DENVER CARMEN STAY OUT

Tramway Officials Refuse to Discharge Strikebreakers.

Denver, Colo.—Striking trainmen of the Denver Tramway company at a mass meeting declined to return to work until company officials meet their demands that they be allowed to resume their duties in a body and discharge the strikebreakers. The company has refused to treat with the union.

Street car service was resumed on Sunday. Trains were manned by strikebreakers. Behind each car was an automobile loaded with federal troops, carrying service rifles and trench guns. The troopers wore steel helmets. Sixty cars on 14 of the 35 lines of the city were operated. No attempt was made to interfere. The normal daily service is 325 cars.

Five hundred picked federal troops of the 70th division from Camp Funston, Kan., reached here Sunday.

Tennessee Solons to Act on Suffrage

Nashville, Tenn.—Governor A. H. Roberts issued a special call for the Tennessee legislature to convene at Nashville Monday, August 9, to deal with the suffrage amendment.

ARE YOU A "GOWAG?"

The suggestion is made that every motorist become a "gowag." The word is coined to remind the motorist of the five things he should always watch if he would avoid trouble in keeping his car running. A "gowag" lives up to his name by remembering:

G stands for gasoline; always have a sufficient fuel supply.

O for oil; plenty of it and the right kind.

W for water; even motors have a terrible thirst.

A for air; tires must be inflated to the correct pressure.

G (final) for grease; give those grease cups the turns required. And don't forget the springs.

PEACE KEYNOTE OF COX SPEECH OF ACCEPTANCE

Democratic Candidate Would Enter League, Immediately Ratify Treaty and State Interpretation of Covenant.

SAYS "BACK TO THE NORMAL" MEANS REACTION

Failure to Enforce Prohibition is Worse Than Law's Violation—Declares Present Congress Has Not Passed a Single Constructive Law, but Has Spent Time and Millions in Seeking to Make America's Military Triumph an Odious Chapter in History—Favors Repeal of War Taxes, Criminal Prosecution of Profiteers, More Adequate Supervision of Railroads, a National Budget System, and Woman Suffrage.

Here is a summary of the speech of Governor James M. Cox, Democratic candidate for president, at the notification ceremonies at Dayton:

League of Nations.—Would enter the league, immediately ratify the treaty and state our interpretation of the covenant in reservations as a matter of good faith and as a matter of precaution against any misunderstanding in the future. The interpretation to clearly show that the league is not an alliance and that its basic purpose is peace and not controversy.

Domestic Problems.—Would repeal war taxes; reduce federal taxation; suggest, in place of excess profits tax, substitution of volume of business tax.

Profitteering.—Promises penalization under the criminal law.

Labor.—Stimulate Americanization. Writ of injunction should not be abused. No necessity now for the drastic laws of war days; guarantee of free speech; recognition of the rights of the principle of collective bargaining. Child life of the nation should be conserved.

Agriculture.—Federal government should sponsor agriculture and food production. Farmer should be amply compensated for his work. Favors municipal markets. Regulation of cold storage. Would increase area of tillable land.

National Prosperity.—Objective should be decreased tenantry and stimulation of home ownership.

Food Supply.—More adequate supervision of railroads; utilization of waterways.

Financial and Commercial.—Exacts federal reserve act and merchant marine. Would extend facilities for exchange and credit and stimulate foreign trade.

National Budget.—Favors a national budget system. Would reduce armament expenditures on entering league of nations.

Republican Ungenerosity.—Republicans failed to recognize America had saved the world or to appreciate the struggles and sacrifices of those who, in arms or industry, helped win the war. Present Congress has not passed a single constructive law, but spent time and millions in seeking to make military triumph an odious chapter in history.

Mexican Situation.—We have neither lust for their dominion nor disposition to disturb their rights.

Disabled Soldiers.—Pledges immediate efforts to provide vocational training and favors employment of disabled soldiers of World War by Federal Board to supervise the rehabilitation of disabled soldiers.

Prohibition.—"Any candidate for the presidency who says he does not intend to enforce the law is more unworthy than the law violator."

Woman Suffrage.—Strongly favored.

Official Responsibility.—Opposed to "government by party;" pledges service to the people as a whole.

Education.—Federal government should not encroach on local control, but rather should create an enlarged public interest.

Campaign Contributions.—No narrow dividing line between the legitimate and the illegitimate, underlying purpose only determining.

Industrial Peace.—We want a change from the world of yesterday, from the old industrial world. We are at the "forks of the road." So-called "return to the normal" means "reactionism."

Dayton, O., Aug. 7.—In his speech of acceptance today Governor James M. Cox, addressing a great crowd, said in part:

"We are in a time which calls for straight thinking, straight talking and straight acting. This is no time for wobbling. Never in all our history has more been done for government. Never was sacrifice more sublime. The most precious things of heart and home were given up in a spirit which guarantees the perpetuity of our institutions—if the faith is kept with those who served and suffered.

"The country received with interest, to say the least, the announcement from Chicago, where the Republican national convention was assembled, that a platform plank, dealing with the subject of world peace, had been drawn, leaving out the Lodge reservations, and yet remaining agreeable to all interests, meaning thereby the Lodge reservationists, the mild reservationists and the group of Republican senators that openly opposed the League of Nations in any form.

"As the platform made no definite commitment of policy and was, in fact, so artfully phrased as to make almost any deduction possible, it passed through the convention with practical unanimity. Senator Johnson, however,

whose position has been consistent and whose opposition to the league in any shape is well known, withheld his support of the convention's choice until the candidate had stated the meaning of the platform, and announced definitely the policy that would be his, if elected.

"Senator Harding makes this new pledge of policy in behalf of his party: "I promise you formal and effective peace so quickly as a Republican congress can pass its declaration for a Republican executive to sign."

"This means but one thing—a separate peace with Germany!"

"No less an authority than Senator Lodge said, before the heat of recent controversy, that to make peace except in company with the Allies would 'brand us everlastingly with dishonor and bring ruin to us.'"

"And then after peace is made with Germany, Senator Harding would, he says, 'hopefully approach the nations of Europe and of the earth, proposing that understanding which makes us a willing participant in the consecration of nations to a new relationship.'"

"In short, America, refusing to enter the League of Nations (now already
