KEEP THESE ON FILE.

Points to Remember if You Are an Expert Housekeeper. If you keep a kitchen tile—and every efficient housewife should—clip the following hints and add them where you can put your hands on them quickly.

When you are digging in the garden you will be discouraged to find how the dirt clings under your nails. Try rubbing soap under the nails before you go out into the garden to work. It will form a fine protection against dirt and will not be hard to remove when the digging is done.

Don't make the mistake of using your table or bed linen in rotation, one after the other. Use a few changes until they are worn out, then take the next best and add new ones to your store. In this way you will not be embarrassed by finding everything in holes at once. The same thing refers to underclothes. Have you found that your clothes baskets wear out quickly? Make feet for them by splitting clothes pins as far as the knob and pushing them up through each corner of the bottom of the basket. They will act as feet to lift the basket from the ground and save wear and tear.

Loosen clothes with a whisk broom. It is far better than the hand and easier too. Never pour grease down a drain. If you have no sink strainer to catch the grease try laying a piece of paper over the drain before pouring out greasy water. The paper will catch the grease and can be burned in the stove.

The Malheur Enterprise Makes Clubbing Arrangement With The Oregon Farmer Offers Unusual Opportunity to Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.

Malheur Enterprise, one year \$2.00 Oregon Farmer, one year 1.00 By our special clubbing plan, both for \$2.00 Idaho subscribers may have the Idaho Farmer instead by requesting it.

SUGAR IS HIGH?

IF SUGAR IS TOO HIGH FOR YOU TO AFFORD, USE SYRUP!

Do you remember the famous "Nectarlene," made in Vale by R. W. Eames, a toothsome combination of honey, cane sugar, etc.? And how on account of the high price of materials, the manufacture was discontinued?

We have contracted for the last of Mr. Eames' "Nectarlene" and will sell it for the old price of \$1.40 a gallon.
