VOL. X NO. 38.

VALE, OREGON SATURDAY, AUGUST 16, 1919.

SUBSCRIPTION \$2.00 PER YEAR

OFFICERS FIND BOOZE FACTORY

Revenue Officers and Sheriff Confiscate Modern Still Near Vale.

What Sheriff H. Lee Noe described as being the best located still yet discovered, was located Tuesday on the homestead belonging to Harvey Sackett south of town near Chalk Butte...

Outfit On Homestead

Suspects had been pointing for some time to Sackett on account of a house that he had rented here in town and while back which seemed to be in use and yet no one was ever seen about the premises...

Find Modern Distillery

Making a visit to his homestead Tuesday, accompanied by Deputies Rand and Charlton from Baker, internal revenue officers of Portland, they found merely where Sackett had hauled some lumber and had made some excavations preparatory to building him a house...

Held To Grand Jury

Sackett was away at the time but returned before they left. He believed that the still was so well concealed that they would be unable to find it and so rode right into their hands...

SEND WATER TO BUREAU FOR TEST

Sample of Well Water Sent To State Board Of Health

Striking a heavy flow of pure water last week, the drillers on the city's new emergency well ceased operations. The flow of water secured is more than enough to keep the pump busy forcing water through the city hydrant into the pipe line...

DAUGHTER DIES

Mr. and Mrs. Lee Steers Return From Attending Funeral of Daughter In Portland

Mr. and Mrs. Lee Steers of Westfall returned Monday from Portland where they were called by the death of their daughter Mrs. Lulu Steers Nelson who died August 6, age twenty-eight years...

Brichoux Escapes

Dave Brichoux Makes Sensational Escape—Was Murderer of L. Goodwin

D. C. Brichoux, committed to the state penitentiary from Vale, Malheur county, on October 31, 1916 to serve a life term for murder and transferred to the state hospital for the insane on April 17, 1919...

Escape From Car

Attendants in charge of the automobile in which the men were being taken to the flax fields declared that immediately after their escape and disappearance into the brush along the highway, they noticed another car apparently some distance away...

Concealed Crime

Dave Brichoux is well known in Baker and Malheur counties, and was sent to the penitentiary in 1916, after a sensational trial. He was condemned for life imprisonment for the murder of Lum Goodwin, wealthy sheep dealer when the two were returning in a car from Andrews, Oregon...

Brichoux Desperate

Dr. Griffith of the penitentiary stated that both men had shown a decided improvement since entering the hospital. Brichoux is considered a desperate character and it is believed that he will not submit to arrest without a fight. He is 52 years of age.

WATER JORDAN VALLEY LAND

Big Dam at Jordan Valley Will Furnish Water For Thirsty Lands

W. S. Bruce, the first settler on the lower unit of the Jordan Valley, irrigation project, has compiled an interesting report on the work of that project in Malheur county which he sends the Enterprise, stating "I have never noticed anything in the paper about Jordan Valley project, and believing it will be of interest to your readers, I take the liberty of reporting it."

The entire project covers over 45,000 acres of choice land but of this it is the present intention to provide only a partial water right for 17,520 acres and a full water right for 27,480.

This is no new project as the first dam was built and washed out in 1906. In 1908 Joseph Dinwiddie and Antone and August Dzinuena made fillings on the waters of the Jordan and tributary streams and in 1909 Geo. S. Parks and Fred J. Palmer made additional fillings and some work was done, but the starter for the present work was in 1913 when all of the fillings were assigned to the Jordan Valley Land and Water Co., and during 1914 they built the lower feeder canal...

Patrons of the Malheur County Fair will receive their money's worth this year, if the present plans of the board of directors are carried out.

Will Do Air Stunts

Already contracts have been made with amusement companies for the occasion, and Lieut. Bruce, recently discharged American Ace with a number of Hun machines to his credit, will delight and thrill the large audiences with all of the stunt flying known to the profession. Lieut. Bruce has signed his contract and made a cash deposit to the effect that he will be on hand when the gates open on September 9th.

