The Serbian Tambourica Orchestra

SERBIAN TAMBURICA ORCHESTRA

The Serbian Tambourica Orchestra, soon to be heard here on the Lyceum Course, is the only organization of its kind in America. It is unquestionably one of the most unusual and attractive musical companies on the platform. These six young Serbians appear in the bright colorful costumes of their native land, singing and playing their Slavic music, extraordinary in its exquisite sweetness and thrilling power. They use various sizes of the tambourica, the household instrument of their people for generations. While similar to the mandolin, guitar and banjo, it possesses larger musical possibilities because of greater life and sweetness of tone.

The only Organization of its kind in America
Curtain at 8 o'clock
ADMISSION 50c & \$1.00 Plus War Tax
The Orchestra will also give a Dance at the Bungalow Hall after the Performance.
