**A**t least two of the Republican candidates are meeting with organized independent action, namely George Tazwell and W. C. Alderson. Just who is back of Mr. McBride it is difficult to say tho Tazwell's friends say it is the political bosses he formerly refused to serve. The evidences they offer of Tazwell's disqualifications are warmly disputed by his friends.

In the case of Mr. Alderson, his opponents are putting up a vigorous fight. Mr. McCormack, candidate for the superintendency before the primary, is one of the leaders in the opposition. Mr. McCormack gives as his reason that Mr. Alderson won his nomination by misrepresenting McCormack's relations to the Jitney Driver's Association, thus diverting the entire support of the street railway men to Alderson. He says, too, a good many people voted for Alderson, having in mind City Superintendent Alderman. The Woman's Political Science Club are opposing Alderson on various grounds and giving their support to Mr. J. O. Hall. Several other organizations are actively opposing Alderson.

Outside of this the Republican ticket looks easy. Judge Gatens is making a big fight for re-election, and is getting strong backing from non-partisan women. In none of these cases will the result be safe until the ballot is counted. All of them teach one big lesson: No public official or candidate for public favor can disregard public sentiment or opinion on questions of official propriety. People are alive to all these matters nowadays and will be satisfied.

Speaking of elections and party fealty: People will never again "vote her straight." People have changed the standard. The next step forward is an improvement in the ballot, the disposing of the primary and voting by first, second and third choice. This advance was proposed some time ago, but the people were not ready for it. The time is ripe for another effort. Aside from eliminating party corruption, it would greatly reduce election expenses as there would only need to be one election where we now have two.

Patrons of the more or less legitimate drama express the belief that better plays will be given in the future. It is difficult to see how improvement could be avoided.

Now that automobiles are being sold on the installment plan, no harried householder knows when he will stumble over a new Flivver in the dim hallway of his humble home.

Attempts to "baby" the members of the national guard have never met with the approval of the guardsmen. They are grown men and dislike to be made ridiculous.

One of the indoor amusements that the average man used to engage in every fall was putting up the stovepipe. In some respects life is becoming less complex.

If human beings 3,000 years ago had possessed the mechanical knowledge that man has today, would there be anybody left on the planet?

How do you like our new Autumn so far this year?

## NOTES OF THE W. C. T. U.

Mrs. Julia Scott and Mrs. K. Sommerfeld are home from the state convention at Pendleton full of enthusiasm and ready for a year of active service. All of the state officers were re-elected with the exception of vice-president at large, Mrs. Nettie Brown of Albany, whose illness has caused her to drop out of the work. A former member of Mt. Scott Union, Mrs. Ward Swope of Arleta, was elected in place of Mrs. Brown. A great many people at the convention wanted Mrs. Swope for state president as her active service in the past has made her familiar with the duties and responsibilities of the position, and it is not unlikely that when a change is made, Mrs. Swope will be the standard bearer.

Mrs. Sarah Fankhauser, the oldest member of Mt. Scott Union, has been honored by that organization by being made a life member of the state convention. A certificate of membership will soon be issued conveying this intelligence to her.

The next meeting of Mt. Scott Union will be held at the home of Mrs. Walsh. Reports of convention doings will be given by the returned delegates and Mrs. Mary Mallett, a state worker especially popular in this vicinity will be present and speak upon the desirability or undesirability of certain candidates for office. This meeting is on the last day of October.

Reports come in that some men who voted against prohibition two years ago will vote for it in November. These men formerly indulged in liquor, in some instances going upon three day sprees. They have found they can get along without liquor and that they are better off and happier under prohibition.

Ex-Governor, Oswald P. West has published a letter in which he says:

"The 'Brewers' amendment' proposes to create a condition such as has not been seen since civilization government was set up in Oregon. The sale of beer is to be permitted in every nook and corner of the state, in clubs, restaurants, hotels, theaters, and dancehalls, on steamboats, and trains, near schools and churches, on Sundays, holidays, and election days, to minor, lunatic or drunkard, without regard to the will of municipality or county.

"It makes no difference what the supporters of the bill intended to say or believe that it says, it is the business of the courts to construe the law.

"Nearly all of the District Attorneys of the state have joined in the opinion that nothing in this bill will prevent the opening of bottle-houses where beer may be sold in bottles of any size. In the face of this opinion, expressed by the men whose duty it is to construe and enforce the law, it is idle to say that this amendment will not open the saloons."

A recent investigation made by the U. S. Public Health Service in connection with studies of rural school children showed that 49.3 per cent had defective teeth, 21.1 per cent had two or more missing teeth, and only 18.9 per cent had had dental attention. Over 14 per cent never used a tooth brush, 58.2 per cent used one occasionally and only 27.4 per cent used one daily. Defective teeth reduce physical efficiency. Dirty, suppurating, snaggle-toothed mouths are responsible for many cases of heart disease, rheumatism, and other chronic affections. The children are not responsible for the neglected state of their teeth.

