MINISTER ENTERTAINED

Alfalfa Growing Fast After the Third Crop is Cut-- Says Oregon has Kansas Beat for Production.

ONTARIO, Ore., Oct. 3.—Miss Jean Conklin and Miss Theodosia Wells left for college this morning. Elmer House from above Vale was in Ontario Sunday making the trip in the Ford.

Mr. and Mrs. Udick, of Caldwell, were visiting with their son, H. R. Udick, and family for several days last week.

Mr. and Mrs. D. A. Hiles and Misses Cora and Rose Bender were visiting in Boise last Friday evening and Saturday.

Miss Alfaretta Sage returned from the State Fair at Boise the last of the week and started in school here Monday morning.

Fruit pickers are scarce here and on the bench and the fruit growers are having a hard time to secure help in spite of the excellent wages offered.

Robt. Crummett came down from the DeArmond ranch last week. The Presbyterian church is holding a "get acquainted and have a good time" social next Friday evening.

Mr. and Mrs. Harmon of Kansas left last week after visiting a few days with Mrs. Harmon's parents, Mr. and Mrs. Wm. Dingman. Mr. Harmon said that this country certainly had Kansas beat, and on being shown some peaches and apples, said if he would sell the people "back home" about them they would think he was certainly stretching his imagination.

J. D. House, foreman of the DeArmond ranch, was in Ontario Saturday. The third crop of hay has been up or quite a while and some of the farmers on the five-acre tracts are looking for a fourth crop.

Mr. Rawlins, from the East, is here visiting his daughter, Mrs. C. E. Seay.

Last Friday evening a number of young people gathered at the D. E. Baker home to hold a farewell party for Mrs. R. B. Baker who left last night with her mother-in-law, Mrs. J. Baker. Many games were played and it is said by all who attended that it was one of the most enjoyable parties of the season. Earlier in the week a reception was given Rev. and Mrs. Baker by the members of the church. At this a short talk, expressing the regret of the congregation on losing Rev. Baker as their minister and speaking of the work done by him here, was given by Dr. Weese. Another reception was given in Mrs. Baker's honor Tuesday afternoon by members of the W. C. T. U. at which another enjoyable time was had.

Holy Rosary Hospital Notes.

W. Johnson of Ontario was one of Dr. Prinzing's typhoid patients here, having the twenty-ninth.

Mrs. W. A. Dunning, who was here on account of illness, Dr. Whitney attending, was able to return to her home in Ontario the 23rd.

Henry Ryan of Westfall was operated on by Dr. Prinzing last week.

P. J. Lynn and A. Lynn are two brothers who are ill with typhoid fever at the hospital with Weese and Prinzing, respectively, as attending physicians. P. J. Lynn is from Whitley Bottom, his brother from Fruitland.

E. Andrija, of Boise, was here for a short time under the care of Dr. Leidges.

A minor operation was performed on little Effie Detherage of New Plymouth by Dr. Drysdale Saturday.

Mrs. Wm. McKenna went off duty as night nurse Sunday, Miss Margaret Hoffman succeeding her.

Miss Enid Greip was visiting with her parents at Fruitland for a couple of days last week.

Sister M. Thomas, who had charge of the office work, is another whose name must be added to the long list of typhoids in the hospital at the present. Her many friends will be sorry to hear this and hope for her speedy recovery, for everyone who has come to the hospital has always been made to feel better by Sister Thomas' smile.

For the first time in the history of the hospital there has been work enough for an extra night nurse. This shows the great amount of patients that have been taken care of here. The new night nurse has charge of one floor only leaving to the other the care of the typhoid patients.

Mrs. D. P. Pullen of Owyhee was in the hospital a short time on account of illness, Dr. Prinzing attending.

RIVERDALE

MUCH HAY STORED

Apple Crop Harvest Begins, Much to be Spent in Packing--Sister's Illness Calls Man East.

RIVERDALE, Ore., Oct. 2.—Alfalfa is nearly all cut and stacked—some being slightly damaged by the recent rains—however there is more hay stacked on the Flat than ever before.

Ruben Pearce left some days ago for La Grande where he will spend the fall and winter in the Round house of the railroad shops at good wages.

Mrs. E. G. Hapke went to Boise some days ago on a pleasure and business trip.

It is very much regretted that the majority of dry land farmers of the surrounding country will start into the winter in a serious condition as crops of all kinds were almost a complete failure—their spring and summer work being thrown away and the high cost of living is making them feel unusually blue. At present and until the next crop is made there may be need for some charity work near home. Everyone hopes that next year will be more favorable for dry land crops.

Some of our farmers are feeling somewhat disappointed with the extra expense attached to the selling of grain, and they have a right to be when the dealers charge 4 cents rent for sacks in which to haul the grain and discount them 10c per bushel for shrinkage. No amount of urging will induce them to raise small grain next year. With so much hard work and heavy expense in growing grain it is very unpleasant to be grafted in the end.

Oscar Estby, John and Pearl Farnsworth and Mr. and Mrs. J. J. Spicer went to the Idaho hills on a pleasure trip Monday and report farmers on the creeks of that section in a most prosperous condition.
