## NEWS FROM OVER MALHEUR

### Every Community Wanted

The Enterprise readers live in every nook and corner of Malheur county and the editor wishes to make this page the clearing house for all the local news of the county. If you live in a community that is not represented on this page the editor will be glad to receive from you the news items of your community and if you can send in a news letter every week or two he will take pleasure in furnishing you the necessary supplies and appoint you as regular correspondent for your neighborhood.

### BIG BEND

Fire Destroys Big Bend Home—Many Plan to Attend Sunday School Rally to be Given

BIG BEND, Oreg., May 22.—School closed in district 46 last Friday. The pupils in Miss Thompson's room enjoyed a picnic dinner at the park, while those in Mr. Darnall's room were given a treat following the closing examinations. Miss Thompson, who has been re-elected to teach the lower grades next year, will spend her vacation at her home at Nyssa. Mr. Darnall will spend the summer months at his home at Fruitland where he has been elected to teach next year.

Mr. Airedale and Mr. Danielson of Nyssa accompanied Rev. Harper to the Bend Sunday.

The two year old daughter of Mr. and Mrs. E. W. Matthews is very ill with pneumonia at the home of Frank Miller. Miss McDonald is the nurse in charge.

The house of Mr. Kilburn was destroyed by fire early Sunday morning. The building was unoccupied and the origin of the fire is unknown.

W. J. Robinson arrived in the Bend from his homestead beyond Ironside, Monday evening. Later in the week he returned to the hills by auto accompanied by Mrs. Robinson, Wayne and Dale.

Mr. and Mrs. R. G. Walsley, of Parma, and family attended church services in the Bend Sunday and spent the remainder of the day as guests at the E. L. Tate home.

Misses Lois Russell and Eunice Rockwood, of Roswell, called on friends in our community Sunday.

Miss Cecil Castle, of Caldwell, is visiting at the Swigert home.

Maurice Judd, who is employed by the Ontario auto company, spent the week end with home folks.

Mr. Fields, of Nyssa, agent for the Chevrolet car, was in the Bend Saturday.

Miss Vera Swigert attended a Kensington given by Mrs. Frank Trout of Roswell, Tuesday, in honor of Miss Castle.

Mr. and Mrs. Morley and Mr. and Mrs. D. L. Miller autoed to Caldwell Monday evening.

A number of our people attended the various commencement week functions in Roswell last week. Miss Lois Russell, formerly of Big Bend, was one of the graduates.

Mr. and Mrs. Pehan, of Weiser, are visiting Mr. and Mrs. Barrett.

Dr. and Mrs. Sarazin, of Nyssa, were Bend callers Sunday afternoon.

Messrs. D. T. Miller, Jim Castle, P. B. Anderson and Floyd Anderson were county seat visitors Saturday.

Encouraging reports of the condition of Miss Louise Welch are being received by her parents. Miss Welch is a patient in a hospital in Los Angeles, Cal.

Mr. and Mrs. Frank Porter and children attended the carnival at Ontario Saturday.

A phone has been installed in the home of Kenneth Kimmel.

Miss Stark, of Payette, spent the past week visiting in our vicinity.

Mr. Chas. Purdy left Tuesday for Hailey, Idaho.

Mrs. Chas. Walker is quite ill at this writing.

A number in our community are planning to attend the Sunday School rally at Arena Valley next Sunday afternoon. This is the first of a series of summer rallies to be held.

The Social Circle met Thursday afternoon with Mrs. Tom Brown.

### RIVERDALE

NEW DITCH CONSTRUCTED

Hay Buyers Busy on Flat—Mysterious Disappearance Accounted For—Phone Line Repaired

RIVERDALE, Oreg., May 23.—Vegetation of all kinds seems to be making slow progress on account of the cool, backward, disagreeable weather, and some are of the opinion that the hay crop will be short.

A. M. Webb returned home Sunday evening after spending several days on his mother's homestead near Huntington and reports everything looking good in that section.

