IT CAN BE DONE

Edgar A. Guest, Detroit Free Press Somebody said that it couldn't be done. But he, with a chuckle, replied

That "maybe it couldn't," but he would be one

Who wouldn't say so till he tried. So he buckled right in, with the trace of a grin

On his face. If he worried, he hid it, He started to sing as he tackled the thing

That couldn't be done--and he did it. There are thousands to tell you it cannot be done: There are thousands to prophesy failure:

There are thousands to point out to you, one by one,

The dangers that wait to assail you.

But just buckle in with a bit of a grin, Then take off your coat and go to it:

Just start in to sing as you tackle the thing

That "cannot be done"-and you'll do it.

### "FRONTIER" VERSUS "MOSSBACK"

Prohibition was less effective in the Malheur canyon than otherwhere until recently. As late as three months ago a soft drink place at one of the few villages along the railroad was known to the public generally less at enforcing the law. During the propriteor's absence one day, as a camouflaged saloon. Little attempt was made at concealment and someone less familiar with the labels was in charge and five Mexican section men were given wood alcohol by mistake. Within 48 hours all died, and now the place is closed and the proprietor and his assistants are under indictment and awaiting trial. It was a tragedy of what is left of the Oregon frontier.

The above paragraph was printed as an editorial in the Oregon Journal a few days ago. It is neither correct in conclusions nor acurate in details. While there has been some bootlegging going on, no doubt, in Malheur county, Sheriffs Brown and Noe have rigidly enforced the law and from fines alone the bootleggers have paid tribute to the courts of Malheur county many thousands of dollars the past year. The incident referred to was a tragedy but not blameable on the "frontier". From reliable sources the writer has been informed of a "honest to goodness saloon" now running on a certain floor in a certain building in Portland, Oregon. Booze is being peddled all over the town to those with a thirsty look and a gold lined pocket book. The "mossbacks" know little of the "frontier" and their education is gathered mostly from pioneer stories handed down to them by their grandparents who "crossed the plains" and got stuck in the "Willamette (valley) bogg where they have since remained. Come out, brother mossback to Eastern Oregon. See our big mills, our mammoth grain fields, our new irrigation projects and our thriving cittes. We are glad we live on the so called "frontier".

INVESTMENTS THAT PAY PERPETUAL DIVIDENDS.

On Wednesday May 7th, the farmers and land owners of the Warm springs Irrigation District will vote on an additional bond issue of \$600,000 for the completion of the project. There is hardly any question as to the results, for a job half finished would be a disaster. The voters directly interested have figured the pratical situation and almost unanimously indorsed the proposal for the bond election. There is one very important consideration which all qualified voters in the district should bear in mind and that is the effect a good substantial majority vote might have of the sale of the proposed bonds, for no doubt the bond buyers are keeping tab on whether the local people endorse their own bonds. Another pratical reason why a strong majority is desired is the confidence thus demonstrated by the land owners stimulating effect upon land values in the district. This is one of the most important elections ever held by the people under the Warmsprings Irrigation Project and every voter should be out and take no chances on the outcome.

### MALHEUR COUNTY CAN HAVE GOOD ROADS

Every precinct in Malheur county should in self protection vote favorablly on the County Road Bond Issue and the Millage bill at the special election June 3. The present program calls for the expenditure of \$230,-000 county bonds to be matched with state and federal money by an amount three or four times as much, to which will be added by return of auto lisences, the millage law, and regular road taxes approximately \$100,000 per year. The program will extend over a period of about five years and with state and federal aid probably \$2,000,000 will be invested in good roads. Every precinct needs better roads. The program will provide sufficient funds to build all of the important roads in the county. There should be a friendly rivalry between the various sections as to which shall take

the most interest and do the most to make the countywide road system a reality.

## CLEAN UP - PAINT UP - IMPROVE

The final provides a section of the Warmsprings Irrigation district which is the greatest development construction going on at the present time. Vale is a good town, it has a splendid future, but there is no question that it needs a thoro clean up, paint up. and improvement campaign. The streets should be graded and graveled; the alleys cleaned out; rubbish accumulated and hauled to the dump and burned; old shacks torn down; weather worn buildings painted; new walks built: some shade trees planted; weaks cut down; and if we are to keep down; Arthur A. Robins

built; some shade trees planted; weeds cut down; and if we are to keep pace with other progressive cities it is high time that a number of new homes and business houses were being contemplated. Chautaqua, July Fourth, and many new land seekers are coming this summer. Let us get

VICTORY LIBERTY LOAN-HAVE YOU BOUGHT.

You have helped Malheur county establish an enviable war record. That is our record will stand an honor to the county forever, if we go over the top in the last big drive, the Victory Liberty Loan. The 'Marne', Ypres, Verdun, and Chateau Thierry all proceeded the final struggle the breaking of the Hindenburg line. What would have happened if our boys over there after Chateau Thierry had said "we've got the hun on the run, we're done." They finished their job. Our job at home was to pay for the food and the powder that made the big job possible. It is up to us now to finish our job and do it cheerful. Don't be a quitter.

VOTE FOR THE SPECIAL CITY LEVY.

On June third a special city election will be held in Vale as well as as the county and state election. The people of Vale have by petition proposed a special tax levy of 10 mills for 1920 and five mills per annum thereafter for four years. As the city's revenues are inadquate to run the municipal affairs and maintain and extend the water and sewer systems or to take proper care of the streets, the people should vote the small increase in taxes and then take an active interest in seeing that the city get the most out of the money.

# DO NOT OVERLOOK FOURTH OF JULY SOLDIERS REUNION

Malheur county's heros, who have served in every branch of Uncle Sama hig fighting machine, in every branch of the Army and Navy, are invited to gather in Vale on the fourth of July. There will be some program. Plan now on taking in the greatest celebration, reunion, and good time ever held anywhere.
