WITHYCOMBE EASILY WINS

Prohibition May Carry; Hawley and Sinnott Win; Chamberlain Ahead.

The election of the Republican state and Congressional ticket, with the ex-ception of United States Senator, is inception of United States Senator, is indicated by incomplete returns covering the state generally. On the vote for United States Senator some returns have been received from every county, and, although George E. Chamberlain and R. A. Booth are running not far apart in the state outside of Multnomah County, the large plurality for Mr. Chamberlain in Multnomah County seems to indicate his election.

Returns Favor Prohibition.

On prohibition while the issue may yet be said to be in some doubt the early returns report a dry victory. Although Multnomah County may give a substantial majority against prohibition it is not likely, on the basis of early returns, that this majority will go as high as 10,000 in the state outside of Multnomah County, and if the present ratios are continued the amendment will have an affirmative majority of about 15,000. During the early evening the returns received pressged a close vote upstate, but these figures were largely from close-in business districts in the larger towns. As later figures became available the favorable vote for the amendment began to forge ahead the amendment began to forge ahead with the probable result as afready ex-

But in Multnomah County, with
nearly 6000 votes counted, Mr. Chamberlain had a plurality there of 991. The
subtraction of Mr. Booth's plurality in
the state gives Mr. Chamberlain a plurality of 928. It is practically impossible to make an estimate of the pluralble to make an estimate of the plurality by which Mr. Chamberlain will be elected, as in many counties the totals, as computed, show only two or three votes difference.

These figures have come largely from the cities and

measures give practically a two-to-one vote against each measure.

In the Senatorial contest William Hanley ran a poor third. In the State outside of Multinomah County the incomplete count gives him 485, but the figures are not so complete as those returned on Booth and Chamberlain. Adding in Multnomah County Hanley has 1323 votes as compared with 4677. has 1323 votes as compared with 4677 for Booth and 5605 for Chamberlain.

George E. Chamberlain.

With the exception of the Senator with the exception of the Senator-thip the Republicans probably have carried the county for all candidates on both the state and county tickets, neluding C. N. Acarthur for Congress and Thomas M. Hurlburt for Sheriff.

The prohibition amendment has failed to carry in the county, according to the available returns. Among the other important amendments that appear to be losing are the \$1500 tan exemption.

SEATTLE, Wash., Nov. 4.—Scattering returns from all parts of the State of Washington indicate the success of the Republican Senatorial and Representative tickets, that prohibition has been beaten decisively. Seattle furnishidicted tonight in early returns of ne general elections. Heavy falling off of the Progres-

ve vote in many states, he return Congress of ex-Speaker Cannon, desive Republican gains in New York and Illinois in the House membership and the overwhelming defeat of Republic Palmer by Senator Penrose Pennsylvania were features of the rly returns.

Massachusetts Comforts Democrats. Democratic leaders, however, were leased by a triumph in Massachusetts, where ex-Representative McCall was lefeated for the Governorship by Gov-rnor Walsh.

Early returns indicated that the Democrats would retain control of Congress, with approximately no change in the Senate majority, but by a de-cidedly reduced majority in the House. At a late hour results in Illinois, In-diana, California and Colorado as to the natorship were in doubt.

Roger Sullivan May Be Beaten. Roger Sullivan May Be Beaten.
A close contest for the Illinois Senatorship was indicated by returns received up to a late hour. It looked as if the plurality rolled up by Sullivan (Dem.) in Cook County, might be offset, if not exceeded, by Sherman's gains in other counties. The result probably will not be known definitely until late

omorrow.

Former Leaders Returned.

The triumph of ex-Speaker Ca. 100, Republican, over Frank T. O'Hair, for Representative in the Eighteenth Illinois District, also seemed certain. Other Illinois Republicans who were turned out of the House in the last Democratic landsilde, who will be returned to Congress, were William B. McKinley, Charles E. Fuller and John A. Sterling. Republicans also made gains in New York, Oscar W. Swift defeating Representative James H. O'Brien in the Ninth District; Rollin B. Sanford, defeating Representative Former Leaders Returned. B.
