Scene from "Protect Your Daughters" a special feature secured by manager Hewitt for the Rex Theatre for Saturday, March 24, direct from the Pinney Theatre at Boise. This picture is shown in the theatres of the larger cities from fifty cents to one dollar.

Portraying the workings of the system responsible for today's greatest evil, it teaches the mothers and fathers the dangers that beset the unprotected girl and in a manner that cannot offend. This picture has been endorsed by the clergy and press where ever shown.

This is a special film not obtainable from any circuit and Manager Hewitt has announced the price at only 15 and 35 cents. Mr. Hewitt has arranged for first run pictures from the best circuits in the business, including the Fox, World, Universal and others. All circuit films will be shown for five and 15 cents, whether the programs consist of mixed subjects or single features. With the picture "Protect Your Daughters" however, it was impossible to book it on any circuit and rather than miss the opportunity of showing it to his patrons, contracted for it at a price that makes the increased admission necessary.

COUNTY SCHOOL NEWS NOTES

The school children in the Vale, Ontario and Nyssa schools are writing 600 letters this week advertising the N. E. A. to be held in Portland, July 7-14. Each county in the state was given one state whose town and city school superintendents were to be reached through the school children. Oklahoma is the state allotted to Malheur county. Only the children in the three towns were asked to write letters because they must be sent to Portland for mailing and the collecting of letters from too many points would mean unnecessary postage.

More than ordinary interest is being manifested in the Declamatory Contest which will be held in Ontario, March 31. At least eight and possibly nine schools will participate. Several strong contestants are promised from the rural schools. The rural teachers seem determined to take the cup from the towns this year.

Eva Neely is teaching in the school above Ironside.

Onida Guild closed a six month term in the Prewett District Friday.

A short time ago, a box social and entertainment was given at the Cord school house which added \$252.50 to the school treasury. This money will be used to pay off an indebtedness and to start a fund for a musical instrument.

The new diplomas for perfect attendance and punctuality will come from the State Department and will be signed by Supt. Churchill as well as the teachers and county superintendent.

Valley View school will give an entertainment and social Saturday evening.

Una Armstrong was the successful contestant in the Valley View tryout Wednesday and will represent her school in Ontario a week from Saturday. Dorothy Bean is alternative with one half point behind the winner.

McDermitt, Dist. 51, School Notes.

At the first of each month we receive from a wholesale house in Winemucca, a calendar that portrays the "Evolution of the American Flag." They are very interesting and serve well in inspiring patriotism.

Those deserving honorable mention for grades in spelling the past month are Simon Jaca, James Otis, Antonio Jaca, Martin Jaca and Marguerite Otis.

The pupils have entered with spirit into a Book Reading contest, beginning March 12 and closing April 12. There will be an old fashioned spelling match at the school house on the afternoon of March 23. Public invited.

Burbank Day was observed with a program.

Jose Jaca, who was quite ill last week, has returned to school.

There was some excitement in school one evening last week when Dorateo and Santiago Jace of the second grade were chased into the school house by an angry bull. They started home at 3 o'clock as usual but had gone only a short distance when the bull gave chase. They reached the school house in safety but none too soon.

Joke on Someone.
 Thursday night a "bunch" intent upon a "feed" set out to find Jack Gillett, a recent benedict. After keeping up a racket for some time the "bunch" were rewarded by the appearance of Mrs. Olive Goff and Ray Clark who taking part of newlyweds escorted the "bunch" to the Vale drug store where they set up the treats in first class style. Later developments indicate that some one had played a good joke as both parties later denied that they were married. The "bunch" wants to know why the stall, if not; and where was the real benedict they started out to find. The truth is expected to be exposed by the "bunch" before long.

BOOKS SEVEN DEADLY SINS

Rex Theatre Will Show Series of Seven Five Reel Features Produced by McClure Pictures.

Manager Hewitt of the Rex theatre announces that he has booked the Seven Deadly Sins, the newest thing in motion pictures, starring Ann Murdock, Holbrook Blinn, Shirley Mason, Nance O'Neil, Charlotte Walker and George Le Guere.

This great motion picture attraction consists of seven features of five reels each. Every feature is a complete drama, but the seven are connected by the love story of two young folk played by Shirley Mason and George Le Guere.

