NEW EQUIPMENT

Having recently installed a new DRY CLEANING machine and EXTRAC OR, we now expect the entire DRY CLEANING trainers of this community. We feel that we deserve your patronage. We are now better prepared than most towns of this gize to handle your cleaning. Further if the war permits us to stay here we are going to do more. We are going to give the people of Malheur county the best cleaning plant in Eastern Oregon Certainly if Vale is deserving such a plant, this plant is sentitled to your husiness.

ititled to your business.

The DRY CLEANING machine is of the latest and most

efficient desibn, constructed with a hot water vacuum making it

possible to use hot gasoline instead of cold making it the most

The EXTRACTOR is likewise very efficient as anybody can see when they consider the size of the cylinder (30 inches in diameter) revolving at the rate of 600 revolutions per minute, extracting from your clothes all grease, dirt and filth which everybody will collect in their clothes in a short time.
