Senate Bill 41, by Senator Hawley authorizes the district school board to use all or any part of the public schools under its jurisdiction for training school purposes. Under this bill the school board of Independence will have authority to permit its schools to be used as a training school for the Oregon State Normal

school at Monmouth. Senate Bill 90, introduced by Sen ator Cusick, changes the time for closing the polls for the annual school meeting in districts of the first class from 6 p. m. to 7 p. m.

Senate Bill 95, by Senator Eddy, provides for recall of school directors n districts of the first class. The recall now applies to all elective officers excepting school officers, and this bill makes it applicable for school directors in districts of the first class. There must be a petition first signed by the legal voters of such district equal in number to 15 per cent of the number of children of school age in said district as shown by the last pre-

The Sheldon bill provides that property qualifications for school voers shall not apply in the election of a school director or of a school clerk. This will mean that women as well as men may vote at all school elections that the sanitarium is always full, for the purpose of electing school directors or school clerks.

House Bill 20, by Jones of Lane, changes the time for taking the school census from November 25 to October 25, and House Bill 39, by the same author, changes the time for making the apportionment of school money geography. from the first Monday in October to

COUNTY SCHOOL NEWS Interesting Items From Several School Districts

Patrons Day at the Valley View School last Friday was a decided sucteachers, arranged a splendid exhibit of school and industrial club work done by the pupils and a program while the school mothers and friends provided a bountiful feast which was enjoyed at the noon hour. Visitors from outside the district were Mr. and Mrs. W. W. Howard, Mrs. G. A. Ruring, Mrs. R. E. Weant, Mrs. Carlson and Miss Clark.

The last week in March will be In dustrial Club Week. During this time a field worker from the State Department of Education will be in the county to assist with the industrial work for the coming summer and fall. Already clubs are being organized. The visitors will give advice and encour-

District No. 58 on Dead Ox Flat will have an additional month of school this spring. Several of the rural districts are "going into training" for next year when the minimum term will be eight instead of six months.

The pupils in the White Settlement school are enjoying a Victrola purchased with funds which were the result of a basket social and general good time early in the school year. The reocrds for the Victrola were seected by Miss Hodgson.

School in District No. 70 where Eva Neely has been teaching this year closed Friday.

Mr. E. C. Eggleston, of Burns, has supplied the county superintendent with blotters for use in the Malheur

discussed. It seems that the supporters of the work lost and it will now competent and that the debators were

not well informed. Frances Bartshe and her pupils in one of the Dead Ox Flat schools have recently secured a beautiful flag for their school by selling flag buttons. The school board in this district will make some needed improvements in the school house and grounds this summer. This year they have had a good school but the patrons are willing to pay for equipment that will insure a better one for next year. These people are pleased with the law making th minimum term eight months.
