Myrcia Circle No. 651 of the Women of Woodcraft celebrated their 11th anniversary Tuesday, May 15th, with a musical and literary program of great interest, after which about eighty-five sat down to a bounteous spread served by the committee. Suitable remarks were made by Guardian Neighbor, Mrs. Bushman, Organizer Seaman, Grand Captain, Mrs. Stites, and Captain of the Guards, B. Mathis.

The Junior Artisans held an open meeting last Monday night in the W. O. W. hall. There was a fine program of readings, songs and dancing, using all local talent, and the fusion wound up with a dance. The proceeds of the evening were for the benefit of the Junior Artisans base ball team and we understand that they came out about \$15.00 ahead. Little Miss Phillips, the six year old candidate for Rose Festival Queen was introduced and votes were sold by her friends. The proceedings closed about midnight.

There will be a Grand Patriotic basket picnic in Columbia Park on Sunday, June 3, under the auspices of all the fraternal societies of the city to which all are invited. The picnic will be in honor of Head Consul I. I. Boak of the W. O. W., who is also President of the Fraternal Congress, and he will be the main speaker. There will be ball games, drills by the different teams and patriotic speeches and songs. The park will be opened at noon and the balance of the day will be spent in festivities. The Junior Artisan band will furnish the music.

Archer Place.

Harry Green, the barber at Archer Place, took a trip to Tillamook over the week-end. He reports a most delightful time, but came home with a strained back caused by a fall.

Gus Schmidt, the Archer Place meat man made a special trip to Portland last week to collect some bills. His experiences are affording much amusement to his friends.

Bellrose-Gilbert.

A spelling contest was held on Friday evening, the 13th, at the Gilbert school house, four districts competing. District No. 45 won. At the conclusion of the contest the Parent-Teacher Association served refreshments. The proceeds are to be devoted to the further improvement of the school grounds. Over \$100 is now in the treasury of the association for this purpose.

Residents of this community learned with surprise of the marriage on Thursday, the 17th inst., of Mrs. Jennie Westfall to Mr. Cephas D. Sanders, of 6209 89th St. S. E. Mrs. Westfall has been a resident of this vicinity for the past 14 years, and is universally loved and respected. We understand that Mr. Sanders is worthy of the bride he has won, which is saying very much indeed for him. May the light of love continue to brighten throughout their coming years.

Happy Valley.

A little sunshine would be appreciated these cloudy days.

The members of the Evangelical Church are sorry to hear that their pastor for the past three years, Rev. T. R. Hornschuch, has been removed to another field by the annual conference.

Joseph Becker returned home Friday, the 18th inst., from Lake County, Oregon, where he has been staying for nearly eight months, holding down a 320-acre homestead. He will take up his position again at Katzky Bros., where he has been employed for several years.

Arthur Deardorff arrived home from the Vancouver barracks on Saturday, having been relieved from duty because of being a married man and owner of a farm. The neighbors welcome his home coming.

W. L. Kesterson, who has been laid up for a couple of weeks as the result of an injury received while working in a logging camp down the river, has so far recovered as to be able to return to his work.

Mrs. G. W. Sager left last Friday for Kellogg, Ore., where she was summoned by the serious illness of her sister, Mrs. C. F. Kesterson.

We stand for good roads and so does every other good citizen, but this does not signify that we are in favor of the proposed \$6,000,000 road bond issue to be submitted to the citizens of this state on June 4. On the contrary, we are opposed to any proposition that will add to the burden of the taxpayer or any class of taxpayer at this time.

The government will in all probability need all the men available in the prosecution of the war without building public roads. The farmer can get his product to the railroad all right and the railroad can get the produce to the seaboard, so the problem will be up to the government to get the stuff off the cars onto the ships and furnish the ships. Another point, if the war should last three years, as predicted, the government will need all the machinery and equipment that is now being used to turn out pleasure cars to make munitions and trucks for carrying men and supplies to the front. People will no doubt be required to forego the use of pleasure cars altogether as the gasoline and much of the material used in the construction of these cars will necessarily have to be diverted to other use.

Let us not add anything to our burdens at this time that is not absolutely necessary.
