## TREMONT, KERN PARK, ARLETA

On Friday evening, July 21, at the home of Mr. and Mrs. M. E. Williams, 5821-68th St., S. E. was held the regular monthly meeting of the Organized Adult Bible Class of the Millard Avenue Presbyterian Church School. The devotional service was conducted by Mrs. G. W. Merry. Committee reports and other business being disposed of a program of instrumental music, readings and song was much enjoyed. About 90 persons were in attendance. The lawn and large front porch of the Williams home had been tastefully decorated for the occasion with red, white and blue bunting, American flags and Japanese hanging baskets filled with beautiful flowers and green vines. In carrying out a "get acquainted scheme" of the committee during the social hour, each person was given a card upon which he wrote his own name. He then proceeded to get upon the reverse side of his card the names and addresses of the persons present with whom he was the least acquainted. Having done this he presented his card to a member of the committee who punched it. The card was then presented to the refreshment stand where the bearer was served without further charge. The meeting was pronounced by those present, the best held by the class for a number of months.

Rev. W. H. Amos of the Millard Avenue Presbyterian church occupied the pulpit of the First Presbyterian church of Astoria, morning and evening last Sunday, in the absence of Rev. Gilbert, who is with his regiment on the Mexican border. The pulpit of the Millard Avenue church was filled in the morning by Rev. A. J. Montgomery and in the evening by Rev. Bedinot Seeley.

Miss Grace Spaulding, chairman of the Missionary Committee of the Millard Avenue C. E. Society has planned a novel meeting for Sunday evening. Instead of meeting in the church as usual the service will be held on the lawn outside. Music by the Sunday School orchestra. Every one invited to come and enjoy a good live open air meeting. The subject for the evening is Home Missions.

A movement is on the way to get 72d street south of Foster, improved. This is the worst street in all Mt. Scott and the credit of the district suffers from it.

The Arleta W. C. T. U. met at the home of Mrs. Hollingworth, 5627-72d street. Mrs. M. F. Swope led the meeting. Mrs. Russell, state corresponding secretary, was present and spoke. Mrs. Mira Zehrung gave the Chautauqua reminiscence. Miss Mildred Oppenlander of Sunnyside sang, "Just For Today" and "Mother McChree." Mrs. Geo. Snyder recited, "When Melinda Sings," and "Keep the Corners of Your Mouth Turned Up."

Father Hobert has been visiting his daughter, Mrs. Ella H. Tripp. He spoke at the Annabel Presbyterian Church Sunday morning and at the Laurelwood M. E. Church in the evening.

The Laurelwood M. E. Young Peoples Bible Class will give a social at Dr. Lockwood's this evening.

## KENDALL

The grove on the banks of Johnson creek at Kendall station is proving to be a popular rendezvous for picnics. Last Sunday several auto parties and some half dozen "hoofing" parties passed a very pleasant afternoon and evening at that place. Watermelon feasts, weiner roasts and marshmallow toasting holds first rank with the younger folk, while mother and father—at least if appearances are a criterion—apparently demand the "good old-fashioned" fare—a basket well filled with sandwiches, fruit, pie, cake, pickles, et cetera. The youngsters would rather wade and "crabdad" than eat.

Sunday, July 23, the Oakhurst Grays met defeat at the hands of the Kendall Tigers to the tune of 9 to 5. The game was well sprinkled with muffs and bingles. Clark and Hayman served as moundmen for Kendall, while Tucker performed in the box for the visitors. Tuttle and Clark were the star batsmen for the locals, both getting three clean hits. Many visitors witness these contests each Sunday. As a rule, fast, interesting games are played.

Last week Elmer Johnson, while attempting to crank an auto, was rather painfully hurt—the crank flying off and hitting him in the mouth. A cut upper lip, which necessitated the taking of several stitches, and a tooth broken in two was the extent of the damage.

If old Jupe doesn't behave, many farmers of this section cannot be blamed for certain expressions. Some farmers have had to turn many acres of hay on account of the excessive rains.

Rev. Wilson preached at the Battin schoolhouse last Sunday. Services are held each Sunday evening. Sunday School in the afternoon.

The Kendall Ladies' Aid Society are attempting an innovation in holding their next meeting in the grove at Kendall station, instead of at the homes of the members. The business meeting

## NOTES OF THE W. C. T. U.

The flurry of rain which came Tuesday delayed its appearance until after the dinner hour in the grove at the Fankhauser home, giving the Mt. Scott W. C. T. U. picnickers ample time to wash their dishes and seek cover in the pleasant parlor.

The picnic dinner was made unusually appetizing by the serving of a hot dish prepared by Mrs. Sioen, who announced it as Oriental dish and stated that it was partaken of by the people who live

will be held in the afternoon. In the evening the men folks will stop off at Kendall, when a picnic supper will be served.

The vicinity of the Battin school is a very pleasant place to live. While not so thickly built up the majority of the homes are in view of one another and the schoolhouse. They can see their children all the way from their homes to the school.

One of our leading citizens when spoken to about the Herald remarked, "Is there a paper published at Lents? Certainly I will subscribe for it."

Mr. Oleson has sold his well drilling machine to E. W. Simmons whose it appears elsewhere in this issue.

## CHERRYVILLE

Mr. Lane, the medicine man from Graham, says his wife is a Rowland and one of Mrs. Betty Green's heirs in part of the estate left for her use during her life-time and then to revert to other heirs. This sum, something over one and a half millions, will be divided up among 1700 of the Rowlands.

