THE SECRETARY'S CIGARETTES. The legislatures of several states have been wrestling with anti-tipping laws. Mississippi already has such a law, which is more honored in the breach than in the observance, very much as are the anti-cigarette laws of most states which attempt to regulate personal habits by law. Nebraska has an anti-cigarette law, "but," says a writer in the Omaha Bee, "I never heard of any serious effort anywhere to enforce it. When Secretary of War Garrison was here about a year ago, I was on the reception committee and as we were coming out of one of the big office buildings—not The Bee building—to us who were serving as his escort he seemed suddenly to disappear. I went back and found the secretary in front of a cigar stand. "We feared we had lost you, Mr. Secretary." "Oh," said he, "I just wanted a package of cigarettes and, seeing this place, just dropped back to buy them." "Well, then," I remarked, jokingly, "you have helped break one of Nebraska's most solemn laws." "How's that?" quizzically. "Why," I answered, "our lawmakers have strictly prohibited the sale of cigarettes to man, woman or child in the state of Nebraska." "That explains it," was his retort. "I thought the girl looked at me rather critically when I called for cigarettes, but she reached out the package without asking any questions." That is just one shining example of the result of freak legislation. I am wondering whether our law-makers will this time screw up courage and conscience enough to repeal a fake anti-cigarette law that only breeds law defiance.—Ex.

Celebrate the 4th with ginger. We do not mean to get under the influence of this culinary ingredient but use the term for its slang significance, which means, to change from 'sittin' to movin'." If you catch the idea you will pop a cracker, crack your heels in the air, drink pink lemonade, and cheer the speaker as he says: "When Freedom from her mountain height, unfurled her standards to the air, she tore the azure robe of night, and set the stars of glory there."—Blue Mountain Eagle.

WARSTUFF AND PROFITS. Everything in the way of war stuff is going up. Army rifles have advanced 50 per cent. Smokeless powder, which a year ago was selling at 75 cents a pound, is now \$1. Gun-cotton has advanced from 50 to 75 cents a pound. Picric acid, which is used in making melinite, the powerful explosive used in French shells, and lyddite, used by the British, has risen from 40 cents to \$1.75 a pound. There has been a corresponding rise in carbolic acid and benzol, and other chemicals employed in making ammunition.

The United States, as the chief provisioner and supply depot of a world in arms will therefore derive more and more profit from this export business as long as the other nations keep on fighting and we remain at peace. Already we have piled up a favorable trade balance of nearly \$1,000,000,000 and recovered from the industrial prostration caused by the war at first. But there is no disposition among any class of Americans to gloat over the situation. There is no desire for the extension of the conflict, and its indefinite prolongation, for the world hope of continued profit.

IRONSIDE

IRONSIDE, Ore., June 21—J. P. Smith, after a week's visit with sons of this place, returned to Ontario the first of this week, accompanied by his grandson, Alvin Smith.

Ernest Locey, C. E. Howard and others have been busy the past week gathering cattle from the Cow Valley range and putting them in the timber on the north side of the valley which is their summer range.

Herman Rose and Stella Barber were married the first of the week and are making their home at Vale, Oregon.

Misses Ruth and Hazel Lackey of Ontario are visiting at the Locey home.

John Derrick and family, of the Derrick and Worsham saw mill were Ironside visitors on Thursday.

The Derrick and Worsham saw mill will soon be cutting timber as they have their logs skidded.

Lofton Bros., Bert and Alvey Lawrence, Jesse Beam and Frank Lawrence are gathering cattle, branding calves and putting them on their summer range and the reserve.

H. M. Rutherford and some land buyers were looking over the valley on the 9th.

The A. E. Nichols new residence is fast nearing completion of which Ironside is justly proud.

The new barn on the S. M. Molthan farm has just received a new coat of paint administered by Sam Faust, making the neatest one in the valley.

Guy Wise made a business trip to the Rutherford Bros. farm during the week.

Wm. Beam and family returned from a two weeks' visit with relatives at Nyssa Saturday.

Miss Nannie Duncan's school closed at Bonita Friday. The last six weeks were taught by Mrs. Ben Jones on account of Miss Duncan's accident of a broken limb.

C. O. Howard has just completed a new concrete foundation for his gasoline engine and front part on the two hundred feet well on the S. M. Molthan farm.

Ben Jones and wife moved from their farm in Cow Valley to their homestead here Saturday.

Ray Duncan made a business trip to Brogan Saturday.

Mrs. H. M. Rutherford returned from a two weeks' stay at Ontario Saturday.

Mr. J. N. Woodcock, who has been quite ill for some time, is much improved.

Miss Bertha Elms attended the ball game here on Sunday returning to Unity Monday.