Four Units

This project is divided into four units, one of which, the Antelope, is completed and some 600 acres of growing grain is the best evidence in the world that it is a great success. This unit covers 4,800 acres, but only about 800 acres are in cultivation at present. The new town of Ruby is located in the heart of this unit, and this will be the civic center for some time. An elegant stone school building is to be erected here, but this will not be completed in time for the coming school year and they have arranged to hold the school in one of the larger rooms of the stone building.

ONTARIO BUSINESS MEN TALK ON COUNTY FAIR

Lunchers Told About Ontario Fair—Ontario Boosters Dine In Vale.

Discussion of the coming big event of Malheur County, the Malheur County Fair beginning September 9, occupied the greater part of the time at the weekly Tuesday business men's luncheon. Chairman Robert D. Lytle in his opening talk welcomed the Ontario business and professional men who had come up to attend the luncheon and introduced Rep. P. J. Gallagher as the first Ontario speaker.

Expect Big Attendance

We are going to have the biggest Fair that Malheur County has ever seen this coming season if the time and money that is being put into the work will amount to anything, said Mr. Gallagher. "The program committee is working overtime to provide a program that will entertain the large audience every minute of the four days."

"The races this year promise to be the fastest ever scheduled and all the entries are new, such as Desert Gold and Juanita Fredericks, horses within a minute of the world's racing record. There are at present about twenty head of horses training every day on the track for both harness and saddle races. The track is in a better condition than it has ever been and nothing is being spared in time or money to make the event a success."

Deer Season To Open

The deer season throughout Oregon will open September 1st this year and will continue opened until October 31st, according to an announcement made by Carl D. Shoemaker, State Game Warden, today. The only exception is in Union and Willamette counties where the season will open on September 10th and close on November 10th. Heretofore, the season has opened on August 15th in District No. 1, which consists of all counties West of the summit of the Cascade Mountains. The season this year is uniform in both districts except in the two counties heretofore mentioned. The bag limit is two deer with horns which is the same as last year.

A DOUGHBOY'S TROUBLES

Wife Arrives in U. S. A. After Four Months Spent On Way

That the boys first in the service got the worst of the deal all the way thru is the conclusion that James R. Coder has reached. James and his father E. R. Coder, formerly of Crowley and well known in this vicinity, were visiting in Vale this week and concerning the reason for his grouch, the Boise Statesman of Wednesday's issue has the following to say: "It may be easy for Yankee doughboys to get wives in France, but it is not always easy to get them over to the U. S. A. James Coder of Boise made this discovery. After spending 17 months in the service overseas, most of the time in Co. B, 10th engineers, he was finally returned to his home land, reaching the Atlantic seaboard February 1. He was mustered out at Camp Funsten, Kansas, and after a hurried visit to the home folks he went east to solve the problem of bringing over his wife whom he had married in France. It took just four months to accomplish this, and even then his wife and his wife's mother landed from different vessels. He feels aggrieved, too, in having been required to pay all transportation charges for his wife, while the boys bringing home wives now have these expenses paid by the government. He figures it out that the boys first in the service got the worst of the deal all the way through. But it is all over now and he is happy to have the wife and her mother, Madame Peyesse, nicely established in his Boise home, 818 Eastman street, where they will be glad to see friends."

"CRUSHER JIM" WILL MEET BABE BROWN

Boxing and Wrestling Match Monday—"Crusher Jim" Will Meet Babe Brown

"Crusher Jim" Wilson, Malheur county's first athletic sensation, has arranged to meet Babe Brown, Idaho's champion at 176 pounds. As Wilson also weighs 176 pounds, and the two men have had practically the same experience, an interesting match is expected.

As an added attraction, Promoter McCabe has booked six rounds of fast boxing between Jack Collins of Boise, and Kid Esterly of St. Louis. Both are professional boxers, and will give a clean exhibition of fast work.

The matches will be held at the Rex theater after the show Monday night. The entire presentation will be under the direction of the city's wrestling and boxing commission.

MANY ATTRACTIONS PROMISED FOR COUNTY FAIR

Malheur County Fair Will Feature Airplanes, Educational Day and "Merchants Derby."

Patrons of the Malheur County Fair will receive their money's worth this year, if the present plans of the board of directors are carried out.

