CHERRYVILLE

April showers make muddy roads. Turner & Ritzer, our shingle men and successors to Frank Rhodes, made a visit to their families at Boring last Saturday, returning to their work Monday.

Some hens have taken possession of a church basement here, where they are brooding. They ought to raise some good chickens, and in all probability some of these chickens will enter the ministry.

There is a good deal printed lately about "Go-to-church Sunday." Going to church is all right if people are sincere and do not go to show off fine clothes or to get a chance to deceive their fellow men in a business deal by pretended piety. There is a wide difference between Christianity and Churchianity. "True religion and undeffiled before the Father is a comfort to those in affliction."

Rev. J. H. Boyd, son and daughter, and some friends from Portland came out over the trail one day last week from Bull Run and remained at the Boyd summer home on Prospect avenue, returning home Saturday.

The railroad land squatters met at the home of F. Koerner on Easter Sunday and passed resolutions to send to the State Grange an to Congress for prompt action in the case of the forfeited land grant which should have reverted to the people long ago. Now this vast tract is lying idle doing nobody any good and the state is deriving no taxes from it, while hundreds of people are homeless and homeless. Quit sending railroad attorneys to Congress and to the Legislature.

U. V. Thomas of Bull Run was in town lately circulating a petition for abolishing the state senate and for proportional representation. He says it will require 12000 signatures to get these matters before the public but at the rate people are signing up there will be no trouble about it. Mr. Thomas—being a man of independent means—devotes his time to the common good, being an ardent Socialist. He says of the 15 candidates for Governor now, there is only one worthy or decent man and that is U'Ren. The rest are, or have been whiskey attorneys, with the exception of Withycomb, Director of Agriculture at Corvallis, whose own farm at Hillsboro looks like a ship wreck.

Work will begin on the roads in this District this week, and the roads surely need the work. Plank will be laid in all the bad places as the dirt roads in this country, however much they are worked, are worse than nothing in a wet time.

Strengthens Weak and Tired Women
"I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and "Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment to-day; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c. and \$1.00, at your Druggist.

Beware of Ointments for Catarrh that Contain Mercury
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

WM. ALLEN WHITE COMMENTS ON "MOTHERS"

The Oswego mother who allowed her 15-year-old daughter to go to Kansas City on a shopping trip unattended is surprised that the girl disappeared, writes William Allen White in the Emporia Gazette, and continues: Upon which text we desire to submit a few remarks upon the subject of mothers. The mother business is one of the most over-advertised lines in the world. Whenever a sob-squadder desires to turn on the faucet of our tears, he begins tremulous talk about mothers being the sacred things alive. Good mothers are sacred; so are good fathers. But when you consider how many mean, ornery, good-for-nothing, doleful people there are in the world—don't forget this big important fact: Some fool woman in the mother business, neglecting her real duty, is responsible for all this meanness more than any other one thing. A man may put the devil in his children. But in nine cases out of ten the mother can breed it out, or train it out, or live it out if she will work on the job. A lot of women get an idea that they can rest on the glory of merely being mothers. A lot of mothers think that just because poets have had a lot to say about the sacredness of motherhood that there is nothing else to do. But fool people usually are the result of fool mothers. Charity workers in every town know of scores of instances where men earn fairly good wages, and where the women by their shiftlessness, laziness and meanness have put the family in poverty and want. They can't cook; and they know nothing of taking care of children; they live out of sacks and cans; they gad the streets by day, and go to picture shows at night; they can't sew, and they won't clean up the children. They haven't the character to make the children mind, and they are too thrifless and idle minded to keep the house much better than a pigsty. A mother is "the holiest thing alive" only when she is the embodiment of intelligent, consecrated love. When she is merely a brood animal, when she is either a slattern—if she is poor, or a gadabout and a bridge fiend if she is rich, she deserves no more credit for being a mother than she does for having warts on a high instep. The gush about motherhood being so holy a function has fortified a lot of fool females in their folly. And the blessed time is coming when the soft pedals are going to be taken off motherhood and put on womanhood plus horse sense. The Gazette is in favor of strict law which will prevent men with communicable diseases from marrying and breeding lust and vice into other generations. But along with that law should be a companion law which will prevent issuing a marriage license to a woman who can't cook, can't keep house, can't clean up children's dirty noses and necks and can't pass a decent examination on the feeding and care of infants. When women know something about what they are going into, as married women—whether they are rich or poor—there will be more in the sacredness of motherhood than the poets have ever sung about. Now civilization has taken women from the home; it has put them in stores and offices and shops and factories. Home science now must be learned outside the home. But it must be learned and the sooner the law cracks down on fool girls who go into matrimony caked in ignorance and breed fool children who raise hell in the world, the better will this sad old world be. And further deponent sayeth not.
