnes Circus. The horse troupe numbers five hundred and every one of them has been trained to perform. A company of one hundred Arabian and pretty Shetland ponies gallop through an intricate maze of drills and marches.

Almost every known animal was taken in hand by Al. G. Barnes and educated to act. Every species of monkey, the kangaroo, hyena, snared cattle, zebra, goats, etc., are presented.

The program abounds with plenty of wholesome comedy for the little folks,—original enough, also, to make the big folks explode. Fifty comedy animals provide the fun.

Performances will be given at 2 and 8 p. m. and the doors open at 1 and 7 p. m. A new, glittering four band parade is presented at 10:30.

The show will exhibit in Vale on Friday, May 21st.

the many who were kept away on its account a general good time was enjoyed.

Commencement exercises were held on Thursday evening. The H. S. graduating class of '15, while composed of only one member, Alfred H. Schlottman, was an exceptionally strong class and one which will be missed by teachers and pupils alike.

Rev. Helman delivered the address on an exceptionally attentive and receptive audience, although not so large as it might have been had the weather been more agreeable.

Mr. Helman took as his subject "What Hath God Wrought." His many practical applications which were brought out during the discourse on this subject can hardly help but entice those who were present to better and higher things, both moral, physical and intellectual.

School begins Sept. 6th this fall. It will be in session nine months instead of eight.

NEW DESERT LAND LAW.
(Continued from page 1.)

of the new law may be filed, and proofs thereunder may be submitted either by one of the heirs in behalf of all, by a guardian of the heirs' estate if they themselves are minors, or by the executor or administrator, acting under the supervision of the proper probate court.

The heirs or devisees will not be required to settle or reside upon the land, but must show that the land has been cultivated and improved by them, or on their behalf, as required by the new law, for which food as well when added to the entryman's period of compliance with the law aggregates the required term of three years. If they desire to commute the entry, they must show a fourteen months' period of such residence and cultivation on the part of themselves or the entryman, or both, as would have been required of him had he survived.

With regard to the reduction of the required area of cultivation the same rules and procedure will be followed as in homestead cases.

16. The same fees, and no others, may be charged by registers and receivers upon submission of final proof under the new law upon submission of ordinary desert land proofs. No commission may be charged under any circumstances, and no testimony fees unless the proof is taken at the head land office.

17. If claimant elects to perfect his entry under the third paragraph he must, within five years from the date of his election and payment of the sum of 50 cents per acre, make final proof and pay to the receiver 75 cents for each acre of land embraced in his entry. The final proof, in order to be acceptable, must show that, at the date of the proof, the claimant has upon the tract permanent improvements conducive to the agricultural development thereof, of the value of at least \$125 per acre, and that he has in good faith used the land for agricultural purposes for at least three years. Under the third paragraph will be regarded as an agricultural use, provided that it be established that the land is best suited to that purpose and has been so used in good faith. Actual residence on the land need not be shown.

18. Improvements made during the first three years of the life of entry and used as the basis of annual proof, if permanent in character and conducive to the agricultural development of the land, may be counted as improvements required to be shown under this section, provided their character and continued existence are satisfactorily established by the final proof; but no water rights or irrigation ditches will be recognized for this purpose unless it is clearly shown that they have been made actually conducive to the agricultural development of the land, or a portion thereof, and that that fact is not inconsistent with the truth of the claimant's preliminary showing that there was no reasonable prospect that he could acquire a sufficient water supply to irrigate the irri-gable land of any legal subdivision of his entry.

19. If a claimant fails to make final proof any payment, as required by the third paragraph, within the five year period, all sums theretofore paid by him will be forfeited and the entry canceled.

20. Final proofs under the second paragraph may be made on the forms used in homestead cases. For final proofs to be made under the third paragraph, new forms will be furnished.

CLAY TALLMAN,
Commissioner.

Approved:
ANDRIEUS A. JONES,
First Assistant Secretary.

THE LAW
An act making appropriations to supply deficiencies in appropriations for the fiscal year nineteen hundred and fifteen and the prior years, and for other purposes.

That the Secretary of the Interior may in his discretion, extend the time within which final proof is required to be submitted upon any lawful pending desert land entry made prior to July first, nineteen hundred and fourteen, such extension not to exceed three years from the date of allowance thereof: Provided, that the entryman or his duly qualified assignee has, in good faith, complied with the requirements of law as to yearly expenditures and proof thereof, and shall show, under rules and regulations to be prescribed by the Secretary of the Interior, that there is a reasonable prospect that, if the extension is granted he will be able to make the final proof of reclamation, irrigation, and cultivation required by law: Provided further, That the foregoing shall apply only to cases wherein an extension or further extension of time may not properly be allowed under existing law.

That where it shall be made to appear to the satisfaction of the Secretary of the Interior, under rules and regulations to be prescribed by him with reference to any lawful pending desert-land entry made prior to July first, nineteen hundred and fourteen, that the entryman or his duly qualified assignee, under an assignment made prior to the date of this act, has in good faith expended the

What Kind of An Impression Do You Make?

Every day you meet people. Some you know, some are strangers. But you leave some impression, however slight, on each of them.

If you are well dressed this impression is more favorable, more lasting.

To be well dressed requires careful selection.

Careful selection requires a variety of merchandise, as well as quality.

And these are both found in a high grade store like ours.

Whatever your needs—shirts, hats, collars, neckties, socks, underwear—you'll find a complete stock and courteous service here.

Now is the time for your Spring Suit or Overcoat, and by making sure it's a Capps or a Clothcraft you get the utmost in style, fit, all-wool, and wear-service at \$10 to \$30.