The ignorant and careless parent is to blame for this condition—a condition which hampers mental and physical growth and puts a permanent handicap on our future citizens.

School teachers can and are doing much in inculcating habits of personal cleanliness on the rural school child but this will fail if the highest accomplishment unless parents co-operate heartily and continuously. This is a duty which we owe our children.

THE LADIES' HOME JOURNAL, THE SATURDAY EVENING POST AND THE COUNTRY GENTLEMAN wish to secure the spare time of a man or woman to act as a local representative in Lents and vicinity, looking after the renewals of their many subscriptions in this section, and introducing these publications to new readers. Payment will be made in salary and commission. Previous experience is desirable but not essential. For details address, with references, Box 654, THE CURTIS PUBLISHING COMPANY, Independence Square, Philadelphia.

Lane county candidates are campaigning for tax reduction.

## PLEASANT VALLEY

Mr. and Mrs. A. C. Taylor and Ernest Harpe of McCoy visited a couple of days last week with Mr. and Mrs. T. P. Campbell.

Mrs. G. H. Richey of Corvallis was the guest of Mrs. G. N. Sager last Sunday.

Mr. and Mrs. W. U. Moore, accompanied by their son Clyde, visited with their daughter, Miss Laura Moore, who is teaching school at Colton.

Alfred Johnson of Tremont spent a few days last week with his son, Ruben Johnson.

J. H. Nolta entertained friends from the city over Sunday.

Frank Hill of Portland was out Saturday looking after his place.

Hon. Geo. M. McBride, accompanied by Mr. Murphy of Portland, was in the Valley Saturday evening. Mr. McBride is running independent for county judge.

The school board is having plans drawn for a play shed which they propose to have erected in the near future for the convenience and comfort of the school children.

Mr. and Mrs. W. F. Garrison attended church at Damascus last Sunday.

F. A. Richey has invested in a new potato digger.

Ernest Olson has got his new house about ready for occupancy.

L. Demartine and Jos. Barbagelata of Portland were transacting business in our midst last Saturday.

## Mrs. Mary L. Mallett

Laws Protecting the Home and Safeguarding Childhood

25 Years Experience in Social and Uplift Work

W. L. Plotter of Portland was a caller at the home of E. L. Anderson on Monday.

## GEO. TAZWELL

Republican, Democratic, Progressive CANDIDATE

FOR

## COUNTY JUDGE

108

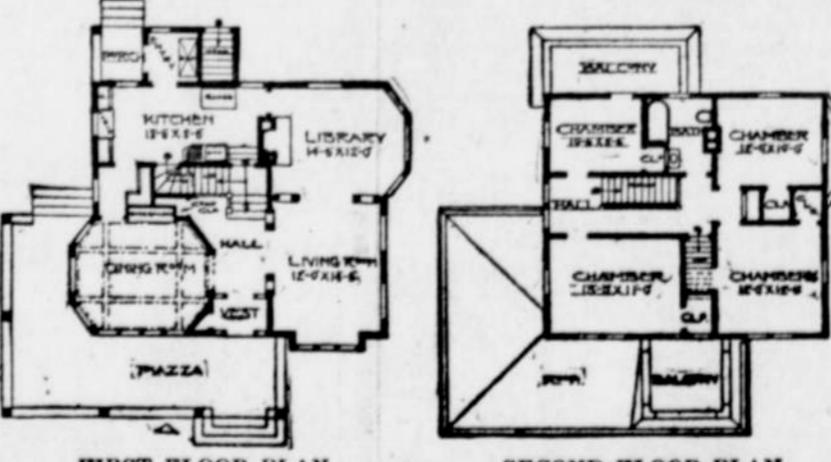

ON THE BALLOT

## STYLISH AND COMFORTABLE.

Design 3W, by Glenn L. Saxton, Architect, Minneapolis, Minn.

PERSPECTIVE VIEW—FROM A PHOTOGRAPH.

Here is a house that has been built a number of times, and every one who has built after this plan is pleased with the result.

This plan has a central hall, with stairway in the rear, combination up from the kitchen. Living room in front connected with the hall by column archway. There is a library in the rear of the living room, with large open fireplace. Fireplace worked out so that it takes care of the kitchen heating plant, also fireplace, thus making a saving of \$75 to \$125 for an extra chimney. The dining room is well arranged; has built-in sideboard, beamed ceiling and the sides of wainscoting. This room is connected with a kitchen by a butler's pantry. Built-in cupboards in the pantry and built-in cupboards in the kitchen. Rear entry, with small porch in rear. Balcony above same. This also has grade door built in the rear. There is a splendid piazza across the front and round the dining room side. Second story contains four good chambers, balcony both front and rear, large closet space, linen closet and good sized bath. There is a full basement; first story, nine feet; second story, eight feet six inches. Size of house is thirty-two feet wide and twenty-eight feet deep over main part. First story finished in red oak or birch throughout; second story pine to paint, with birch doors. Cost to build, exclusive of heat and plumbing, \$3,300.

