VALE RED CROSS KEEPING BUSY

Vale Chapter Ships Two Boxes of Hand Made Hospital Supplies--Auxiliaries Greatly Help.

The executive board of the Vale Chapter Red Cross holds a business meeting the first and third Thursday of each month at the Red Cross rooms at 4:30 p. m.

Hot weather does not effect the energies of Vale Red Cross workers, for this week a huge box consisting of nine hospital equipments and another box of extra articles were shipped by freight to the Red Cross Supply depot at Seattle.

Handwork Displayed. A beautiful Red Cross display has been shown, for several days, in one of the Vale Trading company's front windows.

Those who stopped to examine the fine display saw many of the garments which the ladies have made to fill the box. From hot water bag covers to soft white sleeping garments all articles needed for practical comfort purposes are included in these boxes which will eventually find their way to the hospitals where the wounded from the firing line receive medical attention.

The ladies of the Vale chapter have put in extra hours this week to get the box packed and sent.

The Brogan and Juntura auxiliaries have sent in a good many garments in the short time they have been working which have helped to swell the numbers and more quickly fill boxes. The local ladies now feel that with the help of all auxiliaries throughout the county a box will be ready for shipping frequently. Jamieson workers have a number of garments under way and will send in completed work soon, on account of the busy haying season work in many of the auxiliaries has been delayed a few days.

That all may appreciate just how much work is being done by the women who are daily working in the Red Cross rooms here and elsewhere a tabulation of the articles in one equipment shows, six sheets, four pillow slips, three suits pajamas, four hospital shirts, one convalescent gown, four pair socks, two pair bed socks, two bath towels, four face towels, three wash clothes, two hot water bag covers and one pair slippers. The box sent from Vale Wednesday contained nine of these equipments. Beside the hospital equipments a box containing three dozen sheets, 10 dozen pillow slips, eleven dozen hand towels, six dozen bath towels, two dozen wash clothes, one dozen hot water bag covers and ten dozen handkerchiefs, was also shipped.

27 NATIONS AT WAR

At the beginning of the 4th year of the war the nations are lined up as follows:

Central Power Allies--Germany, Austro-Hungary, Turkey and Bulgaria--four nations.

Entente Powers and their Allies--America, England, France, Russia, Italy, Belgium, Serbia, Montenegro, Japan, San Marino, Portugal, Rumania, Cuba and Panama--fourteen nations.

Have Severed Relations with Germany--China, Brazil, Bolivia, Guatemala, Liberia, Honduras, Nicaragua, San Domingo, Siam--nine nations.

CONSTRUCTION WORK STARTS ON NEW VALE BUSINESS BUILDING

WILL ERECT BUILDING

Work Starts on Big Automobile Building for H. E. Young--Will Complete in September.

Construction work started this week on H. E. Young's new business building, adjoining his present feed store and garage, which he plans to use as a demonstration room for automobiles, an accessory room and parking room for cars. The new building will be 50 by 94 feet, and will face "B" street, the front being fitted with heavy plate glass windows. The architecture will be modern in every respect, and the building certainly will be a credit to the town.

Where Vale Boys Are in the South

IN AERO SQUADRON

Seven Vale Boys at South San Antonio, Texas, in 33rd and 34th Aero Squadrons. South San Antonio, Texas, Camp Kelley, 33rd Aero Squadron, July 25. Editor Enterprise: I wish to correct a little statement that you made in the paper the 14th of July, in regards to the proper addresses of the boys who joined the army from Vale.

I am not in the C. A. C. but am in the Aviation corps now stationed at Camp Kelley, South San Antonio, Texas, and attached to the 33rd Aero Squadron. I will give you a list of the boys from Vale who are in the 33rd Squadron: Harland Diven, Clifford Wetzler, Robert Harland, Elmer Harris, Clifford Cole. These names and their address is South San Antonio, Texas, Camp Kelley, 33rd Aero Squadron.

Lynn Moudy and L. K. Bullock are in the 34th Aero Squadron, South San Antonio, Texas, Camp Kelley. Yours very truly Clifford Cole.

NEW PETITION FOR DRIVEWAY

Cattle and Sheep Men Agree on Mile Driveways in Malheur County.

Percy M. Johnson returned from Juntura the first of the week and reports that the driveways asked by the Malheur county wool growers association running from various shipping points o the county to the open ranges and forest reserves will be petitioned for in a new petition that will call for a driveway of not over one mile in width, whereas the former petition called for an average width of nearly six miles. W. A. Mohr, representing the government, went over some of the proposed routes with Engineer Johnson before meeting with a number of people at Juntura last Saturday evening. The driveways are badly needed by the sheep men in order that all land cannot be taken up by private owners thus cutting them off from a free passage from summer and winter range. However, the width of the driveway cannot be such as to make a feeding ground of it, says Mr. Johnson, and nearly all of the cattle and sheep men favor the plan for a narrow driveway.

