A GAIN the Herald calls the attention of the county officials and the Portland Railway to the condition of Johnson Creek. Not that either of these institutions are to blame for the conditions that exist, but they are about the only ones that will ever be able to force an improvement. If the creek overflows now and washes out a section of the new concrete road and requires about a week for a crew to rebuild the railroad there will be some figuring how it might have been prevented. It is better money spent to issue the prevention before it happens. A small sum of money utilized in clearing the brush out of the creek, and, perhaps, cutting off a few of the crooks, will save the larger expense of reconstructing the road or the railway. Besides that there will be a saving of inconvenience.

As a further consequence of such an improvement, several forty acre tracts of ground north of the road will be made safe for farming purposes or development for residential property. It would be an especially desirable tract for manufacturing sites, being level and close to good car service. Lents should be interested in a big movement boosting this project. It would mean a good deal to it.

According to the Oregon Voter, Mr. Ballinger is competent to tell us the "Oregon System" is a rotten experiment and encourages corruption. According to our remembrance this same Mr. Ballinger was represented as friendly to dirty methods, a few years since—whence all this change of attitude on political purity, and wherefore? According to Mr. Ballinger the "Oregon System" is an abandonment of THE republican system of government. We take that to be a slander on THE REPUBLICAN party. Perhaps he means a republican system of government, but a republic is a government essentially one "of the people," and the fewer delegated powers the better.

The people of the Mt. Scott district are under great obligations to the Muts. This organization has given assistance to a large number of unfortunate people this winter that otherwise would have been dependent upon their immediate neighbors or the county. In some instances the Muts have been too generous; in others their charity has been abused by the selfishness of those asking assistance. A better acquaintance with the people to be relieved would be a great assistance in placing the relief where it would do the most good. There should be a catalogue of worthy dependents of the city and another of dead beats. It would reduce the work of relief more than half.

A death rate of 9.1 per 1000, is the latest standard set by Portland for other cities of the United States to emulate. That ought to make the undertakers shiver. If they had an eye to business they would move to Memphis or New Orleans where the rates are 20.7 and 20.5.

Wide awake farmers are beginning to plan a trip to Corvallis on Jan. 3, to be gone a week, attending the "Farmer's Week." This is coming to be the big annual event with hundreds of farmers.

Trains now run on the new Oregon City line from Baker's bridge to Milwaukee.

A college professor says that spanking leaves no mark except on the memory. Radical change in spanking since our day, believe us!

What has become of the old-fashioned kid who could name the capitals of every state in the Union?

No wonder so many telephone girls are haughty. They are connected with the very best families.

Many an impoverished Greek comes to this country and becomes a shining success.

The other Don Quixote, as we recall it, charged the windmills, instead of filling a ship with 'em.

There is also a fairly inviting field for Mr. Ford in Mexico and Haiti.

\$500,000 worth of flour will be shipped from Portland to warring nations before January 1.

The Growers Association may build a cannery at Scio this winter.

CHERRYVILLE

Merry Christmas to the readers of the Mt. Scott Herald.

Get in the millionaire class and you will get plenty of Christmas presents.

Inte how many homes across the sea a Merry Christmas will be a very sad one indeed.

These warring Christian (?) nations ought to take a day off in their butchering one another on Christmas day at least.

Billy Sunday cleaned up over \$23,000 at Syracuse besides trips at other places where he cleaned up immense sums, for instance at Toronto, Canada, he collected \$8000 for two talks. Probably no one in the country is making money as fast as Sunday and without any capital invested. He has already rented the finest house in Baltimore for his campaign there in February. His career is not altogether similar and in fact does not resemble in the least the Man of Galilee, who walked bare-footed in the dust.

Reed, the war correspondent, in a talk lately in Portland said the experience in Europe shows us the folly of preparedness. In the meantime Rev. Frank Loveland of the M. E. Church is out for big guns, big armies and big war debts. The writer can not recall anywhere in the teachings of Christ where He advocated killing your neighbor or taxing the people to death to maintain a lot of military snobs or gun factories.