Will Do Air Stunts

Already contracts have been made with amusement companies for the occasion, and Lieut. Bruce, recently discharged American Ace with a number of Hun machines to his credit, will delight and thrill the large audiences with all of the stunt flying known to the profession. Lieut. Bruce has signed his contract and made a cash deposit to the effect that he will be on hand when the gates open on September 9th. The program department is working overtime in getting attractions that will interest and entertain the visitors every minute of the time spent in the city during the Fair week. It would take too much space to enumerate all of the attractions and features that will be offered, but we are promised the best program ever shown in the intermountain country. Feature Education Day Educational Day will be a strong feature and will be the first day September 9. The first part of the afternoon will be devoted to the school children, who will parade before the grandstand in the order of their schools. Prizes will be offered for the best float, the largest number of pupils in attendance from any school and for the best stunt performed by school children. Definite details of the parade will be given next week. One feature of the schoolchildren's racing program will be a boys' and girls' pony race, the ponies used to be their own and the ones they ride to school on. Two prizes will be given for this event. Races Every Day. The races this year will feature some of the swiftest horses ever scheduled. There are about twenty head of race stock training every day at the race track and all the entries are new so far. An innovation at this year's fair will be the featuring of each town in the county in the races in a "Merchants Derby." Three days of the Fair will be given over to Ontario, Nyssa and Vale; each to put up a purse and have entries on the racing program on the day allotted to them. The winners of the three days' racing will enter in a final contest on the fourth day, the purse to be put up by Ontario merchants. The premium lists have been revised and rearranged and are prepared to cover all entries. Exhibitors of livestock will be told by experienced judges just where their livestock is superior or inferior to the others. Means have also been arranged whereby the exhibitor will get something out of entering his exhibit besides paying for transportation and expenses whether he wins or not. Those interested in the exhibits or in the track and field events "should write the secretary at Ontario for information."

DEVELOPMENT LEAGUE

County Development League to Meet In Nyssa August Nineteenth

A meeting of the Board of Directors of the Malheur County Development League has been called in Nyssa next Tuesday, August 19th at 8 p. m. The meeting will be held in the Nyssa Commercial Club Rooms, and everyone is urged to attend, as important business will be taken up at this meeting.

Should Be Successful

Fay Clark Hurley, county school superintendent, is working her best to make the institute this year one of the most successful ever held. Judging from the authorities whom she has secured, and who will meet the teachers, it should be a most profitable event for the teachers.

A Chicago reformer proposes the abolition of all church choirs. The movement for world-peace continues to make rapid progress.—The Optimist (Pittsburg.)

Some of the interests that are calling loudly upon Uncle Sam to put Mexico on its feet really want him to stand Mexico on its head.—Chicago Daily News.

KNIGHTS ARE HONORED

K. P.'s Who Served in Army or Navy Will Receive Recognition

Next Thursday night will be honor roll night for the local lodge Knights of Pythias, and certificates of honor will be formally presented to as many Knights as can be present, and who served in the army or navy during the term of war. The lodge has thirty-four members who were in the service. Their names follow: Thos. G. Jones, Lieut. John R. Wheeler, Major Frank L. Williams, Ralph M. Draper, Capt. Carl J. Bartlett, Clyde R. Ellis, H. D. Park, Chester E. Ames, Wm. E. Reed, Chas. S. Mayberry, Capt. Robert M. Duncan, Ivor Williams, Lieut. John M. Vines, James M. Breeden, James A. Smith, Walter G. Mustard, J. A. Mathews, Henry C. Parker, Loid Crandall, Jessie Griffith, Geo. Smith, Edgar Wilson, Homer Mustard, Lieut. Henry Schenck, Robert Manning, Capt. W. W. Looney, Andy Peterson, Geo. Vanderhoof, Warren S. Parke, Arthur Palmer, Robt. D. Copeland, George Huntington Curry, Warren Dillon.

