LESSONS OF THE WAR

HAVE WE LEARNED THEM?

The war has stripped the camouflage from many things while realities stand more prominent in the minds of common people the world over than ever before. Wasteful habits, inefficient methods, false conceptions have been challanged, and improved ways and ideas substituted. But have we really learned the lessons of the war and are the things the war has and Chas. Pempstick have taken land taught firmly established?

Will we forget the lessons of thrift and saving?

Will we premit the idle (rich and poor, man and woman) to again burden the actual producers?

Will gluttany lead us away from food conservation, substitution, homproduction and canning? Will we allow railroads to again adopt the absurbities of former multi-

system days and Wall Street to dictate the price of food stuffs? Will our churches return to a narrow sectarianism or will they continue

the unity incubated by the war until they converge in spiritual truth? Will we open our immigrant doors to ignorance and discord or will we substitute a policy providing for the education of the applicant for liberty and requiring his immediate oath of allegience or a monthly accounting

Will we dance, eat and idle, our generation thru frivolity to ruin; or will we develop and nuture the seedlings of thought and industry that have sprouted during the war?

Will the nations of the world continue to pay "tithes" as well as "tributes" to "Mars" or will the democracies of the earth unite in guaranteeing military and commercial peace forever?

There are many other questions relating to the period of reconstruc tion and readjustment that have been suggested by the war. Leaders may point the way, or follow the crowd; but all questions must be settled in your mind and in mine, while it will be our average decisions that will de-

As psychology has taught the individual the value of directed thought. so sociology must teach the masses, rich and poor, wise and foolish, the benefits of a conscious advancement, a preconceived development.

The one keynote of the war has been service. If we have learned the true application of the lesson of the service all questions will be easily

A DOLLARS WORTH OF READING-

The Vale Library Association maintain the Vale Public Library. All you need to do to join the association is pay the annual fee of one dollar and give your good will in helving along all library activities. You and your children will get many a dollars worth of good reading. Can you afford to have this library in your town without doing your part towards its maintainance? Do you care enough for good reading for the young people of the community to cheerfully give your dollar and help build up an institution that will eventually provide them with good reading tables and recre growing Library Association list or renew the subscription you gave last year. One dollar pays for the whole years reading. THE BEST CHRISTMAS GIFT-

Malheur county is in honor bound to "come thru" and take its share of the War Saving Stamps. With less than a month to go the county at large is 40 per cent or more under quota. Our record in all war activities has been a clean one and it must not be spoiled by our neglect to buy baby bonds. They will make the best Christmas present you can buy. A safe sure investment with Uncle Sam and all his resources as security. Think it over and decide to buy your share of the baby bonds before Christmas time

FRANCE TO HAVE BOYS' AND GIRLS' CLUBS.

France is considering the adoption of Uncle Sam's methods of teaching better farming and home making to boys and girls. Representatives from the French High Commission, lately in this country, made a point of studying carefully the methods of the Federal Department of Agriculture and the State agricultural colleges in conducting boys' and girls' clubs. Much of the information thus collected has been widely reprinted by the French press, accompanied by editorial comment expressing the view that, the mar and woman power of France having been depleted or disorganized by war service, France for some time to come will be dependent in large part upor its younger population for its food supply and suggesting the formation in France of a nation-wide system of boys' and girls' clubs patterned on those in America. It is expected that these clubs will grow staple products-gar den produce, wool, farm grain and forage crops, poultry and farm animals on farms now devasted, the very soil of which must first of all be put in condition. They will stimulate production by the young people of France through organized contests not only in farming but in home enterprises such as bread making, garment making, cooking and home management.

ANSWER PRESENT-AT ROLL CALL-

December 16-23 has been officially designated as Red Cross Christ mas roll call week. Every adult in the American nation is expected to answer present by purchasing and wearing the little Red Cross embler for 1919. War is over but the work of the Red Cross goes on. Its minis tration to the suffering of mankind will be needed thru all ages and nevel food and chothing, comfort and aid to the stricken nations abroad but as ever watchful eye is kept upon those at home. Many a tot will enjoy a Christmas this year made possible because the Red Cross lady came with all the things daddy used to provide, the aged mother and widowed wife will be comforted and cheered by this same worker, homes from which the joy of life has been sacrificed for humanity will have holiday cheer brought by Red Cross workers. There will be a thousand ways in which your membership will help. Be first to wear the little button whose tiny Red Cross means so much in relieving the pain and misery of the world.

Write to your uncles and cousins and brothers and friends and other good people you know back east or elsewhere and tell them about the Warm springs project and the wonderful deviopment which has just commenced in Vale and Malheur county. Give them a chance to share your prosperity. Send them a sample copy of the Malheur Enterprise or better a six months subscription.

HOME COMING.

Six Months, \$1.00

Malheur county boys are beginning to turn their faces homeward from the training camps of the country. Soon their will be ships laden with American boys on their way home from Europe and our own county boys, are in goodly number among those who will crowd the ships returning to home shores. Within a few weeks our heroes will be home, not one or two at a time but they will come in groups, and as we turned out to bid them farewell, so should we turn out to welcome them home.

For some time there has been talk of a "Home Coming Celebration" in Vale, one to which the entire county would be invited to welcome the soldiers home. It is time now to begin plans for this homecoming celebration There should be music, song and feasting when the boys come home.

The Red Cross, the Government and the Associated War Reliefs are doing much to steer and cheer the boys "Over There" and on their way home. Who and what will look after them and their mothers and sister: and fathers and brothers after they all get home?

been informed by their officers that the American Red Cross will play Santa Claus this Christmas for all the boys in khaki who have no relatives in the United States, Red Cross Headluarters at Washington has been recelving hundreds of appeals. Incidentally the men at the front have taken this time to express their appreciation for the work done by the Red Cross "Over There."

Following are a few excerpts taken at random from letters inclosing Christmas Package Coupons:

"Dear Mr., Miss or Mrs. Red Cros would spreciate it tremendously if you would send me a Xmas package. I have no relatives, and a little something from the good old U. S. A. would be appreciated beyond words. The Red Cross has done so much for us over here, and you don't know just how we appreciate it beyond everything else."

An Italian thus addresses his Christ-

"To Whom it May Concern.—I am in service in France and, having no people in the United States, would like to receive a little package from the Red Cross on Xmas. I am in No Man's Land in a big woods, and it is raining."

"I have been informed the Red Cross will send Xmas packages to any soldier who sends them his Xmas package coupon. I have received so much tobacco and other things from the Red Cross in my fourteen months in France I scarcely like to write again. I am in the bospital like to write again. I am in the hospital recovering from wounds, and the Red Cross furnishes us with daily papers, writing material, tobacco, fruits and rec-

coupon to, so am sending it to you, as per notice on our bulletin board. If you send a package I would appreciate it if you would inclose a bill for same, for I would gladly pay it. I don't want to impose on you. The Red Cross is the best friend we have."

One Red Cross nurse writes:

"Am inclosing the coupen, but please be sure all the boys at the front get their packages first, then if one is left I will appreciate it, as I suspect all the others will have something from home which will make me a little lonesome. Words cannot express our appreciation for the Red Cross." r the Red Cross is a great help and "The Red Cross is a great help and easing to the soldiers any and every-
