### STOCK DOING WELL

Earnest Locy of Ironside Spent Several Hours Here Tuesday Afternoon.

Earnest Locy a prominent stockman of Ironside was here Tuesday. He states the warm rain has made splendid pasture and many cattlemen have driven their stock back into the mountains. For several weeks this summer, stockmen were discouraged. Not only was the grass dry and short, but many who heretofore grew a sufficient amount of hay to carry them through the winter, were not able to do so this season. The rains however have made it possible to get their stock in good condition and most of the stockmen in his vicinity have secured sufficient hay in the Brogan and Burnt river sections.

The only crop that bids fair to be a complete failure this year is the crop of sediton Germany tried to plant in this country.—New York World.

**TO RAISE LARG FUNDS**  
Drive Opens November 11—Ontario's Quota is \$7,524—Vale's Quota \$6,156.

ONTARIO, Ore., Oct. 16. —Editor of Malheur Enterprise, Vale, Oregon, Dear Sir: The United War Work Campaign drive will commence on November 11, and continue until the 18th. The object of the drive is to raise funds for the Y. M. C. A., the Knights of Columbus and five other kindred associations.

The amount assigned to Malheur county by the State Committee is \$13,680. If this amount is divided in the same proportion as in the last preceding drive, Ontario and vicinity will be called upon to raise \$7,524, and Vale and vicinity will raise \$6,156.

Unlike the Liberty Loan investment this amount will represent an actual gift to those associations, which are working for the social welfare of the men at the front. When the time comes, Malheur County will do its duty nobly, and will go over the top before a great many other counties in the State reach the summit.

Very truly yours,  
W. W. WOOD,  
County Chairman.
