DISEASE

can be overcome by
Chiropractic Adjustments

DISEASE IS A LACK OR EXCESS OF FUNCTION

in any part of the body. All function is controlled by mental impulses from the brain. Therefore the cause of disease must be an interference with the line of communication between the brain and the diseased part. It necessarily follows that the only permanent way to do away with the disease is to remove the obstruction and thus restore free communication. Chiropractors do this by adjusting the sub-luxation which is causing the obstruction, and enable "Nature" to restore normal condition—Health.

Chiropractic is a scientific method of removing the cause of disease (acute or chronic) and is based upon a correct knowledge of the brain, spine, spinal cord and nerves emanating therefrom.

Edison's Opinion: "The doctor of the future will give no medicine, but will interest his patients in the care of the human frame, in diet, and in the cause and prevention of disease."

Chiropractic removes the cause of disease. Try it.

Farm and Grange Notes

Russellville Grange.

Russellville Grange met on Saturday last, March 31st. There was a very large attendance and an interesting session. Mr. Schwerdman was elected delegate to the State Grange, with E. Gill as alternate.

Two candidates were initiated in the third and fourth degree and nine applications for membership were received and placed on file.

A very pleasing program was rendered during the lecture hour. A vocal trio was given by the Hoberg sisters. Other musical selections included a solo by Esther Banks, also a solo by Mrs. Shanz; an instrumental duet by Mrs. Wicklund and Mrs. D. Lewis. Miss Christler gave a reading which was greatly enjoyed. A paper on "Horticulture" was read by Clayton Lewis, who also led the Grange in the reading of a poem dedicated to the Flag, which was followed by a salute to the National Emblem.

This session marked the closing of a membership contest, the losing side providing a banquet to the victors. A very pretty feature of the banquet was the rendering of the Flag song by Mrs. Pollock, which was enthusiastically received. Another pleasing feature was the presentation of a birthday cake to the Lecturer, Mrs. Ray Gill, who was given a toast by Mr. Lewis to which she responded.

Senator Lewis, and T. J. Kreuder of Lents Grange were present and gave addresses.

Woman's Tri-County Club.

The Woman's Tri-County Grange Club met at the Central Library on Thursday afternoon of last week, this being the second meeting held. The organization was perfected at this time, the following officers being elected to serve for one year: President, Edith Tozier Wethered, of Portland; vice-presidents, Mrs. Mary Palmer, of Portland, representing Multnomah County,

Grange Dates.

On Saturday, April 7th, the Evening Star, Fairview and Columbia Granges will meet in their respective halls. Senator Lewis is arranging to attend each of these chapters at some time during the session.

T. J. Kreuder will be present at the Fairview session.

Mrs. Veleria Denzie, Clackamas County, and Mrs. A. B. Flint, of Washington County; secretary-treasurer, Mrs. Broderson, Washington County; Executive Committee: Mrs. Dickinson, Clackamas County; Mrs. E. A. Niblin, Multnomah County; Mrs. Christensen, Washington County; Membership Committee: Mrs. Maggie Johnson, Clackamas County, chairman; Publicity Committee: Mrs. Saylor Smith, Multnomah County, chairman; Finance Committee: Mrs. Lettie Moore, Multnomah County, chairman; Educational: Mrs. Elizabeth McGowan, Washington County, chairman; Home Economics Committee: Mrs. Sarah Dalles, Clackamas County, chairman; Social Committee: Miss Hilda Tlummer, Clackamas County, chairman; Civic Pride: Mrs. Nettie Dradle, Clackamas County, chairman. Each of the three counties are represented on each of the committees.

The attendance has been most encouraging, over 50 being present at the first meeting, representing 17 granges of the three counties. The women are very enthusiastic in the work, believing that the scope of interests covered by the work mapped out will make the Club a greater factor in the development of the ideals and standards for which the Grange stands. Patriotism is being emphasized, according to the demands of the times.

The Constitution and By-Laws were adopted at this meeting. The Club will meet the third Friday of each month at the Library unless especially invited to meet at some point in Clackamas or Washington Counties.

