Great Acreage Bargain

Forty acres high, rolling land, within three miles of Lents; 6 acres in cultivation; will cut 1500 cords wood and still reserve many acres of fine timber. Superior orchard and berry land. Small dwelling, good barn, wagon shed, small poultry house, tool house and splendid cement-walled well; nearly new Studebaker wagon, wagon bed, woodrack, plow, harrow, stump-puller and tools galore. If sold at once, span of horses and harness thrown in. If not sold before election, and prohibition fails, price advanced to \$6000. Adjoining uncleared land held at \$150 per acre. This is an ideal speculation, as its nearness to Portland will cause it to advance in value to \$10,000 in five years. Only \$1500 cash. There isn't a dollar of commission or profit in this sale, and you'll have to move quickly to get it, as this is the last call. Address Owner, Box 243, Portland.

To Trade a Horse For Hogs

I have an old mare, unfit for heavy farm work, but most suitable for a small truck garden, that I want to trade for breeding sows. She is too large and clumsy to drive any distance to market, but good for heavier work. Will put her and good harness in for \$25. Want good breeders, but no fancy stock. Address Owner, Box 243, Portland.

SAFETY FIRST AT CHESTER'S UNION SANITARY BARBER SHOP. I wish to let the public know that I now have bath tubs in connection with my Barber Shop and they are always in readiness for the public. Also three first class barbers. See us for quick service.

Why You Should Vote For BOOTH

Republican Candidate For United States Senator

Are you better off now than you were under a Republican administration?

Are you satisfied?

If you believe in the principles of the Republican Party, if you are convinced that these principles are best for the country, then prove it by voting for your standard bearer, **Robert A. Booth**, Republican candidate for the United States Senate.

You know that under Republican Presidents the people of the United States have good times.

You know that under Democratic Presidents you have Democratic Times.

Remember the prosperity under McKinley, Roosevelt and Taft.

Remember conditions under Cleveland and Wilson.

The issue in this campaign is not one of personality. It is not one of non-partisanship. It is a question of whether you prefer prosperity under Republican administration.

Do you have enough work? Are your wages good? Is your business what you want it to be?

If you are satisfied with present conditions, well and good; if you believe that the present situation is better than under McKinley, Roosevelt and Taft, you know what to do.

The way to bring back prosperity is to help elect a Republican Senate. The Republican candidate in Oregon is **R. A. Booth**.

This is a Republican Year. Vote the ticket straight.

McArthur Has Made Good Republican Nominee For Congress Voted to Regulate Corporations.

HOUSE JOURNALS CITED AS PROOF

Mr McArthur's enemies have charged him with being the candidate of "Big Business," but an examination of the House Journals of the sessions of 1909 and 1913 gives the lie to these charges. At each of these sessions corporations were represented by powerful lobbies, and strong influences were brought to bear in their behalf, yet the official records show that Mr. McArthur supported and voted for many measures regulating railroads and other corporations in their dealings with the public. Among these measures may be mentioned the following:

An act providing for the better protection of travelers, of railroad employes and property owners by requiring railroad companies to fence their right of way.

An act creating the insurance department, prohibiting premium rebates, regulating insurance rates, and prohibiting the enforcement of trust-made rates.

An act providing for the regulation, distribution, use and right to use water, commonly known as the "Water Code."

An act prohibiting unjust discrimination between localities by railroads and other common carriers.

An act providing for the construction, maintenance and operation of switch connections between railroads and branch line railroads and private sidetracks.

An act requiring railroad companies east of the Cascade Mountains to mow the grass and weeds from their right of way during the month of June each year.

An act providing for the granting of water power franchise by the state, and collecting fees therefor.

An act providing for an appropriation to extend the state Portage Road from Big Eddy to The Dalles, thereby completing the connection between the boat lines of the upper and lower Columbia River.

An act compelling railroad companies to install cattle guards.

An act protecting the purchasers of stocks and bonds, and preventing fraud in the sale thereof, commonly known as the "Blue Sky Law".

An act amending section 6904 of Lord's Oregon Laws, relative to demurrage and reciprocal demurrage, and preventing discrimination.

An act providing for the surrendering and turning over to the State of Oregon by the Southern Pacific Company certain property at the foot of Jefferson street, commonly known as the "Public Levee".

An act providing for the supervision and regulation of the issuance of stock certificates of public corporations.

One cannot read this record without coming to the conclusion that Mr. McArthur has, as a member of the Legislature of this State, been faithful to the people's interests. He has not been owned or controlled by the corporations, as his opponents allege. He has, however, been fair and just to the corporations, as well as to all other interests; has never attempted to make political capital or play the role of the demagogue by ranting against them. He believes that corporations are necessary for our general welfare, but is also a firm believer in rigid regulation and control of these corporations.

If elected to Congress, Mr. McArthur will continue to work for the best interests of his constituents. A vote for him is a vote for an upright, courageous and fair minded public official, who has been faithful to every public trust, and who stands squarely on his record as a citizen and public official of the State of Oregon.
