NOTICE TO SUBSCRIBERS

Increased cost of paper and all expenses in connection with publishing a newspaper, together with new postal regulations require us to enforce subscribers to pay in advance for the Enterprise. We have already succeeded in getting nearly all of our many subscribers to pay in advance.

Watch Your Date The date to which your subscription is paid is printed each week on your copy of the paper. Watch this date and try to send in the money for the next year's subscription before your time expires, thus avoiding missing any copies.

Change of Address In requesting us to change the address of your paper from one post office to another it is necessary that you give the post office where you have been receiving the Enterprise as well as the new address to which you wish it sent. This will avoid your missing several issues and will save us a blind search thru the entire list to find your old address.

Change of Address In requesting us to change the address of your paper from one post office to another it is necessary that you give the post office where you have been receiving the Enterprise as well as the new address to which you wish it sent.

MUST SAVE SUGAR

Cut Table Sugar So There May Be Enough for Canning

"You are entitled to an extra amount of sugar these days for home canning. Do not let this privilege tempt you to do a wrong to your neighbor and your country."

"Don't hoard sugar", the message continues, "Buy it just as you need it and keep your canning supply separate from your table sugar, keeping the latter strictly within the three pounds per month per person limit, or cutting this allowance down even more if you can."