KNIGHTS ARE HONORED

Attorney-General Palmer started out Monday to ascertain how much of the high cost of living was due to excessive profits by retailers. In a telegram to all state food administrators who worked with Administrator Hoover during the war the attorney-general requested the appointment of a fair price committee in each county to investigate what is being charged for retail necessities and if excess of what the committee considers just to publish a list of fair prices for the guidance of the public. Didn't Know of Treaty Secretary Lansing, before the senate the first of the week, cast some illuminating light upon Japanese diplomacy. Viscount Ishii, former Japanese ambassador to the United States, kept from Lansing the fact that Japanese secret treaties with the allies for the division of Chinese territory captured from Germany, Lansing told the committee. Carnegie Dies Andrew Carnegie, the world's greatest philanthropist, died Monday morning in his summer home in Massachusetts. The aged steel baron, whose benefactions totaled more than \$300,000,000, succumbed to bronchial pneumonia. His funeral services were held at Shadow Brook, Thursday. There was no eulogy and there were no pallbearers. Complete Oct. 31st Demobilization of the army "so far as combatant troops were concerned" will be completed the last of October, Secretary Baker announced Tuesday. Strikers To Work Steady improvement in the situation caused by the strike of railway shippers was indicated in reports received Tuesday by officials in all parts of the country. Strikers were said to be returning to work in nearly every section affected except Chicago, Boston, and Atlanta. In Illinois, Iowa and Wisconsin, it is said that more than 1,000 men returned to work Tuesday, although in Chicago there are still more than 28,000 men out. Ford Gets 6 Cents A jury Thursday night awarded Henry Ford six cents damages against the Chicago Tribune for calling him an anarchist.

EXCELLENT SPEAKERS AT COUNTY INSTITUTE

Prominent Lecturers Will Meet Malheur Teachers in Vale.

When the Malheur county teachers meet in Vale for the Teachers' Institute the first three days of September, they will find the best program of lectures and discussions ever offered in the county before. State Superintendent of schools, J. A. Churchill, will be present and address the teachers and Dr. Henry H. Sheldon, Dean of the School of Education at the University of Oregon, and recognized as one of the best authorities in the west upon the subject of education will meet the teachers and tell them many things of interest about the practical side of instruction. Physical Director to Speak All meetings will be held in the high school building, which has just undergone a thorough cleaning. Physical instruction and its importance in school life will be discussed by Dr. A. D. Brown, physical director at Oregon Agricultural College, while Mrs. Mary Fulkerson, Institute lecturer and instructor, is scheduled for some very interesting lectures for the teachers. J. M. Tice, Palmer writing specialist, has been secured for the three days, and T. Teuscher, Jr., of the Boys and Girls Aid Society of Portland, is also on the program as a speaker.

Starts Framework

Framework Starts On New Mill—Grain Business Already Started

The Vale Milling and Elevator Company's new mill began to assume business-like proportions this week, as the framework on the new building is being erected. The framework gives some idea of the size the big mill will be when it is completed.

Haul In Wheat

In the meantime, grain ranchers are making heavy demands from the mill company's heavy supply of sacks. Eight thousand more sacks were delivered this week, and F. E. Struthers who hauled in a truckload of wheat from his ranch this week, has contracted for his entire crop this year.

Looks For Big Business

"It looks much like we are going to secure the entire wheat crop of this territory," said Manager Armstrong. "Contracts for 150,000 bushels would not surprise me at all. In case we do get that amount, it will keep the mill running day and night from its opening until next July."

GYMNASIUM IMPROVED

City Water, Shower Baths, and Dressing Rooms are Installed

Manager McCabe, of the Vale Athletic Association, announced this week that the construction on the club's new gymnasium is rapidly approaching completion. The city water has been connected, and the new shower bath installed. All of the interior alterations have been finished, and ladies' and gentlemen's dressing rooms built.

New Equipment Coring

The new equipment for the gymnasium is on the road, and is expected the latter part of next week. When this equipment is installed, the formal opening of the club will be held, after which physical training will be given in earnest, and special nights given to ladies, gentlemen, and boys.

HOT ON TRAIL OF PROFITEERS

Palmer After Profiteer—Carnegie Dies—Strikers Back To Work.

