DON'T BE A QUITTER.

Some day, we hope before long, the Warm Springs, the Willow Alder, the Owyhee and other irrigation projects will be watering 100,000 acres of fertile land in Malheur county. Many benches and small valleys will be producing 60 bushel wheat crops by a system of spring flooding. Oil refineries will be keeping pipe lines flowing full with golden liquid from here to Portland. Nitrate reducing plants will be furnishing America with explosives and the Northwest with fertilizer. Woolen mills will be manufacturing the winter covering of our sheep into clothing and our stockmen, our farmers, our cities will prosper far beyond your best hopes. Don't be a quitter now, and be sorry then. Stick to your home community and help each other to better things in store.

KEEP THIS IN MIND.

The Warm Springs project is one of the cheapest constructed irrigation systems ever contemplated in the Northwest, figured on an acreage basis. It offers the minimum in difficult engineering problems, yet promises the quickest returns in both time and money. It is the key to all kinds of development in Southeastern Oregon. Present prices of produce make this an exceptionally opportune time to put the water on the land. Government aid would be gladly welcomed and was seriously hoped for. Yet one year's delay will cost more than the interest on bonds sold to private investors. The money market is not entirely inactive. A united and earnest effort by all interested parties may yet be able to build the project this year.

MEN SHOULD GIVE FUNDS, AS WOMEN DO WORK.

The Red Cross workers of Malheur county are limited in the amount of work they can do by the amount of money they can secure to purchase materials. This important work deserves the support of everyone. A few large donations of one or several hundred dollars to the local chapters and auxiliaries would be gratefully received and in no other work will a dollar go as far as it will in the Red Cross. Of course, ten dollars, five dollars, or one dollar, if that is all you can possibly spare, will be just as welcome. However, we urge those who can give more to write a generous check so that others who cannot give money can do more work. That is a fair proposition. Think is over.

CAN WE DO IT?

The president of the Deutsche Bank of Berlin said recently that the people of Germany are now saving three billion dollars annually of what they used to spend in beers and liquors. There are about 70,000,000 people in the German empire.

President Wilson has asked American men, women and children to save two billion dollars in one year to lend to our government at four per cent to help win the war.

There are 100,000,000 of us. Can we do it? We can. Will we do it? We will. How? Simply by "cutting out" the little extravagances to our daily lives that add nothing to our strength of character, nor to our health or happiness; by cutting down on our candy and gum expenditures; by going to the "movies" less frequently; by smoking less; by drinking water instead of fancy colored concoctions, and by practicing a hundred and one little economies that will save a penny here and there.

When the pennies have been saved Uncle Sam has provided simple machinery with which to take care of them. Twenty-five cents buys a Thrift Stamp. Sixteen Thrift Stamps pasted on a card given you when you buy the stamp with 12 cents additional will buy a War Savings Stamp. Twenty War Savings Stamps pasted on a War Savings Certificate, given with your first War Savings Stamp, become virtually a government bond, for which the Government will pay you \$100 in five years. A War Savings Stamp is just as safe as your country. And the more Stamps sold right now, the safer your country will be.

There will be no centralized "drive" to raise the \$17,000,000 Uncle Sam has asked Oregon to furnish by the sale of War Savings Stamps. The campaign will last throughout the New Year. There will be no effort to "drive" the people of Oregon into the purchase of War Savings Stamps and Thrift Stamps. Uncle Sam wants Oregonians to develop and practice habits of thrift to such an extent that they will do their own "driving" and in sending Oregon "over the top" with colors flying.

Wheat, hogs, coal, railroads, and many other commodities and institutions are being protected by standardizing prices. Why not limit the war profits of the munition maker who has no profit except by the misfortune of others? Guns and ammunition should be made only under government management and ownership.

Join the Vale Chamber of Commerce. It will cost you but two or three dollars a year and you will get that much benefit out of the meetings alone. It is a good investment for any town to maintain an organization to look after the general good of the community.

The nearest example of what the oil rush in Vale will be like is the political scramble in the hotel lobbies in Portland.

The birth of candidates for state offices in Oregon is far exceeding the death rate of the American army in France.

Book Shower Held
The Civic Improvement Club will hold their second annual Book Shower in the Guild Hall Tuesday evening. An interesting program of Charades, Guessing Contest and Music has been prepared. Every citizen of Vale is urged to come and help build up our Public Library.
Approval of Chief
George W. Boschke, general manager of the O. W. R. & N., of Portland, and a number of high officials of the O. S. L., including Carl Stradley, the chief engineer, arrived in Vale Monday of this week by special train, to inspect new rail work. One result of the trip, it has become known, will be the retention of O. S. Osborne, who has given evidence of his valuable services to both roads in building the

Oregon Eastern westward from Vale.
Entertain Friends
James Frost and sister, Mary Frost, last Sunday evening delightfully entertained T. W. Davidson, S. L. Payne, Dan Patterson and H. P. Osborne at dinner. The interim between supper and bedtime was socially enjoyed and the Frost's acclaimed expert hosts.

Personals and Locals
William Jones, big stockman of Juntura, was a visitor to the county seat this week.
W. W. Brown, contractor on the Oregon Eastern grading work 80 miles west of Vale, returned this week from Salt Lake City.
Hardin Lockett, of tionita, and son of "Uncle Boh," paid his respects to friends in Vale this week.
C. C. Wilson, popular attorney of Nysaa, has been a county seat visitor throughout the week, attending court.
C. H. Oxman was in from his Jamieson ranch this week.
The Bolsheviks will hurt their cause by bringing home the Russian prisoners from Germany. They have no idiotic delusions about the Germans.

