OREGON GERMANS LOYAL TO U. S.

(Special to the Enterprise)

Portland.—Conservatives in the ranks of the German-speaking citizens of Oregon represent the majority sentiment in their stand on the position of the United States in the present European conflict. Delegates representing 30,000 members of the Confederated German-Speaking Societies of Oregon, met in ninth annual convention in Portland Sunday and adopted resolutions expressing loyalty to this country, but openly dissenting from the president and his secretary of state on issues arising from incidents which now have become matters of history.

The convention formally declared a purpose to support the national government in its foreign relations; that it was unalterably opposed to the United States becoming involved in war with any of the European belligerents; declared its "sympathy" with the American cause and urged that the Americans aid or abet in no way the conflict and bloodshed, and maintained a right to voice their sentiments.

New County Proposed. Bandon.—A proposal to form a new county out of the southern half of Coos and the northern part of Curry counties is causing much discussion in this section. At the last meeting of the Bandon commercial club the proposal was debated, with the popular decision in favor of organization of the new unit. Action to submit the proposal to the voters has not yet been taken.

La Grande Sheriff Shoots Man. La Grande.—John Keefe, aged 20, of Moscow, Idaho, lies dangerously wounded in the local hospital, having a bullet wound in his chest. He was shot at Union Junction by Sheriff Hug while resisting arrest and ignoring calls to stop and preliminary shots fired over his head when he attempted to escape.

Governor Will Greet Liberty Bell. Baker.—Baker is making great preparations for the reception of Governor Withycombe when he comes here July 12 to welcome the Liberty Bell to Oregon. Baker is the first stop made in the state by the bell and the city is planning an all-day patriotic celebration.

American Cargoes Conference Ended. Washington.—The informal and unofficial conferences between the commercial advisers of the British embassy and the state department advisers to expedite handling of American cargoes were suspended by the state department because of the apparent misrepresentation in London of how far they bind the United States government.

INVITE WILL R. KING TO CONFERENCE

At the special meeting of the Chamber of Commerce the secretary was instructed to wire an invitation to Will R. King to meet the citizens of Vale in conference regarding the Malheur project and other matters.

BOYS TAKEN FROM GREASER

(Special to the Enterprise)

Nogales, Ariz.—A posse of 10 American cowboys and miners rode eight miles across the border into Santa Cruz, Sonora, Saturday, and leveling their guns at the colonel commanding the garrison, while 150 Mexican soldiers looked on, secured the immediate release of two American boys kidnapped by three of the soldiers on the Arizona side of the border earlier in the day.

Three Mexican soldiers crossed to the American side of the boundary at Washington Camp, 25 miles east of here, and kidnaped two 17-year-old boys, George Vaughn, son of the storekeeper at Duquesne, and Henry Chang, son of a Chinese-American citizen of Washington Camp.

Santa Cruz is garrisoned by forces of Jose Maytorena, the Villa governor of Sonora. Washington Camp, where the Mexicans captured the boys, and Duquesne are border settlements 25 miles east of here.

BASEBALL ENTHUSIASM IN NORTHERN MALHEUR

Northern Malheur is consuming the major portion of the baseball excitement this season, the teams in that section competing vigorously for the championship of the county.

Ironside, Malheur, Rainbow, Unity and Westfall clubs are matched for contests weekly, many of the games being won by the narrowest margins and large crowds turning out to see the fun and cheer for their favorites.

ACCIDENT FUND IS MONSTROUS

(Special to the Enterprise)

Salem.—A statement issued by the Industrial Accident commission shows that there is a total of \$337,561.12 available for the payment of accident claims. This includes \$138,619.26 set aside as a pension fund.

The total cost of the administration during the existence of the commission the past 19 months, is given as \$60,653.06. The total sum paid in during the 11 months the commission has been paying accident claims was \$572,971.33. To this sum the workmen contributed \$71,996.84, and the benefits received by them totaled \$374,225.47. The employers contributed \$410,829.27 and the total contributed by the state was \$90,355.22.