Upon receipt of \$1 the publisher of this paper will supply a copy of Saxton's book of plans entitled "American Dwellings." The book contains 240 new and up to date designs of cottages, bungalows and residences costing from \$1,000 to \$6,000.

## GILBERT

The Parent-Teacher Association of the Gilbert school met October 13, and elected the following officers for the coming year: President, Mrs. Ferris; vice-president, Mrs. Burgoyne; treasurer, Lucile Brackett; secretary, Dorcas Hedin.

Fred LaMear is expected home this week.

Mrs. R. Henderson is still slowly improving.

Don't forget the preaching service next Sunday afternoon at three o'clock. The pastor is a live man with a great message for us all.

Mr. F. Peters is reported by the physician to be in a very serious condition.

The members of the Epworth League gave a farewell social last week in honor of Fred Dozier, who expects to leave soon for his home near Newport. The evening was spent in singing and playing games. Refreshments of fruit salad, wafers and chocolate were served. He will be greatly missed by the members of the League as he has been an active member and officer since the organization of this chapter two years ago. As the harvest truly is plenteous and the laborers are few, may he be as faithful in his new field of work as he has been in the past.

Mrs. S. E. Johnson and family are moving into the Dawson house near Gilbert.

## KENDALL

The Harmony Improvement Club, sometimes known as the Old Settlers Club, meets the second and fourth Wednesdays of each month. It met Wednesday with Mrs. Galoway. It usually has a Hallowe'en social entertainment and celebrates Washington's birthday with a general good time.

The Ladies Aid had an enjoyable meeting at Mrs. Thomson's last Friday. They are to meet Thursdays instead of Fridays hereafter. The next meeting will be at Mrs. Adkins.

There will be a pic nic at the Batlin school Friday. A good time is expected.

Mr. Schroeder is just completing a second large chicken house and is going to build one still larger.

Mr. Crunkshank is building an addition to his dairy for an engine house.

Mr. Peterson has built a silo for his dairy.

The pastures are drying up and price of feed is advancing. Canned milk and butter are going up in price and we naturally expect a raise in fresh milk.

We notice quite a few people looking for houses to rent.

## CHERRYVILLE

Dusty days and dusty ways.

The record breaking drought still continues.

The streams are the lowest ever known at this time of the year.

Another cabin was broken into last Friday or Saturday. This time it was the house of Sam Cox's on his claim north of town. Nothing was destroyed but a gun and some eatables were taken.

Jack Frost, Deputy Sheriff from Oregon City, was in town last Saturday trying to get a line on some of the house breakers but could get no clue.

Jack the Ripper broke into the Maldings home between Welches and Tauney's last week, during the absence of the owner. The same work of destruction was carried on as at Galarneau's. The entire contents of the house was either destroyed or scattered about. It is the work of some cunning maniac and a pack of hounds ought to be secured to run him down.

M. V. Thomas of Bull Run was in town last week making arrangements for a Socialist meeting at the school house on Friday evening of this week. Mr. Thomas says Wilson will be elected but the best outlook in sight to his mind

in a political point of view is the probable election of five or six Socialist members to Congress, among others, Eugene Debs from Indiana!

The loganberry juice men could not fill their orders so great is the demand. Now they have invented a process for evaporating strawberries so they will retain their color and flavor. Anyone can produce from \$450 to \$500 an acre with these berries as no country in the world produces berries in such profusion as western Oregon.

Considerable improvement is going on here this fall. Mr. Freil Sr. will build his barn crushed down by the snow and C. L. Rugh and S. C. Runyan will build houses on their railroad claims north and south of town.

The agony will soon be over now and the signs of the times indicate the re-election of Wilson. When such Republican papers as the New York and Chicago Tribune and the New York Evening Post take a gloomy view of the outlook the prospect is poor for Hughes. The betting too has dropped to even chance or odds in favor of Wilson.

## Rheumatism Follows Exposure

In the rain all day is generally followed by painful twinges of rheumatism or neuralgia. Sloan's Liniment will give you quick relief and prevent the twinges from becoming torture. It quickly penetrates without rubbing and soothes the sore and aching joints. For sore, stiff, exhausted muscles that ache and throb from overwork, Sloan's Liniment affords quick relief. Bruises, sprains, strains and other minor injuries to children are quickly soothed by Sloan's Liniment. Get a bottle today at your Druggist, 25c.