NEW MOVIE ARRANGEMENTS

Rex Will Run "Iron Claw" on Saturday Nights--Actor who Featured in "The Clutching Hand."

Vale movie fans will remember Sheldon Lewis, the versatile actor who created such a sensation last winter in the role of the "Clutching Hand," a master criminal. The Rex has secured this same actor in a new serial "The Iron Claw," which will start Saturday night. Miss Pearl White plays an important role in the serial. The management of the Rexes to show Friday, Saturday, Sunday and Monday nights each week, with a regular Universal mixed program on Friday, "The Iron Claw" and mixed program Saturdays, and a Fox feature for Sunday nights. The opening feature will be "Sporting Blood," Sunday night, August 5th. This picture, in six reels, features Miss Dorothy Bernard and Glen White.

Lela Jones returned to her home at Vale today after a visit of ten days or so with Ontario friends--Ontario Democrat.

George Harper, of Ontario, paid the Enterprise office in Vale a visit while he was in town Thursday.

If we were all as just to all men as we wish them to be to us this would be a happier world.

Malheur's Quota For First Draft is 59 Men :-: 118 Called For Examination

EXEMPTION BOARD BUSY

Many Hours Hard Work by Officials and Assistants in Preparing Order of Liability List.

After a week of patient waiting the master list of the registered men was received Thursday afternoon by Sheriff Ben Brown and the exemption board consisting of Sheriff Brown, Dr. F. J. Brown and Bruce R. Kester began at once on the long and difficult task of checking the registration cards of Malheur county with this master list of the numbers as drawn in Washington.

Immediately upon the completion of this checking, and the elimination of all numbers larger than the total registered in this county the official list of the entire 1234 names registered in Malheur county will be made and posted, numbered according to the order drawn as indicated by the master list received Thursday. This official list will denote the order of liability for service under the present and subsequent drafts.

First Call for 118. Also as soon as all of the cards have

been checked and the official list posted the board will post a call for first 118, which number is 200 per cent of the number to be actually drafted in to service in this county. These parties will be notified by mail but the posting is deemed sufficient notice. This list will probably be prepared and posted Saturday morning, Aug. 4. The first third of these 118 must appear before the board for examination and present claims for exemption or discharge on the fifth day after such posting which will be next Friday, Aug. 10, the second third must report on the sixth day, Saturday, Aug. 11, and the balance on the seventh day, which day being Sunday, the time for appearance will be Monday, Aug. 13. If at that time the required quota is not secured others will be called for examination.

Following are the first 236 names in the order of their liability for examination, which number is 400 per cent of the quota Malheur county must draft into service. It is estimated that the 59 required will not be secured until this list is nearly all examined, although the last names on this list are not very likely to be called for the first draft.

This list is not official but is made up from the master list by the exemption board and is as accurate as is possible to obtain at this time and will likely stand without further corrections. Several corrections from former published lists will be noted. This list however has been checked with the cards and should be correct, although the official list cannot be prepared in time for publication. Errors in the former lists have been made in the rush of preparation for publication.

Will Draft 1 in 4. Estimated.

An analysis of these first 236 names shows that 32 are aliens, 2 enemy aliens (Germans), and of the 202 American citizens 85 are married and 117 are single. Sheriff Brown expects to come under the government estimate of drafting one in four of all examined. The government also estimates 10 per cent of those who pass the local board will be returned by the district board on account of occupational exemption or physical disability, while it expects the local board will turn down three out of four for physical defections.

Honor Guard and Red Cross Working

Hot Weather Does Not Dunt Ontario's Red Cross Association--Honor Guard Does Work.

ONTARIO, Ore., Aug. 2.--The Red Cross Rooms at Ontario are the scene of lively industry despite the prevailing hot weather. The electric fans are kept going which, together with pleasant company and near surroundings make the hours pass quickly.

An overseer or forewoman has charge of certain members for a day in each week and in this way better results are produced as each one knows what days are the most convenient for her to come.

Honor Guard Progresses.

The Girls' Honor Guard had its regular class in first aid Monday night and is still making good progress. A business meeting was held last Friday evening at the Library but the number of members needed to form a quorum was lacking so the meeting was adjourned.

L. W. W. LYNCHED

"Vigilantes" Hang Labor Disturber and Give Warning to Others--Police Buffaloed.

Butte--Local authorities are extending every effort to apprehend the vigilantes who were responsible for the lynching here of Frank Little, an Industrial Workers of the World leader, at an early hour Wednesday morning.

The police officials, the sheriff and his deputies and the county attorney frankly admit that they are puzzled and so far have no clue which might lead to the discovery of the identity of the men.

Frank Little, a member of the executive board of the Industrial Workers of the World, and prominent in labor troubles in Arizona, who recently referred to the United States soldiers in a speech here as "Uncle Sam's scabs in uniform," was taken from a lodging house early Wednesday morning by masked men and hanged to a railroad trestle on the outskirts of the city.

Warning Card Found on Body.

His body was found by Chief of Police Jerry Murphy and cut down. On the body was a card bearing the following: "First and last warning! Others take notice! Vigilantes!"

