This Essay on the work of David Livingstone, the great Missionary was written by Rudolph Clark, a second year Junior boy in the Millard Avenue Presbyterian Sunday School, and read at the Rally Day service September 22, 1916. Mrs. J. F. McLoney, teacher.

DAVID LIVINGSTONE IN AFRICA  
David Livingstone was born on the 19th of March 1813, in Blantyre, a village of Scotland, not far from Glasgow. When he was a boy of twelve he wished to follow Jesus. He first thought of going to China to be a Missionary. He studied to be a doctor as he thought it would help him in his work. But a war was started so he did not get to go to China. After a while Mr. Livingstone met a man named Robert Moffat who was telling of the needs of Africa.

David Livingstone sailed for Africa in December 1840. He landed at Algoa Bay in the southern part of the continent. He traveled six hundred miles to Kuruman. Later he went several hundred miles further to Kolobeng. The people there had never seen nor heard of a Missionary? He grew sick at heart when he saw how the heathens killed one another and how cruel they were to the old people. Mr. Livingstone saw that they would have to make a road to the sea so the gospel could be carried into the country. Mr. Livingstone well knew the dangers he would meet but he knew that if the slave traders found a way to the coast he ought to be able to. The journey that he was going to take was one that no white man had ever taken before and it meant facing many dangers. In Linyanti he met a chief

who was very kind and generous. He gave Mr. Livingstone twenty-seven helpers. Mr. Livingstone promised to bring them back to Linyanti. They had a very hard journey. When they arrived at the coast Livingstone expected some mail from home and when he didn't get any he was homesick. There was a ship in the harbor that he could have gone home on but Livingstone had promised the black men that he would go back to Linyanti, so he did.