The total number of accidents considered was 4054, and of this number 59 proved fatal. During May there were 391 accidents reported to the commission.

LOW WOOL PRICES

Chas. Anderson States That No Wool Should Sell at Less Than 25c

Chas. Anderson, formerly of the Malheur Land and Livestock Company, was in town Friday from a visit with his son at Westfall. Mr. Anderson states that the country is looking fine. "There is plenty of grass, and stock is in splendid condition," said Mr. Anderson. "Wool is selling well but not as high as it should. Buyers will always take advantage of growers at this time. No wool should bring less than 25 cents per pound and from that up. Within thirty days after the final big sales, wool is likely to go down to 30 cents. There has been a drought in Australia and to that is added the English embargo on wool from that country. Not a reason in the world for the comparatively low price of wool."

ALL AGREE BUT BRYAN

WASHINGTON.—With the single exception of Secretary of the state Bryan, who resigned, later, President Wilson and his cabinet agreed on draft second note to Germany, demanding, in effect, an adherence by that nation to the humane principles of international law in the conduct of maritime warfare as affecting neutrals.

The principle is fixed and unalterable that the United States must know definitely and promptly whether Germany intends to ignore visit-and-search rights and continue her practice of torpedoing vessels without warning, placing the lives of non-combatants in jeopardy, or whether rules of maritime warfare which have governed for centuries will be followed.

The note sets aside as irrelevant all the contentions of the German reply, except one—whether the Lusitania was armed—and restates the position taken by the United States previously, that the Lusitania, after official investigation by competent inspectors, sailed from an American port with no guns aboard, either mounted or unmounted. It further calls Germany's attention to the fact that the Lusitania did not attempt any resistance, being torpedoed without a moment's warning.

The arrival of a communication from the German government expressing regret for the attack on the American steamer Gulfight, offering to pay indemnity as soon as a claim is presented and details arranged, and making a further promise to take into consideration any facts which the United States may have on the dropping of bombs by German airmen on the American steamer Cushing, made unnecessary any discussion of these cases in the new note to Germany.

It was said the note to be sent to Emperor William by Count von Bernstorff, the German ambassador, through Meyer Gerhard, an attaché of the German colonial office, as special envoy to carry messages of the embassy and to outline the American point of view to the government of Berlin, would not delay the dispatch of the American note.

FRISCO EXPOSITIONISTS STOP OVER IN VALE

W. D. McReynolds and wife, Mrs. Robert Adams and Dr. Ed. E. Maxey, of Boise, were visitors in Vale Sunday, remaining over night in the city. They formed an auto party enroute to San Francisco to attend the Exposition, and took the road via Vale and the interior Eastern Oregon country as a part of the pleasure trip.

The route by way of Boise, Nyssa, Vale, Burns, has become one of the most favored for auto tourists, and hundreds are taking this road.

WILL TRASPOT THE REFUGEES

Washington.—The army transports Buford and Kilpatrick, now at Galveston, will be sent to Vera Cruz to bring back American and other foreign refugees reaching that port from Mexico City on the trains now being arranged. Under British auspices efforts will be made to take parties of foreigners by horseback and automobile from Mexico City to Paehuca, from which place there is railroad communication with Vera Cruz. The American Red Cross will dispatch a shipment of medical supplies to the American, Spanish and French hospitals in Mexico City via Vera Cruz and send two more carloads of relief supplies to Monterey.

3 MIDSHIPMEN EXPELLED

President Orders Inquiry Involving Alleged Misconduct in Examination. Washington.—The "honor" system at the Annapolis Navy Academy is on trial. Three midshipmen's expulsion and an inquiry into alleged misconduct in examinations of more than 100 others, including members of the graduating class, were ordered by President Wilson and Secretary of the Navy Daniels. The annual examination "cribbing scandal" was declared by Secretary Daniels to be the most widespread in the history of the academy. Members of all classes are involved. Monday a complete board of inquiry began an investigation which may cause wholesale dismissal of cadets.