Albert Walker, who has been in Canada for some time, spent a few days with the family of Mr. and Mrs. H. J. Hambleton on his return to his

home at Joseph, Oregon.

The Malheur District Improvement company is making a new ditch this week in order to water part of the Flat near the bench. Other improvements are in order.

O. R. Smith, a former resident of the Flat, is reported very low with kidney trouble at his new home out from Huntington. The latest report says he is not expected to live but a short time. His friends are sorry to learn that his health is failing at a critical time when he so much needs health and strength.

Mr. Watkins, who has been assisting Myron and Miss Jennie Patch for a few weeks with their spring reaps, is figuring on returning to his homestead near New Meadows, Idaho, in a few days.

F. M. Grant has been busy for several days repairing the telephone line on the Flat. The work is timely and will place the line in much better shape.

Mr. and Mrs. Riley Cox have been spending some days with friends at Cambridge, Idaho. They are expected home this week.

Vernon White, whose mysterious disappearance was reported in last week's Enterprise, has been found and very much alive, to the delight of his many friends. It is reported that parties were dragging Snake river for several days for his remains before they learned that he had gone to the hills with some sheepmen. He is at home now and the joke is on the fellows who spent their valuable time fishing.

We understand buyers are trying to contract new alfalfa hay at \$15.00 per ton with few takers. Feeders are not anxious to start into the winter again short on hay. All kinds of stock suffered the pangs of hunger the past spring which ought to be a lesson to everybody to be more careful and saving with all kinds of feed—to harvest and store every thing that will make feed for it will more than likely be needed.

### OWYHEE

ENJOY SCHOOL PICNIC

Decoration Day Exercises Planned at Owyhee—Crops Good in Spite of Backward Spring.

OWYHEE, Oreg., May 21.—In spite of the backward spring the crops are looking fine and will be nearly ready to cut at the usual time this year.

Mrs. F. E. Newbill returned home Saturday from the hospital at Boise, where she underwent an operation. Her many friends are glad to know that her health is much better.

School closed Friday. This term was a very pleasant one for both teachers and pupils. Owing to so much sickness it was thought best to dispense with the program, so a little picnic was given at the Tague orchard. The parent-teacher association furnished delicious refreshments a part of which was eight gallons of ice cream. Every one reported a fine time.

Mrs. W. Guy Thompson left Saturday for Ontario where she expects to spend the summer with Mrs. Reading.

Wm. Washington has been quite sick this week from an attack of paralysis. Dr. Sarazin thinks he will soon be about his work again.

Miss Alice H. Curtis left Monday for her homestead on the Owyhee, where she expects to spend most of the vacation.

One of our Industrial Club boys, Jesse Thomason, has named his pig "The Kaiser" because he is all hog. Jesse expects to take "The Kaiser" to the fair this fall if he doesn't run out of food stuff before then.

Charles Newbill, William Schweizer and Louis Garrison wrote for 8th grade diplomas this week.

Peter Stam has just lost two fine milk cows from alfalfa bloat.

The Owyhee Sunday School is preparing exercises for Decoration Day to be held at the school house next Sunday. Kingman Colony has been invited to attend and assist with services.

A fine musical treat is expected from the Kingman orchestra. A committee has been appointed and provisions made to have every grave decorated so no lonely grave will be left undecorated by living hand.

The power line has at last been completed and a number of Owyhee farmers are at last having their jubilee year.

Rev. Hansen preaches at the school house Sunday. He was accompanied by Mrs. Hansen and Mr. and Mrs. Long.

### BROGAN

BROGAN MAN ILL

Friends Called to Bedside in Boise—Sheep Ready for Shearing—Orchards Looking Fine

BROGAN, Oreg., May 23.—Margaret Wagner and Marie Burke were called to Boise last Friday by the serious illness of John Wagner. Barney, John and Ray Wagner had started for Minnesota last week, but when they got as far as Glenn's Ferry, John had to be taken off the train.

