VALE OREGON, SATURDAY, JANUARY 18, 1919.

1919 PROGRAM OF PROGRESS FOR MALHEUR COUNTY AS PROPOSED BY THE MALHEUR ENTERPRISE.

The Malheur Enterprise aside from recording the various matters of news interest affecting the people of Malheur County has devoted its special interest for the past year toward winning the war and urging Malheur County to uphold her share in all war work.

- 1. The successful completion of the Warm Springs project. 2. Government appropriation for the Owyhee Project. 3. Clear way for construction of Bully Creek Project.

DO YOU THINK VALE NEEDS A COMMUNITY HALL?

How about that Chautauqua building and community hall. Vale is anxious to get publicity and deserves a great deal, for no community in the state is working harder toward development, and no place on earth has better possibilities for advancement.

SIMPLICITY OF LIFE

The war has taught us many things and among them to discriminate between the essential and non-essential things of life. We have found that when inspired by anxiety for a great dominant cause we could easily dispense with many things which had always seemed to us mere necessities and comforts.

MR. FARMER, DO YOU WANT AN AGENT?

The Malheur Enterprise believes that the farmers of the county can be greatly benefited by employment of a county agricultural agent. What do you think about it?

THEODORE ROOSEVELT

The passing of Theodore Roosevelt just at the close of the world war is comparable with the death of Abraham Lincoln after the civil war. Teddy typified the American spirit, especially the courageous pioneer spirit, the true fighting spirit.

Why Meat Prices Vary in Different Stores

Prime steers \$18.00-20.00 Good to choice steers \$17.00-19.00 Common to medium steers \$16.75-18.75 Yearlings, fair to fancy \$16.00-19.00 Fat cows and heifers \$9.50-12.25 Canning cows and heifers \$7.25-8.25 Bulls, plain to best \$6.00-12.00 Poor to fancy calves \$7.50-12.75 Western range steers \$10.00-18.00

These newspaper quotations represent live cattle prices in Chicago on December 30th, 1918. The list shows price ranges on nine general classified groups with a spread of \$13.85 per cwt.—the lowest at \$6.50 and the highest at \$20.35.

Why this variation in price? Because the meat from different animals varies greatly in quality and weight.

Although the quotations shown are in nine divisions, Swift & Company grades cattle into 34 general classes, and each class into a variety of weights and qualities.

As a result of these differences in cattle prices, (due to differences in weights and meat qualities), there is a range of 15 cents in Swift & Company's selling prices of beef carcasses.

These facts explain:

- 1—Why retail prices vary in different stores. 2—Why it would be difficult to regulate prices of cattle or beef. 3—Why it requires experts to judge cattle and to sell meat, so as to yield the profit of only a fraction of a cent a pound—a profit too small to affect prices.