Patrons of the Rex theatre are promised unusually fine productions. All the plays are dramas of today. Miss Mason, as Eve Leslie, is tempted in turn by the seven deadly sins and triumphs over each one of them. For

instance, in the first—"Envy," starring Ann Murdock—she becomes envious of a great actress. Her desire to have all the joys the actress seems to have, leads her into many tribulations. She triumphs over envy, and learns that her own simple life is worth while, after all.

Seven times, Eve is tempted, until at the end—well, Manager Hewitt won't tell what happens in the end. The date of the showing of the first of the Seven Deadly Sins will be Monday, April 16th.

Reverend Gillilan to Preach.

Reverend James D. Gillilan, superintendent of the Boise district of the Idaho conference of the Methodist church and one of the deans of the Northwest Ministry, will arrive in Vale Saturday afternoon and will preach Sunday Morning at the Methodist church.

THE SILO A NECESSITY

The Silos Are of Great Value in Malheur County—Is Part of Better Livestock Management.

The stockmen are being hard pressed by the long winter, and losses have been reported heavy in some places. It is a case of too much stock and not enough feed, and more silos is the solution of the problem.

Silo has become the watch word of the corn-belt stockmen and it must become such in this valley. Think of the terrible waste last fall of the stalk fields, and now witness the scarcity and high prices of hay. True a few sheepmen have learned the value of silage and are making extensive use of it, but most of them are still depending upon the straight hay rations.

Many lambs have died this year and in fact every year because of the lack of some feed like silage. Sheepmen know that an abundance of milk means that the lamb will be owned and properly nourished, and a large is the feed that will bring it about. Too much course hay killed a number of ewes this winter, and this would have been avoided if silage had substituted for part of the hay.

The Deseret Sheep company have found that they can not afford to not feed silage. They are now making plans to build two large silos on their Nyssa ranch. Mr. Dorman of Ontario has also observed the necessity of silage and is also planning a silo. Mr. Clinton of Boise, Idaho, writes that silage fed to his ewes made more milk and better lambs, and more wool. These facts determined by practical men have long been worked out by experiment stations. The Utah Station found that two pounds of silage and two pounds of alfalfa gave about the same results as four pounds of hay when fed as a daily ration to range ewes. Figure the difference in cost, and results.

Sheepmen should heed these results and investigate the silo as a business proposition. They can not afford to be without a silo.

BIG BEND

LITERARY DEBATE HELD

Road Supervisor Appointed—New York Arrivals Welcomed—St. Patrick's Day Honored.

BIG BEND, Oreg., March 21st.—Mr. E. H. Brumbach has been appointed road supervisor for the coming year. Mrs. Guy Johnston and mother arrived Friday, from New York. Big Bend welcomes them to our midst.

A large audience, Friday evening, listened to the debate. Resolved that the Government should run and operate the railroads and telegraphs. The judges decided in favor of the negative. The feature of next literary will be a Geography Quiz conducted by Miss Thompson.

Mr. N. Phelan had the misfortune to lose one of his fine sorrel horses Monday.

St. Patrick's day was well honored in The Bend. Mrs. D. Miller, Mrs. Frank Miller and Mrs. Ekan entertained in the evening.

Tuesday evening Mr. and Mrs. Ekin entertained a number of their friends at cribbage.

Several of the Big Bend citizens attended the sale at Roswell Tuesday. Miss Edythe Swigert visited with her grandparents in Roswell Saturday.

The Ladies Circle met with Mrs. H. R. Hatch Thursday of last week.

Fishing Licenses to Advance.

Hunting and Fishing licenses will advance 50 cents after May 21. Unless you are sportily inclined get yours before this date at the old rate of \$1.00 each.

The New GOSSARD CORSETS for Spring

WHILE retaining all those qualities that have characterized and famed Gossard corsets in past seasons, they strike a new note in corsetry—a subtle change that is reflected in a more delicately beautiful outline and in an even more graceful flat back.

Without any undue pressure you are assured absolute comfort and freedom of movement because the Gossard secret of scientific boning assures, the most perfect support where it is needed; proper breathing is induced and the whole body thrown into the healthful poise advocated by your physician.

This is the Thirty-second Announcement and Proclamation of Gossard Corset Styles for Spring and Summer, 1917

The new models vary in height of bust and length of skirt—as they should—to meet the individual requirements of the various figure types, but the general tendency is toward less corset, lower bust and shorter skirts with a smaller waistline indicated by skillful designing rather than actually expressed.