Attorney-General Palmer started out Monday to ascertain how much of the high cost of living was due to excessive profits by retailers. In a telegram to all state food administrators who worked with Administrator Hoover during the war the attorney-general requested the appointment of a fair price committee in each county to investigate what is being charged for retail necessities and if excess of what the committee considers just to publish a list of fair prices for the guidance of the public. Didn't Know of Treaty Secretary Lansing, before the senate the first of the week, cast some illuminating light upon Japanese diplomacy. Viscount Ishii, former Japanese ambassador to the United States, kept from Lansing the fact that Japanese secret treaties with the allies for the division of Chinese territory captured from Germany, Lansing told the committee. Carnegie Dies Andrew Carnegie, the world's greatest philanthropist, died Monday morning in his summer home in Massachusetts. The aged steel baron, whose benefactions totaled more than \$300,000,000, succumbed to bronchial pneumonia. His funeral services were held at Shadow Brook, Thursday. There was no eulogy and there were no pallbearers. Complete Oct. 31st Demobilization of the army "so far as combatant troops were concerned" will be completed the last of October, Secretary Baker announced Tuesday. Strikers To Work Steady improvement in the situation caused by the strike of railway shippers was indicated in reports received Tuesday by officials in all parts of the country. Strikers were said to be returning to work in nearly every section affected except Chicago, Boston, and Atlanta. In Illinois, Iowa and Wisconsin, it is said that more than 1,000 men returned to work Tuesday, although in Chicago there are still more than 28,000 men out. Ford Gets 6 Cents A jury Thursday night awarded Henry Ford six cents damages against the Chicago Tribune for calling him an anarchist.

BIG ATTENDANCE FOR SCHOOLS

Plans to Accommodate Record Enrollment—Competent Instructors Employed

With accommodation for the largest enrollment on record, and plans for the most prosperous school year in the history of the city, the Vale schools will open on September 8th. Additional school furniture has been bought, another large class room added, and cement walks have been built along the east front and through the center of the school campus. Physical Culture Features Teachers have been employed specially fitted for the work they have to do. Play supervision, department work for the upper grades and supervised study for the High school pupil will be inaugurated this year. Physical culture will be a part of the daily program in every room.

Grade Instructors

Miss Raymond, who has had charge of the primary work for a number of years, has been retained for the work this year. Mrs. Crail will again have charge of the second grade. Miss Stella VanRiper, a graduate of the Cheney Normal school, who specialized in 3rd grade work will teach that grade; Mrs. Jamieson, a well-known teacher of Malheur county, has been secured for the fourth grade; Miss Marie Whitford, daughter of Prof. Whitford of the Washington State Normal, and graduate of the Cheney Normal, will teach the fifth grade. Miss Gustavson, a graduate of Denver University and Miss Nelle Sime and Miss Elder, both experienced teachers and normal graduates, will instruct the sixth, seventh and eighth grades, respectively.

High School Teachers

A particularly efficient corps of instructors will be in charge of the high school this year. Miss Teresa Cox, an honor graduate from the University of Oregon, will have charge of the High School English short hand and typewriting. Miss Ellen Hill, a graduate from Whitman college, student at the University of Washington, and instructor last year, will teach Science, History and Spanish. Mr. A. E. Beckman, a graduate of the University of Idaho, a student at Chicago University, and a teacher during the spring term last year, will teach Latin, Bookkeeping and first year science. Mr. Hammack will have mathematics and Teachers training course. Courses Complete The high school courses this year will be complete, and will prepare students for college entrance. Eighth grade graduates from county schools will find the Vale High a good opportunity to prepare for college work, as tuition is paid for by the county. Students are urged to enter the school the first day and not start behind with the work. The pupil who starts late seldom catches up entirely with the work.

FIRST PART OF DAM COMPLETE

Crew Starts Full Blast On Second Lift of Warm Springs Dam

With the first lift of the Warm Springs dam completed, preparations started this week for the completion of the second lift, or final stage of construction. Losing not an hour's time, as soon as the work was complete, the big trusses were lifted to the full height of the dam and the concrete mixer was changed in readiness to pour the concrete for the second lift. "We have just purchased a complete pumping outfit for the Nevada ditch," stated Engineer John H. Lewis Friday. The turbines have been contracted for delivery within six weeks, and the pumps for delivery within eight weeks. This means that the complete pumping system should be installed within the next two months. The teams are at the same three camps, as reported last week, although the outfit now working at Willow creek will move within a few days to work on the Mill ditch near Vale.

Any male citizen of thirty-five years may now be President of Germany, but any man of that age ought to know better.—Greenville (S.C.) Piedmont.

The colleges are attempting to raise large amounts of money so as to stop the professors from envying the janitors.—Boston Globe and Leader Reporter.
