Benefits of Social Life.
 By Verda Doolittle.
 Many people think it useless for young people to have parties but if they would only think of the benefits derived from parties they would see that it is not useless.
 Among some of the numerous benefits gained is one which all people delight to see in one younger than themselves, the art of meeting people. One who can properly meet people is sure of friends, and everyone wants friends. Another of these benefits is the knowledge gained in how to act as host. One who knows how to act as host or hostess can make people enjoy themselves. The third profit is that of mingling with people which is very important.
 There are many other advantages gained but of all of them, these three can probably be considered most important.

Political Harangue.
 I do not think that the Seniors should give a weenie roast for the following reasons: First: There is great danger of one's singeing one's eyebrows. Second: Great cruelty to dumb animals, especially hot dogs. Third: Some of the Seniors haven't any old clothes to wear. Fourth: The Senior girls are so wild and woolly they might become attached to this sort of life and never return. Fifth: The Senior president might get a tick on her back. Sixth: It would afford too great an opportunity for star gazing. Seventh: A great dispute endangering many people's lives will arise as to where it shall be held.
 PAUL AGER.

Transfer
 The Junior play, "Safety First," to be given April 21 and 22 at the Rex Theatre is progressing nicely. The students are working hard and success is assured.
 A Student Body meeting was held April 12. An amendment to the constitution providing that letters be given for debate was read by the chairman of the committee appointed for that purpose.
 The making of a school annual was discussed both pro and con. John Boswell gave the report of the committee for finding out facts about the annual, giving about \$250 as a minimum cost. Several more committees were appointed to investigate further.

Interesting Contest Anticipated.
 Vale debate fans are looking forward eagerly to Friday evening, April 14, when Vale's debating team will clash with that of Lostine on the question "Resolved: That a graduated income tax should be made a feature of the State System of Taxation in Oregon." Vale's team, consisting of Herschel Brown and La Vera Moe are busily working on the negative side of the question. Under the able direction of Mr. Ager and Mr. Leslie Hope the students have made remarkable progress. Although Lostine was very successful last year, Vale fans have every reason to believe that our team will come through to a triumphant finish.
 The winners of this contest will debate the winners of the upper Columbia district and those who triumph there will go to Eugene for the finals. Eugene, therefore, is our goal and with the loyal backing of the student body and the residents of the town we have many chances of reaching it.

Track Meet Progresses.
 As the bad weather has prevented good practice, not much has been done in track work this week. However, in the girls' team there is one exceptionally speedy runner and at least one good hurdler. In the boys' team, there is a good pole vaulter, some promising javelin throwers, and one shot putter who falls short of Coach Crossman's mark by only about six or seven feet. These, with others not mentioned, will give Vale a strong team with which to compete for the cup.

Payette Holds Track Meet.
 A track meet will be held in Payette Saturday, April 15, at which teams from the following towns will compete: Payette, Weiser, Fruitland, New Plymouth, Parma, Ontario, and Nyssa. Conditions are such that it has not been definitely decided whether Vale will take part. If so, only a small team will go, since most of the boys are not yet in very good condition.

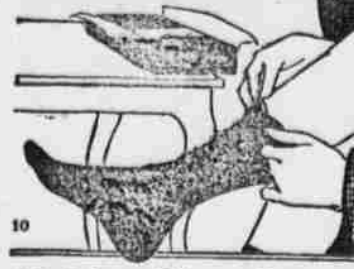

Grade News.
 Frank Luse of the Second Grade is leaving this week. His many playmates will miss him.
 Miss May reports the absence of several of her pupils, owing to illness.
 The eighth grade is now reviewing preparatory to the final examinations and are hard at work, according to report of Mr. Nitzel.

Jokes.
 Mae: "I have been to see that new play of Mache's."
 Valada: "Full of ideas, isn't it?"
 Mae: "Yes; I especially noticed a skirt of lace, cross-gored, a coat in a new shade of blue and an orange tunic decorated with green spots."

DR. MELLENTHIN

SPECIALIST

in Internal Medicine for the past eleven years.

DOES NOT OPERATE

Will be at Geiser Grand Hotel Saturday, April 22nd.

Office Hours 10 a. m. to 4 p. m.

ONE DAY ONLY

No Charge for Consultation

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the state of Oregon. He visits professionally the more important towns and cities and offers to all who call on this trip free consultation, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.

Complete Overhaul of Your Ford

Many motorists are fast learning the value of having their cars thoroughly overhauled at regular intervals. Fewer repair bills, better mileage and longer service repay you many times the price of proper overhauling.
GIVE YOUR CAR NEW LIFE
 Don't wait until your car stops running before putting it in the shop. The more you run it after it commences to get "balky" the more harm you are doing it, and the more it will cost to have it put in good condition again.
 We can do a thorough job--and do it quickly.
