### Doings of Our Neighbors

BREEZY ITEMS CONTRIBUTED BY HERALD REPORTERS AT NEARBY POINTS

**CORBETT**  
The new church near here which has been under course of construction for the past few months is now nearly complete, and will be formally dedicated next Sunday March 8th. Several Ministers from Woodburn and Portland, and the State S. S. Missionary will be in attendance. The Choir is preparing special music for the occasion and there will also be trained voices from other places, the forenoon meeting will begin at 10 o'clock and the afternoon meeting at about 2:30 o'clock evening service 7:30. Rev. Reeder, of Portland will be the pastor for the coming year. The dimensions of the church are 32x44; the Auditorium is 32x32 and divided from this by five folding doors is a class room 10x20 and a room 10x12 which may be used as a library, and there is also an entrance room. Much credit is due a certain few who have worked so faithfully and willingly on the building, and we now have a beautiful church, the pride of the vicinity.  
Mr. and Mrs. P. O. Demoss's little daughter Helen, is in the hospital slowly recovering from a very serious attack of appendicitis, an operation was performed about a week ago.  
Mr. and Mrs. Floyd Reed were in Portland Sat.  
R. M. Dodson, was called to California by the illness of his mother who went there last fall hoping the climate would be beneficial to her delicate health.  
On account of the illness of our teacher, Miss Leah Burgeons, our Academy is closed for a week.  
Dickson Bros. have moved to Latour-ell where they will be employed on the Columbia River Highway.

**CHERRYVILLE**  
Stormy March is in evidence. The winter is past and gone and the spring-time is here once more.  
The spelling contest at Sandy last Friday, in which four schools participated resulted in first prize for Ruth Revenue of Sandy and second prize for George Couper Jr. of Cherryville.  
The Sandy paper has suspended but another one will take its place, it is expected, in a short time.  
Articles have appeared lately in regard to the railroad being extended from Bull Run up on the north side of the Sandy river to Welches Camp. This is not considered practical as engineers who surveyed a route for the flume to take water out of the Sandy river at Camp Six, reported that the best way was to dig a tunnel under the mountain near Marmot to take the water to the reservoir at Bull Run. This involved a cost of nearly \$1,000,000. No railroad will go to that expense. The road will be built through Sandy and Cherryville.  
Parties near Vancouver are making charcoal out of alder and find it is first-class for powder. They have already made contracts with the government to furnish the charcoal which will be made into powder by the government. Now we can break the back of the powder trust. We can get powder to blow out stumps at less than half the cost now demanded. Things are coming our way slowly.  
The decision from the Court of Appeals on the railroad land, which was to have been rendered in February has been postponed until March 31. Honestly it makes a man tired to see how these rascally lawyers have wronged the people of this state in this miserable business. If there was enough money put up, every one of these legal lights could be hired to fight the case they are now retained for. Let them go on with their rotten work. There is a hereafter and all of these rascals will have to answer for their 'scull-duggery'.  
Booth, of Eugene, is out for U. S. Senator on the Republican ticket and makes a great spiel about his patriotism and high sense of honor and desire to serve the people. He is the same man that is a partner to Booth, Kelly & Co. that obtained 40,000 acres of the best timber land imaginable of the Oregon & California railroad for different prices, all far below the actual value, when the government expressly stipulated that the land should be sold to actual settlers in tracts of 160 acres at a uniform price of \$2.50. Last year this would-be-senator set up a moufau plea that he was an innocent purchaser and that he and his innocent (?) partners should be confirmed on their titles to this ill-gotten land. This was such a raw deal the John M. Court, of Portland, then the U. S. District Attorney for Oregon, told the writer that he wrote to Attorney General Wickersham and told him that this kind of business did not look good to him and that he would not stand for it a little bit, and accordingly resigned.

**GILBERT**  
District 45 Development League held a spelling contest at Gilbert School house evening of Feb. 28. A good attendance enjoyed the work done, about fifty persons took part in the contest. Mr. Walker and Mr. Burgoine were the Captains. Mr. Burgoine's side won. Mr. McBee gave out the words for spelling, started with easy and working to difficult. There was four champions who won the honors, spelling all words vainly, Miss Lilly Bluman, Mrs. Burgoine, Mr. Dawson and Mr. Emery.

### Economy Hints

A penny saved is a penny earned.— Benjamin Franklin.

#### How to Use Leftover Meats.

The greatest economy in the home menu comes with the knowledge of making over meat into a dish that is both tasty and nourishing and a dish that does not proclaim too loudly the fact that it is a leftover, says the Modern Priscilla.

However, there are many ways in which the remnants may be clothed and adorned so that the original dish is not recognized.

Chicken, lamb or mutton may be freed from the bone, heated in its own gravy and used as follows: Make a small pan of biscuit dough and when it is baked split it open and pour on the meat. Place the remainder of the biscuit on top and pour over all the thickened gravy.

Slices of meat of any kind may be heated in a portion of the gravy and canned mushrooms added. Add butter, thicken with flour and serve on toast.

Pork may be cooked until the meat falls to pieces; then remove the bone, add seasoning, a little thyme, boiling water and thicken with cornmeal to make a stiff mush, boiling a half hour. Turn out into a bread mold, and when cold it is sliced and fried. It is known as scrapple.

Beef Loaf.—Use a cupful of cold beef that has been run through a chopper. Mix with a half cupful of breadcrumbs, some grated onion, a little melted butter, one egg and the thick pulp of canned tomatoes. Season well, mold in loaf form and bake in oven until brown. It should be basted occasionally with hot water and melted butter. Tomato sauce may be served with it.

Another form of using cold beef is to chop it fine, add one egg to a cupful of the meat, a little grated onion and breadcrumbs to thicken. Heat all together, cool and form into tiny balls. Dip these in egg and crumbs and fry in smoking hot fat. Drain on paper and serve.

Hash.—There are many forms of hash, and it may be made to taste and look very appetizing.

Cold corn beef perhaps is the most desirable meat to use. To one cupful of the chopped meat add two cupfuls of chopped raw potatoes. Cold boiled potatoes may be used, but they do not give the same taste that the raw ones do. Cover with cold water and cook until the potatoes are tender. Season well and thicken with cracker dust, adding a lump of butter. Cover and allow to set until a crust forms on the bottom of the mixture and then fold like an omelet. It may be garnished with parsley and rings of pepper. If it does not brown readily it may be shifted to another frying pan with hot butter, and it will brown quickly.

**Dozen Beets Weigh 147 Pounds.**  
Cottage Grove.—A dozen mangel beets that tip the scales at 147 pounds have been raised by J. M. McDole as an indication of the possibilities of Cottage Grove soil.