Many Die of Heat.

New York--Heat claimed the lives of 115 persons in Greater New York Wednesday, while hundreds of others were prostrated. The maximum temperature was 98. Hundreds of persons in other cities ranging as far west as Chicago and as far east as St. Louis have died and suffered prostrations from the intense heat of this week.

Will Submit Prohibition.

Washington--The resolution for submission to the states of a prohibition amendment to the federal constitution as adopted late Wednesday by the senate, 65 to 20, eight more than the necessary two-thirds. As adopted the resolution provides that the states must be asked to ratify the amendment within six years. The house is yet to act.

Allies Capture 10 Towns.

British Front in France and Belgium--A vast British force, augmented by French troops, at dawn Tuesday launched against the army of Crown Prince Rupprecht, of Bavaria, between Dixmude on the north and Gapard, near Warrneton, on the south, a terrific offensive, which, according to the early reports, had carried the onrushing allies well beyond the shell-shattered front line trenches of the Germans throughout this approximately 20-mile front, and in many places had reached the second line defenses.

Both the French and British had achieved all the first objectives, and the artillery was moving forward with

JORDAN VALLEY MEN ARRESTED

Officials Secure Confession--Prohibition Law Must Be Respected.

As a result of an investigating trip to Jordan Valley last week by Attorney Swagler and Deputy Lee Noe, there appeared in Justice Stearns court at Ontario, Tuesday, Domingo Yturri, proprietor of the Spanish Hotel at Jordan Valley, and Lasara Ury-agua, a rancher living near Jordan Valley who pleaded guilty to the charge of illegal possession of intoxicating liquor and were fined \$300.00 each and costs. This makes a total of nearly \$4000.00 turned into the county by the sheriff's office in liquor fines during the past six weeks. Sheriff Ben Brown is determined that the prohibition law must be obeyed in Jordan Valley and all other sections of the county, or more arrests will follow as a consequence.

And this time it is from Jordan Valley that the county coffers are enriched by contributions from violators of the prohibition law. From Juntura, Riverside, Westfall, Vale, Ontario and other places have come donations to the county, being persuaded by Sheriff Ben Brown and Deputy Lee Noe. For their constant and effective efforts in eliminating bootlegging in Malheur county the sheriff's office deserves great credit, as well as County Attorney R. W. Swagler.

Governor Withycombe and Attorney General Brown are among those who have complimented the Malheur county officials upon their success in rounding up violators of the bonedry law and in preventing the importation of liquor from Nevada into the state.

Government Needs Stenographers.

The United States Government needs, and needs badly, great numbers of stenographers and typewriters, both men and women, for service in the departments at Washington, D. C., and the situation in federal offices outside of Washington is scarcely less urgent. The supply of qualified persons on the Commission's lists for this class of work is not equal to the demand, and the Commission urges as a Patriotic Duty that citizens with this special knowledge apply for examination for the government service.

At present all who pass the examination for the Departmental Service are certified for appointment. Large numbers of stenographers and typewriters are needed for the Field Service, and practically all men who pass the field examination are appointed at an entrance salary of \$1000 per annum. Many women are required for various branches of the Field Service, and recently 20 women stenographers and typewriters have been appointed in the Puget Sound Navy Yard.

Examinations for the Departmental Service are held every Tuesday in 47 cities in the Eleventh District. Examinations for the Field Service will be held on August 18th.

For full information and application blanks apply to Herbert F. Ward, District Secretary, 11th Civil Service District, 303 Post Office Building, Seattle, Wash.

Fay Clark Returns.

Having enjoyed a very profitable session of the National Educational Association meetings at Portland, as well as visits to Eugene, Seattle and Vancouver, B. C. Miss Fay Clark, county school superintendent returned to Vale Wednesday and is already back at work in her office planning for the county teachers institute which will be held some time in September.

schedule precision, and the whole situation was satisfactory in every particular.

VALE-OREGON IRRIGATION CO. FILES PETITION AS BANKRUPT

IRRIGATION CO. BANKRUPT

Hearing of Creditors of Vale-Oregon Irrigation Company Set for August 3, at Vale.

The Vale-Oregon Irrigation company have filed their petition of bankruptcy and were adjudged bankrupt on July 27. A hearing has been set for Friday, August 3, at Vale, at which time a trustee will likely be appointed by Referee Cochran of Ontario. A summary of the condition of the company shows in round numbers the following: Creditors holding securi-

ty, notes \$106,600; bonds \$420,000; paid water rights \$50,500; total \$588,000. Unsecured claims amount to about \$35,000. The property of the company consists of the Lamberson reservoir and the Anderson reservoir together with ditches, rights of way, etc., and a small amount of personal property. The company has a total of unpaid stock subscriptions of \$250,000 and water contracts for over 18,000 acres of land. This is but another angle of considerable adjustments that are being attempted through the courts to settle the relative rights of the contractors, the bondholders, the company and the land owners.