A. N. Fowler left for Baker first of the week after freight for W. J. Hinton.

Miss Sheila Lackey, of Ontario, who has recently taken up a homestead here, is now living on same. Several loads of lumber were hauled for the purpose of erecting a bungalow for Sam Faust and Ray Duncan.

Miss Mary Locey is now occupying her new home recently completed by H. R. Potter on her homestead.

A number of baseball fans of Unity attended the game Sunday.

Ben Faust, manager of the Eldorado Ditch Co., is putting on a large crew of men on the ditch. The boys going from here were Wm. Quinn, Ted Wisdom and Stan Van Buren.

Representative of the Baker Herald was through the community during the week soliciting subscribers.

Mrs. F. W. Smith, while nearing the gasoline engine Thursday, became entangled with the belt and received a bad injury of having one thumb nail jerked from the flesh and other bruises.

News was received of late that Ellis Renshaw, who is now in Grants Pass, has been very ill, caused from spotted fever last summer, but is improving.

Miss Mary Rutherford is yet in the hospital at Ontario but is reported she will be able to return home soon.

Walter Hinton, while visiting his parents at Sumpter, took seriously ill with spotted fever on the 14th and is yet unable to return home.

BROGAN

BROGAN, Ore., June 24.—Haying is being carried on full tilt in our part of the valley, and both the quality and the quantity seem satisfactory.

Pat Coleman made a business trip to Jamieson Monday.

Word has been received in Brogan of the birth of a son to Mr. and Mrs. Floyd Hamstreet, who left here last fall and are living in Iowa.

Irrigation is going on just now, the corn has been put in good shape to get the full benefit of the water. Wire worms and ground squirrels have been busy in the corn and have done some damage. Small grains are looking fine.

Fred Mitchell has built an addition to his house.

School district No. 1 held their annual meeting on Monday afternoon. Mrs. T. J. Logan was elected director for the coming three years, and W. B. Eaton was elected to serve as clerk for the coming year.

Rev. Helman came up Monday evening and preached a farewell sermon to our people. Mr. Helman has been looking after the spiritual welfare of our part of the valley for about three years, and we will surely miss his pleasant face when he has left us for Baker City where he goes this week. Hope Baker City will soon learn to care as much for him as we in our small town do. C. M. Cole was received into the church organization by letter from the First M. E. Church of Omaha, and Mrs. C. M. Cole by baptism.

New garden stuff is being used in Brogan, several families having had new potatoes the past few days. Small fruits are coming along, and the tree fruits are doing their share. The hens are going on a strike and fresh eggs are rather scarce.

—Brogan Correspondent.

In a two-column tribute to President Wilson, Alfred G. Gardiner, editor of the Daily News, says: "No man in the Democratic world is so entirely governed by principle and moral sanctions. President Wilson is not merely the first citizen of the United States, but the first citizen of the world. He makes mistakes, no doubt, for he is human, but they are never the mistakes of a weak man; they are never the mistakes of a political gambler or one touched by sordid motives of ambition. Emperor William has made many miscalculations about nations and men, but his greatest miscalculation is in regard to Mr. Wilson of the United States. Incidentally, there has also been much miscalculation on the same subject in this country. The rupture between the president and Bryan will be one of the great landmarks of the war. It is a mercy for the United States that in the nomination struggle an amiable dreamer was defeated by a statesman."

A band of horses passed through here Sunday on their way to war. It is a long way to Tippecanoe from Grant county and the bunch grass horse will see much varied scenery before he gets onto the firing line. With these horses Grant county will come to the front.—Blue Mountain Eagle.

NOTICE—KEEP OUT! In a town in Alabama a boy, unable to swim, was struggling in the water. On the bank, rushing around and telling each other what to do, were thirty (30) big husky men, several of whom could swim. While they were piddling and pottering the boy sank. Not even then did one of the "men" plunge in the water and try to rescue the little fellow. He drowned before their very eyes. Later, when questioned by other astonished citizens the brave fellows explained that they had on their Sunday clothes, did not wish to get them soiled and that there was not time for any of them to undress and pull the drowning lad out of the pond. A wave of righteous indignation has swept over the town and these Sunday suit fellows boycotted and cut dead, socially, are preparing to leave the place. This article is written for the purpose of suggesting, should it meet the eye of one of the thirty, that we do not want any of his kind in our community.—Ex.

That Malheur county is rapidly coming to the front as a dairy section is indicated by the report from the cheese factory at Nyssa. This is a co-operative institution and at the present rate of operation, the disbursements for this year for milk and wages will amount to at least \$35,000. The factory is now paying 30 cents per pound for butter fat. Several of the heavy milk producers in the county are arranging to materially increase their herds.—Burns Times-Herald.
