SHOULD DIAGONES RETURN?

Should Diogones return today in this world of political chaos, where there is so much of doubt and some mudslinging, he would no doubt feel as though it behooved him to return to the nether world and again rest in peace.

SHOULD STAY THERE

Matrimonial matches that are supposed to be made in Heaven should stay there. They are surely out of place in a divorce court, where all the petty and sordid elements of life, as it is lived, are aired for the benefit of the morbid curiosity seeker who dotes on wearing out the benches in those tribunals, not to say anything of his "pants" and the patience of self-respecting people.

MAY BE A SMOKE SCREEN

These shafts of accusation hurled by Cox may be the result of a desire on his part to dodge the real live issues of the campaign. If so he has failed to divert the public mind from the crying needs of the present and of which the prevalent unrest is but one manifestation.—Eugene Register.

"DON'T HANDCUFF HARDING"

"Don't handcuff Harding. To tie his hands with an opposition Congress would be a national calamity," are the powerful words of an Eastern Republican writer. They are particularly applicable to the Oregon Senatorial situation this year.—Salem Statesman.

HARDING AND CONSERVATION

In bespeaking for the Mountain West States a policy of wisely regulated development, Harding shows mental grasp of the problems that confront that region, immense as to its area and rich in resources that will, when conservatively unlocked, contribute mightily to the needs of the Nation.—Albany Herald.
