Cleveland Tractor with tandem disks working on 20% grade.

Built like an army tank----- that's why the Cleveland is so efficient!

THE ability to travel over almost any soil—that's why the Cleveland always stays at work. That's why it gets so much work done.

And it is small enough to turn around in the corners—to get into the farm lots—saves the waste ground that can't be reached by the ordinary tractor.

Yet there is sufficient power and speed to enable it to get a great volume of work done, working at a speed of three and one-half miles per hour.

Easy to operate—economical on fuel—the Cleveland is a machine for any farm. Thousands are now in use—building profits—making farms more productive.

Get Your Cleveland Tractor Now