First thing you know the farmer who nearly supports the whole superstructure of society will be shown some consideration in the scheme of things. Now the government has brushed aside the Southern Pacific railroad company's attempt to still hold the land grant and directed the land to be opened for settlement and has passed a Rural Credit law enabling farmers to get government money on long time at a low rate of interest. Believe me, the world does move, and in the right direction.

The act of a madman destroyed several innocent lives at Frisco last Saturday. Most of the injured were innocent women and children. These men-monsters are a strange compound of ferocity and animal cunning, and their awful actions have no sense nor reason in them, like the ax-man who butchered up whole families against whom he could possibly have no grudge, but killed for the mere lust of blood. Nature has framed strange fellows in his time.

The celebrated Branderburgh regiment, the very flower of the German army, out of a number of 1400 men, lost all but four in one of the attacks on Verdun. In the meantime the Crown Prince who is directing these furious attacks and has already lost more than 300,000 men, is unharmed, and so are his six stalwart brothers.

(Cherryville correspondence will be finished next week. An accident, caused by the make-up man, happened it.)

## HERE ARE TWO WAYS TO "HIS" HEART!

The following recipes, both vouched for by one of the best of southern cooks, may meet with the approval of the housewife looking for something new in the way of desserts.

### Date Pudding

1 cup powdered sugar  
1 tablespoonful flour  
1 teaspoonful baking powder  
2 eggs  
1 cup chopped nuts  
1 cup dates  
Mix and sift flour, sugar and baking powder. To this mixture add well beaten yolks of eggs, and nuts and dates. Lastly fold in beaten whites. Place pudding in a dish and set the dish in a pan of hot water in the oven. Allow to cook one and a half hours. Cool slowly—in the oven if possible. Serve with whipped pudding.

### Whipped Cream Dessert

3 egg whites  
1 cup sugar  
1 pint whipping cream  
1 slice candied pineapple  
1 cup English walnuts  
½ pound candied cherries  
1 teaspoon vanilla  
1 Package Knox's gelatine  
Moisten gelatine with cold water, then add ½ cup boiling water to dissolve. To dissolve gelatine add 1 cup ice water and set aside until the whole is cool. Beat egg whites until stiff, fold in sugar and whipped cream. Combine this mixture with the gelatine, and when the mass begins to stiffen stir in nuts and fruit.—E. G. H.

Keep eggs in a cool, reasonably dry place. Keep in a temperature of not higher than 50 to 60 degrees. Between 35 and 40 degrees is best.

State officials have inspected the drainage plans to reclaim 50,000 acres of Malheur Lake.

at the time of Jesus. It was pronounced delicious and requests for more soon emptied the large vessel in which it was cooked. The recipe follows: Plunge cabbage leaves in boiling water, leaving them until pliable. Remove and cut out the midrib. Cut the cabbage leaf in squares of about four inches. Take two pounds of shoulder mutton and run through the meat grinder, using the medium cutter. Wash a cup and a half of rice; take half a can of tomatoes, or the equivalent of raw tomatoes. The meat, and rice are used uncooked. Add to meat and rice the half can of tomatoes. Put a tablespoonful of this mixture in a square of cabbage and roll up like a stick. The meat should be seasoned with salt, pepper and cinnamon. Place the midribs of the cabbage upon the bottom of the boiler (to keep the mass from burning) and then place the sticks of stuffed cabbage in rows across the kettle until filled. If desired place garlic between the layers. Upon the top of the mass pour the remaining half of the can of tomatoes. Over this pour boiling water until level with the top. Boil ten minutes, then set back to simmer until done.

Mrs. Lillian Clark, a former Mt. Scott worker whose time is now devoted to

Sunday School work in her immediate neighborhood, attended the picnic bringing her house guests with her: Mrs. Botsford, sister of Mr. Clark, and Miss Margaret Clark of New York, a skilled musician. Miss Clark appeared on the Chautauqua program at Gladstone Park this year on two different days. It was through the originality and persistence of Miss Clark that the fact was developed that there were ten different countries represented at this picnic. When this announcement was made, while still seated at the table, an enthusiastic began singing "Das Vaterland" which was followed by all joining in "America." At the conclusion of this song a lady stated that it always amused her, when she sang: "Land where our fathers died." "My fathers didn't die in this country" she explained. No one at the time thought to say that the fathers of America who died for the freedom of this country became hers by adoption when she made this country her home.

Mrs. Ponnay, county superintendent of medal contests appeared upon the program with several readings, Miss Clark presided at the piano, Prof. F. C. Streyfeler of Portland sang several songs and Mrs. Sioen sang, in Syrian, one of the psalms.

## Look Good—Feel Good

No one can either feel good, nor look good while suffering from constipation. Get rid of that tired, draggy, lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box today, take one or two pills tonight. In the morning that stuffed, dull feeling is gone and you feel better at once. 25c. at your druggist.

## Should Sloan's Liniment Go Along?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

# RAILROAD WAGES

## Shall they be determined by Industrial Warfare or Federal Inquiry?

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employes is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Western railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest and average of all) as shown by the pay rolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers . . . . .	\$1747	\$2195	\$1537	\$2071	\$1056	\$1378
	3094		3076		2445	
Conductors . . . . .	1543	1878	1454	1935	1151	1355
	2789		2933		2045	
Firemen . . . . .	0 3	1317	751	1181	418	973
	2078		2059		1552	
Brakemen . . . . .	854	967	874	1135	862	1107
	1719		1961		1821	

The average yearly wage payments to all Western train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers . . . . .	\$2038	\$1737	\$1218
Conductors . . . . .	1772	1624	1292
Firemen . . . . .	1218	973	832
Brakemen . . . . .	921	1000	1026

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

## Shall a nation-wide strike or an investigation under the Government determine this issue?
