The School Monopoly Bill has a misleading name!

YOU have an interest in schools? Then be sure to understand the true meaning of the School Monopoly Bill which is called on the ballot the Compulsory Education Bill.

The reason that this name is misleading is because we already have compulsory education under the present existing law, and we already have compulsory teaching in English in all schools.

What this bill really proposes is to substitute state control over the education of your children for your control.

The people of Michigan have already overwhelmingly defeated this measure, because it attacked the freedom of education.

Protect your rights which are being endangered—do not be misled by the name of this bill. Read the proposed bill carefully. Read the campaign literature. Find out the intent of the bill which is disguised by the title.

You will find that that they propose school monopoly. A hidden attack upon freedom of education.

Vote 315X NO on the School Monopoly Bill
Called on the ballot Compulsory Education Bill

Firestone

GUM-DIPPED CORDS

Most Miles per Dollar

Everywhere You Hear It -
Firestone Builds the Finest Cords

HARDLY a day goes by but some one goes out of his way to tell us that Firestone Gum-Dipped Cords are the best tires built.

Cords—as only Firestone builds them—will give you many extra thousands of miles of wear. And for fall and winter driving there's nothing like them. The strong, resilient Firestone carcass of gum-dipped cords, can stand the hardest punishment.

With the reputation Firestone Cords hold, it is not surprising that so many motorists in this community have made them standard equipment. The demand for Firestone Cords in the last few months has broken all records.

Prices were never so low as they are now. Perhaps never again can mileage be sold so cheaply.

Decide now that you will get Most Miles per Dollar. Drop in any time and let's talk tires.
