## CANNING CONTEST EXCITES INTEREST

Young Ladies of the County Prove Skilful in Preserving Fruits and State Fair

The canning contest at the County Wir was one of the mozt attractive fea－
vere of the Fair．Large crowds at－ great amount of interest was shown by the sections of the County which the
teams repreented． The important part of the contest is different teams have gotten wbile
practicing for the conteas．Some of the teams have practiced weekly and have
canred many kinds of fruit，vegetables，
fiah and meats，as well as making sever－ f the girls in the compeskt had done but
itte eanning before entering the elat st since have been of great help in the
we，some of them doing the most of Tbe following is the final score of the

$\qquad$
$\qquad$ interests of the town are represted in its
advertising columns，not as a subridy，
or charity，but in active or charity，but in active，aggressive and intelligent effort at upbuilding．
The interests of the mifrehant publisher are identical，and there should
be co－operation betwen be co－operation between them，that the
town may have an effective medium of publicity on the one hand，and that the
largest posible retirns be given to the supporters of this
other．＂－Exehange．

Vettrinatan is com．
ING INTO HIS OWN The high standarde maintained by the
veterinary colleges in this country is bearing fruit．The veterinarian is com－
ing into his own．The recent army re gives a just reogntition to the r
narian which has long been denied．
Prior to this time，the army Prior to this time，the arny veter－
inarian had the pay and allowances of
second lieutenant，mounted，but did not
$\qquad$ tom of the list．The gongest lieutenant
could rank him out of his quarters al．
though be might have bad a family and though be might have had a family and
been old in the service．He was rated
ns a non－combatant and not allowed to wear a saber，yet went to the eront with
the troopp．His dress nuiform was
shorn of shoulder straps and he was not． shorn otehouider straps aignia＂U \＆s．＂
permitted to wear the insigno
