Big John Day Ranch Sold.
The Nichols family, well-to-do people of Milton, Umattilla county, have purchased the W. B. Potter ranch at Spray and will run 500 head of cattle and two bands of sheep on the place. The ranch comprises 2700 acres and fine summer sheep range. Res with some hundreds of acres of the finest alfalfa in the world, under the dam on John Day River. There is also considerable timber land well watered. The price was about \$60,000, \$20,000 of which was cash. Mr. Potter and family will probably move to the Palouse country where they took some valuable property in the trade.

RUSSIANS RETREAT.
London.—The Russian forces which for several days made a determined stand at Pons, to the east of Lemberg, were again in retreat on the entire front in that region, according to an official statement issued by the Austro-Hungarian general staff.

A Russian official statement admits that the Russian forces on the front between Bobrka and Zurawna in Galicia, south of Lemberg, are falling back. The statement adds that in the Caucasus theater, in the region of Van, Turkish Armenia, a battle between Russian troops and a great hostile force is in progress.

With the Russian emperor on the Galician front, a new minister of war, General Polivanoff, in charge of Russian military affairs, and the grand duke's lines still intact, there is a general expectation that the Russian forces will yet oppose strong resistance to the Austro-Germans, whose sweep along the southeastern part of Galicia still continues.

The latest advances virtually agree that the Russian retreat has been an orderly one, although obliged to evacuate such important towns as Lemberg, Mikolaiow and Halicz, but this, it is intimated by Petrograd, has been for the purpose of seeking better defensive positions, which the nature of the country farther to the east affords.

Besides the occupation of Halicz, a Berlin official statement announced that the river Danester has been crossed by the Germans along the entire front.

In this withdrawal movement hard battles have been fought and the Russian rearguards have stubbornly contested every mile of territory which the Austro-Germans have gained.

AGE LIMIT IS FIXED FOR THE BABY CONTEST

Babies Must Be From 12 to 48 Months of Age

The age limit for babies who will participate in the Better Babies Contest for this year, has been fixed at from 12 to 48 months. A greater number of entrants are expected this year than last, and, making the event an annual one, will serve to interest more mothers in the care and treatment of their children.

NOTES ON WAR

One year ago Monday the Austrian archduke, Francis Ferdinand and his wife were shot and killed in the little Bosnian town of Serajevo by Garvio Prinzp. It was the act of Prinzp, a poor student, which ultimately resulted in 11 nations going to war. These nations are, on one hand, Great Britain, France, Russia, Serbia, Japan, Belgium, Italy and Montenegro, and, on the other, Germany, Austria and Turkey.

The war to date, according to conservative estimates compiled from the best available reports, has caused a loss to the various belligerents of more than 6,000,000 men, dead, wounded and prisoners, and more than 500 ships. Of these, about 120 were war vessels. It is 11 months since Austria declared war on Serbia.

Hammering by Teutonic armies against the Russian forces in Galicia continues without cessation, but apparently with less success than in most of the many battles fought during the long weeks of the Galician campaign for the possession of Przemyśl and Lemberg.

Neither French nor German statements indicate operations of immediate moment in the western arena. The French admit lack of progress, due in many places, it is declared, to storm-ravaged ground, while the Germans set forth the repulse of all French attacks and the regaining of some of the trenches.

Accounts of German military activity in Russian Poland come at the same time as reports that many big guns from Essen, Germany, are being shipped into that region, possibly in preparation for another drive at Warsaw.

They Live Long in Oregon.
(Weston Leader.)

J. H. Foster, of Nye, Oregon, is thought to be the oldest resident of Umattilla county and perhaps of Eastern Oregon, having reached the age of 109 years. George L. Horseman of Weston, who has known the old gentleman well for 30 years, says he is still quite spry and hearty, and bids fair to celebrate several more birthday anniversaries. Mr. Foster has lived in this country for half a century, having a small stock ranch on Big Butter creek below Vinson. Not long ago an argument over his age was brought up among his friends and he was asked to settle it, but replied that he had forgotten the exact number of years. A neighbor thereupon wrote to Mr. Foster's home county in England, and found from the records that he is 109.

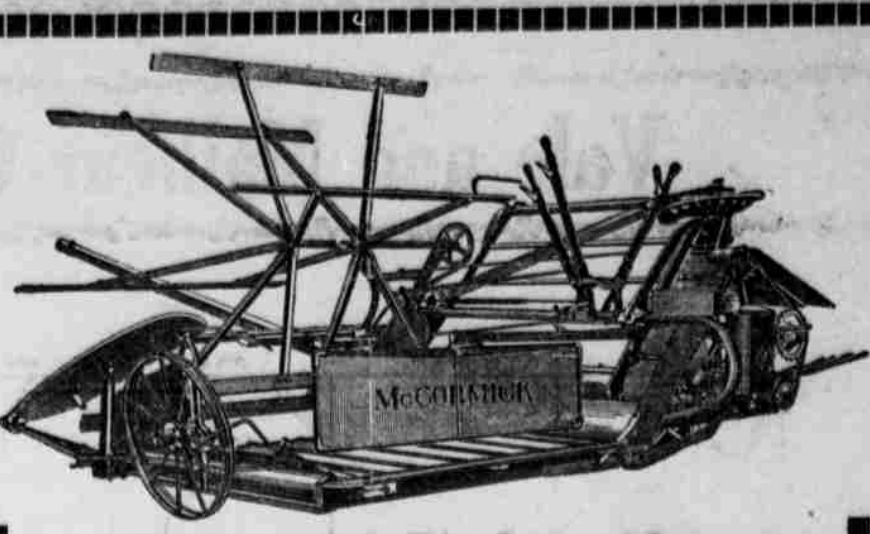

Lillard Ranch Brings \$50,000.
(Baker Herald.)
Mrs. Selma N. Ernest, of Manitou, Colo., has bought the 1120-acre Lillard ranch north of Baker for \$50,000. About two-thirds of the property is at present under cultivation, and Mrs. Ernest will send her brother, J. J. Hitson, to Baker county in a short time to take charge and put the entire property in shape for farming. The Lillard ranch is one of the first attempts at reclamation of the semi-arid lands in the county, but since W. J. Lillard, who first acquired the property, died six years ago, improvements have been at a standstill.

Mrs. F. L. Williams returned home a few days ago, from Portland, where she went a short time ago as a delegate to the P. E. O. convention.

C. O. Stutman, who arrived here from Macon, Mo., a short time ago, and has been working at the Vale Garage and Machine Company, left for Tacoma, Tuesday, accompanied by his friend and fellow townsman, W. C. Thompson, who has been here the past few weeks.
