

### How Little It Costs To Attend Chautauqua on the Season Ticket Plan

You wouldn't buy a ticket at every station if you were going on a long trip would you? Don't attend the Chautauqua that way either. Buy a through ticket. It saves you money. Single admissions are three times the amount of a season ticket.

### Twenty-Two Attractions \$2.50 About 10c Each

Think of hearing the Chautauqua Orchestra for a trifle over ten cents, or the Waikiki Hawaiian Quintet, in full evening concert, or the Comus Players—less than 12c for a thousand laughs with S. Platt Jones on the opening night.

#### Wants To Correct Rumor.

Vale, Oregon, June 7.—Editor Enterprise, Vale, Oregon. Dear Sir: I wish to correct a rumor which has recently gotten over the town to the effect that little Johnnie Edwards and Virgil McKinney broke into the residence of Mrs. Horton Tuesday morning, and took some money. This report is absolutely erroneous, as she later discovered that the money had been placed in safe keeping by her friends, and that the little fellows had merely come into the house for a drink of orangeade, which was on one of the tables.

I wish you would publish this statement, to clear the little fellows, who are not guilty of any offense.

Yours sincerely, Mrs. Anna Edwards.

#### County Court Meets.

The county court, with commissioners Weaver and Kelly and Judge McKnight, met in regular monthly session Wednesday and Thursday attending to the allowance of claims and other matters that came before them.

### BROGAN

BROGAN PEACHES UNHURT

Premature Frost Touches Vegetables at Brogan, But Peaches Will Need No Thinning.

BROGAN, Oreg., June 5.—The Grange had a regular meeting at the home of Mrs. Bousse on Saturday evening. The ladies sure enjoyed the fine (?) lunch put up by the men. The next meeting will be at the home of Mrs. Allstrom on June 16.

Election day passed off very quietly on Monday. Full returns will be found elsewhere in the paper.

Registration day was quiet here in Brogan.

Mrs. Voak entertains the Pioneer Club at her home on June 14.

It has been suggested that a real old fashioned picnic be planned for July 4, and the people of Brogan and Jamieson celebrate together. Remarks are in order, and talk to Mrs. Eaton about the plans.

Dave Logan made a trip to Ontario Friday, returning Saturday.

Miss Alma Woodward came home from Caldwell Saturday, after a year of work at college there.

Mr. and Mrs. Emory Cole autoed to Vale Sunday and report the road in good condition.

Our vicinity has been visited by a light frost on June 1st, 2nd, and 3rd. Some of the orchardists report quite a loss on Bartlett pears, some are thinking the peaches won't need much thinning, and a good many bean patches were touched. Some early potatoes had their heads nipped, but any way, Frank Weaver's potatoes were safe. They were not all planted on Wednesday.

The box of library books was sent back to Salem this week. We may look for another box any time.

Sheep shearing is still in progress, and the close surrounding hills still have several bands of baas in waiting for the shearers.

Pomona Grange has asked to have the Willow River Valley Grange entertain the next Pomona Grange meeting.

Born, To Mr. and Mrs. Stanley Woodward, on June 6, 1917, a daughter, Dr. Weiss of Ontario attending. Mother and daughter doing nicely. Keep your hat on, Pete.

### Famous Soprano at Chautauqua

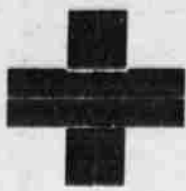

Olive McCormick Soloist With Chautauqua Orchestra

ONE of the rarest treats among the musical attractions at our Chautauqua will be Olive McCormick, noted coloratura soprano, who sings with the Chautauqua Orchestra. Miss McCormick sings the most difficult soprano roles with surprising ease. Her fame in the musical world first became widespread with her first three triumphant engagements as soloist with the Pittsburgh Symphony Orchestra. Such artists as Olive McCormick upon the Chautauqua platform possess musical and educational values impossible to estimate.

#### MORE GUARD DUTY

Continued from page 1.)

company met the officer of day while beating his post, and was asked his general orders, the ninth order being, "To allow no one to commit a nuisance on or near my post." But it seems he got this order mixed with his special orders, and instead of giving it correctly he said, "To allow no submarines on or near my post."

Marsh Meets Stranger. Marsh, while beating his post, was met in the middle of the path by a "What is it?" He said the thing had fins, and gills but in the place of a tail it had two legs. Marsh cocked his rifle to shoot, but the fish disappeared in the bushes.

Harold Gilham chased a dog all over his post trying to find out who it was.

Last week we took an expedition to Lacy Lake where we had instructions on pitching tents. It was something new to us and consequently we didn't make much headway at first, but finally got so we could put them up pretty quick.

The soldiers are all in high spirits as day after tomorrow is pay day. To them it is the greatest event of the month. A five cent piece, two weeks before pay day, looks like a wagon wheel.

Marsh went to Astoria the other day—said he had a fine time, and I guess he did. He had plenty of money (one wagon wheel, which in the army is a "jitney"). He bought her a soda, at the same time telling the clerk he didn't care for anything.

Clancy and Gilham are holding Marsh down while I write so I'll have to make this the end.

The boys send their regards to the people of Vale, hoping some day to be with them again.

Yours truly, Ray Vanzandt.

#### ATHLETICS AT FT. WARD

comes back after a brief visit. He is very mysterious about it, and we are trying to find out what he does. Walter Taylor is becoming some athlete, and we are all proud of him. He has certainly made a reputation among the baseball fans here as a pitcher, and is also a good gymnasium man.

Floyd Powell, who used to be so nervous, can stand for fifteen minutes, with his eyes straight ahead, without moving a muscle. Truly, the army life has improved him. We enjoy the paper every week, and hope the people don't tire of our constant letters.

With best regards, I am, yours truly Rolla Roberts.

#### Repair Owyhee Ditch.

Three breaks in quick succession in the Owyhee ditch occurred last week near the Rust ranch. The spot where it happened is a bad mud hole—alkali and very difficult to fix. Ditchmaster Bigelow and a large crew of men and teams were kept busy for several days repairing the breaks.—Nysa Journal.

## Hay Farmers Attention

YOU CAN SOLVE YOUR LABOR TROUBLES AND IMPROVE THE QUALITY OF YOUR HAY BY USING THE FAMOUS

### John Deere-Dain Side Delivery Rake

Follow the mower with a Dain Left Hand Side Delivery Rake—you don't need to wait until practically all the meadow is cut, and besides you get air cured hay—hay that retains its natural color and richness. This is the hay that brings the best price on the market.

The Mower goes around the field turning to the right, therefore the Dain Left Hand Side Delivery Rake has the following advantages over other rakes:

a—It can follow the mower, thus working against the

head of the hay.

b—It places all the hay upon clean stubble out of the way of the mower.

c—Turns a good square corner without bunching the hay undesirably.

d—Air cures the hay. It delivers two swaths of grass upside down in a loose continuous windrow. Thus air can pass through it freely, curing the hay evenly with no loss of coloring, and the hay is not sun-scorched.

### Also John Deere-Dain Hay Loader

The "One Man" Loader does the work of a whole haying crew and does it better. The main frame of the Dain Rake Bar Hay Loader combines lightness, stiffness, strength and flexibility. Steel is used for the principal parts and the whole is braced and trussed effectually.

And you can hitch or unhitch this loader without getting off the wagon. It has an automatic coupler. Come in and let us explain the advantages of these implements. Especially are they needed this year on account of the certain farm labor shortage.