The monthly business meeting of the Epworth League was held on Monday evening at the home of Miss Irma Sager. There was a very large attendance and an interesting meeting. This was the annual meeting, the following officers were elected to serve during the coming year: President, Luzelle Kearney; First vice-president, Berry Ott; Second vice-president, Miss Lona Crandall; Third vice-president, Miss Rozella Wilkerson; Fourth vice-president, Mrs.

Maude Bleything; secretary, Miss Edna Bleything; treasurer, Charles Wilson; organist, Morley Brown, with Misses Zella Landon and Irma Sager as assistants; critic, Mrs. Minnie Hyde. At the conclusion of the business session a social time was enjoyed and refreshments served. The League will unite with the young people of the Millard Avenue Presbyterian Church in a sunrise prayer meeting on Easter morning at 7:30.

Some years ago there was a very active young men's class in the Sunday School of the Lents Methodist Church. But for some time it seems that the interest has lagged until it has been a question as to whether we had a class. But what was known as the old W. N. Class has now been resurrected through a meeting which was held at the home of Hubert Bleything on Tuesday evening. Mr. O. V. Badley, from the Sunnyside Methodist Church was the attraction of the evening. He gave the boys a stimulating address, which stirred them with an enthusiasm to do things, after which he entertained them with a series of humorous and serious readings, which were greatly appreciated. He will be with us again. Officers were elected, some plans laid for the future, and we believe the class will go on.

W.C.T.U. Notes

The next meeting of Mt. Scott Union will be held at the home of Mrs. C. L. Gesell, Superintendent of Purity in Literature and Art, on Tuesday afternoon, April 17th.

A fine company of interested people assembled at the home of Mrs. Burgette on Tuesday afternoon of this week. The program was in charge of Mrs. Inez Richardson. Mrs. Sells sang a beautiful song and Miss Gray again came out from Portland, this time to talk on food stuffs and their preparation. So charmingly and convincingly was the matter presented that the social time over the tea cups was given up to neighborly exchange of ideas along the same line.

The county executive will meet on Monday of next week.

The thrilling and dramatic entrance of Russia upon the world stage as a republic is said, by those who have closely studied the people and the national life of Russia, to be very largely the result of the active propaganda of the women of Russia. The educated and noble women of that country have devoted themselves to the cause in a much larger degree than have the men. Thousands of people who have been political exiles in Siberia are now returning to Russia and to the freedom for which they suffered banishment. Notable among these and the first to set foot upon the freed land was Mme. Catherine Breshkovskaya, known as the little Grandmother of the Russian revolution. She was the daughter of a Russian noble and thirty of her seventy years were spent in banishment in Siberia because of her radical ideas, which she boldly proclaimed. Those who have looked upon the literary works of Tolstol and other Russian writers as works of fiction have been surprised at the revolution. Those who through study or travel knew them to be faithful transcriptions of the lives of Russian people foresaw and predicted that which has but now come to pass and believe the great Russian masses capable and fit to meet the stress of the new form of government.

The Paris of Asia.

Tokyo, to a much larger degree than any American city and even more than Paris or London, is the center of the life of the nation. Here the universities draw students from every province. Here is being fought out the battle for democracy and freedom from a military bureaucracy. Here industrialism is raising its many headed body and threatening destruction of the race. Here is the center from which one must study the movements of the orient.—Christian Herald.

"Daddy."

"Dad" is the English of "papa." "Dad" and "daddy" were well known in the sixteenth century. "Papa" did not come in, borrowed from abroad, until the seventeenth century was well advanced.

Florio at about the end of the former century defined the Italian "papa" as "the first word that children are taught to call their father, as ours say dad, daddie or bab." "Dad" seems to be the commoner to mankind of the two. Nausicaa in the "Odyssey" calls her father "pappa phile" (dear papa), but Greek had "tata" also, and Welsh has "tat" and Irish has "daid."—London Chronicle.

Rubber a Tree Giver.

A rubber tree in full maturity produces from three to five pounds of rubber a year. Usually about 100 trees are planted to the acre. Time was when Brazil was the crude rubber center of the world, but today the plantations of the far east are producing four times as much rubber as the forests of the Amazon.

The Woman of It.

Mrs. Newedd—What do you find in that stupid old paper to interest you? Newedd—I was just glancing at the money market. Mrs. N.—Oh, do they have a money market? Are there ever any bargains?—Boston Transcript.