The writer congratulates the Mt. Scott Herald on its weathering the financial stress of the past year and hopes it will enjoy to the full measure of the boom times ahead. Prosperity is money in position and as soon as our masters of the money trust start the life-blood of the nation in circulation every one will get a portion of the sunshine of prosperity if they will reach out and grasp it.

Some men by wit have gained wealth but no man by wealth ever gained wit.

Cherryville challenges the state to produce a settlement of its size that has a Literary and Debating Society to match it. Every kind of literary exercises is on the program each Friday night and some of the young people are developing traits that they did not know they possessed while some of the old stand-patters get the moss scraped off their backs in large patches.

Now that there is a likelihood of there being a smelter built in Portland the mining and prospecting business will enjoy a boom all over the state. Ore has been discovered in this vicinity that is very rich and as soon as a larger vein is discovered there will be a stampede. Charley Paschall, who has a mine up on Sherry Creek, found a chunk of coal lately that was high class anthracite coal and burned very freely.

PLEASANT VALLEY

Henry Melby was a Valley visitor Sunday.

Fred Olson has returned from a business trip to Nampa, Idaho, and vicinity. G. M. Loughlin made a trip to the Hood River country last week, returning the fore part of the week.

Richard Blair of Portland was out one day recently getting Christmas trees for the youngsters.

G. N. Sager returned last Wednesday from a ten days stay in the Sixprong

country, Eastern Klickitat, where he was looking after his ranch.

Dr. Wright of Portland filled the pulpit at the church in the absence of Dr. Tibbits, who is attending the Baptist conference being held at Gresham.

I. W. Butler, who has been seriously ill for some time is not improving as fast as his many friends would like to see.

G. H. Kesterson and family have moved into their bungalow which has just been completed.

The pupils of Pleasant Valley School who were entitled to a place on the "Honor Roll" for the month of November were: Primary, Francis Dahlquist, Alice Richey, Cukue Njije and Shigeru Kurashita. Advanced, Anthony Schmid, Florence Richey, Elgen Olson, Katie Connelly, Arthur Bliss, Robert Lewis and Clifton Kesterson.

A Merry Christmas to the Herald and all of its many friends.

Pleasant Valley Grange held its regular meeting last Saturday owing to the fourth Saturday being Christmas day. The most important business of the session was the election of officers which resulted as follows: Master, Mrs. C. H. Bateman; Overseer, B. M. Himebaugh; Lecturer, Miss Hazel Berke; Secretary, Mrs. E. L. Anderson; Steward, Mrs. W. U. Moore; Assistant Steward, E. L. Anderson; Lady Assistant, Mrs. H. C. Restorf; Treasurer, Mrs. J. W. Frost Sr.; Chaplain, Mrs. R. Henderson; Three Graces, Mrs. E. M. Donley, Mrs. M. Smith and Mrs. C. H. Johnson; Gate Keeper, R. Henderson. J. W. Frost was elected to succeed himself as trustee.

Many Children Have Worms

Worms are a common childhood ailment. They make children irritable, nervous and restless, besides robbing the body and mind of proper nourishment. Watch your child. Examine the stools and at first signs of worms give your child a treatment of Kickanoo Worm Killer. They kill the worms, act as a laxative and expel the worms and poisonous waste. Tone the system and help restore your child's health and happy disposition. Only 25c. at your Druggist.

Coughs and Colds Are Dangerous

Few of us realize the danger of Coughs and Colds. We consider them common and harmless ailments. However statistics tell us every third person dies of a lung ailment. Dangerous Bronchial and Lung diseases follow a neglected cold. As your body struggles against cold germs, no better aid can be had than Dr. King's New Discovery. Its merit has been tested by old and young. In use over 45 years. Get a bottle today. Avoid the risk of serious Lung ailments. Druggists.