METAL PRODUCTION IN 1917
Oregon's Metal Production During the Past Year, By Member of Geological Survey

A preliminary estimate of the production of metals from Oregon mines in 1917, compiled by Charles G. Yale, of the San Francisco office of the United States Geological Survey, shows a material decrease from that of 1916. The output of gold in 1917 was \$1,902,149, and the estimated output in 1917 is \$1,466,419, a decrease of \$435,730. The output of silver in 1916 was 231,342 ounces, valued at \$132,645, and the estimated output in 1917 is 115,697 ounces, a decrease of 115,645 ounces in quantity and of \$58,946 in value. The output of copper in 1916 was 3,501,886 pounds, valued at \$881,144, and the estimated output in 1917 is 1,508,639 pounds, valued at \$410,349, a decrease of 1,993,247 pounds in quantity and of \$470,795 in value. A small quantity of lead was produced in 1916, but no production of this metal has been reported for 1917.

There are about a hundred productive mines in Oregon, and although two-thirds of them are placer mines, the larger output of gold comes from the deep mines, and, of course, virtually all the output of the other metals. There were no important discoveries in any of the mining districts of Oregon in 1917, and no great increase in the output of any of the more productive properties. The entire output of ore from all the deep mines combined does not exceed 160,000 tons. Most of the placer mines are worked by the hydraulic system, but the three dredges now in use produce far more gold than all the other placer operations combined. The largest output of gold and other metals in 1917 came, as usual, from Baker county, which produces annually about 90 per cent of all the gold mined in the state. Josephine county is next in production.

No use calling the Russians hard names—they're accustomed to them.—Brooklyn Eagle.

So far as the war is concerned, we are not so much concerned about our aims as our hits.—Nashville Southern Lumberman.

LEGAL ADVERTISEMENTS

SUMMONS

Notice of Sheriff's Sale
By virtue of an execution in foreclosure duly issued by the Clerk of the circuit court of the county of Malheur, State of Oregon, dated the 27th day of November, 1917, in a certain action in the Circuit Court, for said County and State wherein the Alliance Trust Company, Limited, as Plaintiff recovered judgment against Josephine Harris and William E. Harris, Defendants, for the sum of Five Thousand One Hundred Thirty Five and 25-100 Dollars, with interest thereon at the rate of 8 per cent per annum from the 5th day of November, 1917, and for the further sum of Nine Hundred and Seventy Eight and 05-100 Dollars with interest thereon at the rate of 10 per cent per annum from the 5th day of November, 1917, and the further sum of Five Hundred Dollars Attorneys fees, and the further sum of \$— as costs and disbursements herein.

Therefore notice is hereby given that I will on the 28th day of January, 1918, at the main entrance to the Court House in Vale, in said County and State, at 2 o'clock in the afternoon of said day, sell at public auction to the highest bidder for cash, the following described real property to-wit:
Lots Three and Four and Southwest Quarter of Northwest Quarter of Section Four, Township Nineteen, South, Range Forty Four, E. W. M., in Malheur County, Oregon, and also water rights taken from Bully Creek and formerly owned by Thomas Harris.

Taken and levied upon as the property of Josephine Harris and William E. Harris, or so much thereof as may be necessary to satisfy the judgment in favor of Alliance Trust Company, Limited, Plaintiffs and against the Defendants, with interest thereon, together with all costs and disbursements that have, or may hereafter accrue.

Dated at Vale, Malheur County, Oregon, this 27th day of December, 1917.
BEN J. BROWN, Sheriff.
By E. H. Test, Deputy.
First Publication Dec. 29, 1917.
Last Publication Jan. 26th, 1918.

STRAYED
One red roan, one black calf, nearly yearling; one red heifer, 2-years. All branded quarter circle over J-T-F connected, on left rib, and right ear cropped. Cow has other brands. Last seen on the south fork of Willow

Kindly give any information as to the whereabouts of these animals to GEO. LYTLE, Parma, Idaho, Box 62, Rt. 3. j19-44p.

\$25 Reward
To anyone telling me the whereabouts of the following horses: One blue roan gelding horse, weight about 1600, age 5 years, branded I believe on the left stifle. One bay saddle horse, branded "76", I believe on the right shoulder, age 7 years, weight 1200 pounds.
AMOS ROETHLER.
d-29-45 Westfall.

Notice of Estray
The following described cattle are held by me as estrays. Owners may have same by paying costs and advertising. One red yearling steer, one red and white yearling heifer, one red with some roan yearling heifer. All branded I C U on right side and marked slightly in right crop off left. W. D. FANNING, Brogan, Oregon. j19-42p.

SUMMONS FOR PUBLICATION
In the Circuit Court of the State of Oregon, For Malheur County.
C. H. ZEVELY, Plaintiff, vs. PEARL ZEVELY, Defendant.
TO PEARL ZEVELY, the above-named defendant: This summons is published by order of the Hon. Judge Geo. W. McKnight, Judge of the County Court for Malheur County, made in the absence of the Circuit Judge of this district from the county, which said order directs the service of this summons to be made by publication thereof in the Malheur Enterprise, a weekly newspaper published and circulating in this County and State, commencing with the issue thereof of January 19, 1918, and ending with the issue thereof of March 2, 1918, and directing that a copy of this summons, and of the complaint herein, be forthwith mailed to the defendant at her last known address.
DAVIS & KESTER, Attorneys for Plaintiff, Residing at Vale, Oregon. Jan-19-March-2.