They all came back to Boise where John was taken to the hospital. Word was received in Brogan on Tuesday that he was not expected to live.

New Buicks are all the go in Brogan now. Pat Coleman, George Voak and M. L. Goodwin being the last ones to acquire cars.

The hills are full of sheep these days, all headed to the shearing plant, or else have just been sheared, and heading out for summer range. The shearing plant is not running full capacity yet.

Frank Weaver is busy getting frty acres ready for potatoes. He is going to raise his own Irish stew, having five acres in onions already.

Orchards are looking nice these days, all full of blossoms. Indications are good for a bumper crop of apples and a good crop of cherries, but the peaches will not be so plentiful as last year.

The Grange had a social meeting at the Schlottman home last Saturday night. The next meeting will be at the Rouse home on June 2.

Mrs. Weaver and Fern Rouse spent a few days in Ontario last week, and when they came home, they brought one of Mrs. Weaver's sisters to spend a few days.

John Malone got home last week from a trip to Salt Lake City. While in Utah, he invested in land in the Uintah valley under government irrigation. He reports favorably on the land and the project.

### KINGMAN KOLONY

CLUB WORKERS MEET

Industrial Club Girls Have Fine Sewing Class—Snake River High and Muddy at this Time.

KINGMAN KOLONY, Oreg., May 23.—Mr. and Mrs. MacLafferty, of Nyssa, spent Sunday with their son Geo. MacLafferty and family.

Paul Seidler, who has been on the sick list for some time, returned Tuesday from Vale, much improved after a week's treatment with Dr. Sears.

John E. Johnson, and Lawrence Johnson, wife and baby, motored over from Vale Sunday and spent the day with Mr. and Mrs. C. E. LeMoine. Mrs. John E. Johnson returned to Vale with them.

Snake river is high and muddy, much higher than usual for this time of the year.

Miss Florence Kingman is teaching the sewing class of the industrial club. The following girls met with her at the school house each Saturday afternoon: Margaret Boyd, Ethel Hickox, Mary McGinnis, Pearl Pinkston, Frances Peck, Viola Blodgett, Nola and Faye LeMoine. The little girls are much interested in their work and each is aspiring to a trip to the fair.

### JAMIESON

FAIR IS PLANNED

Jamieson Parent-Teacher Association Plan Fair For Early in the Month of September.

JAMIESON, Oreg., May 23.—Since the beginning of the year, plans have been shaping themselves for one of the biggest, best, and most instructive events ever held in Jamieson. A fair is to be held under the management of the J. P. T. A. of which Mrs. J. L. Pope is president. The details have not been worked out, but the ground work has been completed to such an extent that we feel that it is time for the people to get in touch with the event that they may work to that end. The fair is to be held during or in the early part of September, at the school house. Both rooms will be put in shape for the display of exhibits, and if more room is needed, other buildings will be secured. We hope to receive exhibits of every kind—poultry, stock, fruit, vegetables, needlework, cooking, woodwork, etc., in fact every kind of work that shows work or intelligence. It is probable that a short description will be required with every exhibit, showing how the article was produced, that every one may profit by it.

Prizes of blue, red, and white ribbon will be given as usual. Some good special prizes are being arranged for, and some cash prizes will be given. If you have an article of any kind to bring, write to Mrs. J. L. Pope who will give your questions prompt attention.

Competent judges will award the prizes. Mrs. Cox has charge of the cooking and sewing in the school here and will look after all of the business in that line. The exhibits will be divided into school and general exhibits.

We hope with the aid of the producing class and county officials to make this a grand success. Put your shoulder to the wheel.

It is probable that the school girls will serve refreshments and lunch. The sports and entertainments have not been arranged for but will be discussed at the next meeting.

Pouring sand in a rat hole is not a profitable occupation. Neither is it profitable to expend money on streets only to have the work undone by the elements the following spring. Paved streets are permanent.—Nyssa Journal.
